Appointed Caretaker.

Sunnyside, May 25.—Not for a number of years has the prospect for a good crop been better at so early a date as the present. B. Lancaster, Cataraqui, has a ploughing bee to-day. Samuel Rees has been appointed caretaker of the Jewish cemetery and will improve the place. Archibald Harpell has purchased a new top buggy. John Haffner, Kingston, has had a substantial fence built in front of his house here. Albert Aylesworth had his black carriage horse injured in a wire fence. Word has been received from Bryard Abrams and Proctor McIver, who recently left here for the west. Both have secured employment. We welcome William Smith and family, who have come to reside and oversee the farming operations on James Rowley's farm. More residents of this place would have attended the celebration in the city had it not been for the rain. The many friends of William Robinson, of the city, are sorry to hear of his demire. Miss Leaney, school teacher, rides a new wheel. J. B. Cooke, city, made us a short visit on the 24th. IN MEMORIAM.

The Late Mrs. Mahlon Knapp

Christiana Walker was born in Scotland, September 9th, 1808. When four years of age she was brought to Canada by her parents. Her father, who was a ship carpenter, labored awhile in Quebec, then removed to Kingston and afterwards settled in the township of that name. Her parents were rigid Presbyterians of the old type, staunch and true. When Christiana was seventeen years of age she attended special services held by the Methodists at Glenburnie, and the word, in the demonstration of the spirit and power, laid hold of her intellect, her heart and her conscience. Deep conviction led to earnest entreaty for mercy, to the complete renunciation of sin, and to an unreserved dedication of herself to God. The consecrating spirit wrought a thorough and abiding work of grace in her heart. At once without hesitation she united with the Methodist church, although in doing so she had to sever very tender ties, but she proved the truth of the Saviour's words: "Every one that hath forsaken houses, or brethren, or sisters, or father, or mother, * * * for My name's sake, shall receive an hundredfold, and shall inherit everlasting life."

In 1830 she married Mahlon Knapp, of the township of Kingston, and from the first her home was the resting place of Methodist ministers, and many a religious service was held in it, even including quarterly conferences.

God gave them, in all, eight children, four of whom are now living.

An intense hungering and thirsting for righteousness led to a ripening christian experience which increasingly enriched her life. Her testimony to the experience of the deep things of God was clear and convincing; her daily walk was close with God, and her example a convincing proof that she followed no cunningly devised fable. As might be expected she loved the church and its services and very much enjoyed the privilege of christian fellowship. Three years ago she attended public worship for the last time. Then God said: "Rest awhile and patiently await My coming." This she did amidst the increasing infirmities of age till the weary wheels of life stood still, and she was not, for God took her.

"There's nothing terrible in death;
'Tis but to cast our robes away,
And sleep an night without a breath
To break repose till dawn or day."

Her death took place on Oct. 17th, 1897, in the ninetieth year of her age, after being seventy-two years a member of the Methodist church.

HAVANA MUST BE TAKEN.

A Strong Blow to be at Once Struck—Combined Land And Sea Attack.

Washington, May 27.—Havana is to be taken at once by a combined land and sea attack. This I understand was the most important conclusion reached at the war conference at the White house yesterday.

At this conference, one of the most important held since war was declared, the entire situation was discussed, and it was decided that the time had arrived for striking a crushing blow to Spanish rule in Cuba. For many reasons, chief among them being the unhealthiness of Cuba at this time of the year, it was determined that the blow should be struck with all the power of which the army and navy are capable. To carry out the present plans a few more days' delay at the beginning will be necessary, but the campaign will be shortened in the end. There is to be no sending down of a small advance guard of regulars to capture a base of supplies, under the guns of the fleet, as had at first been contemplated.

ASKED WHAT IT MEANS.

Germany And France Angered At Hawaii Being an American Base of Supplies.

Washington, May 27.—Grave foreign complications may grow out of the action of the Hawaiian government in allowing the United States to make Honolulu a base of supplies and naval operations in the Pacific. I am informed on the highest authority that two European governments, France and Germany, through their consular representatives at Honolulu, have taken action which is construed to indicate their displeasure at the course of Hawaii. They have now enquired of the Hawaiian government what its attitude would be during the war. What reply, if any, the Hawaiian government made to this enquiry is not yet known it Washington. It is known, however, that the government of the islands will not maintain neutrality, but will allow the United States to use its territory and the harbor at Honolulu as freely as if they were a part of the United States.

Thinking The Matter Over.

Seeley's Bay, May 26.—A flag staff fifty-one feet high has been placed on the roof of W. J. Berry's blacksmith shop. Dr. G. Berry, Westport, visited friends here last Sunday. Mr. Anglin, Battersea, gave an excellent discourse in the Methodist church last Sunday; a large congregation was present. The members of the Select Knights have received notice to pay up back assessments, the order having gone into liquidation. As the amounts in some cases are quite large, the members are thinking the matter over before deciding to pay up. The Sons of Temperance picnic held at Jones' Falls on the 24th inst. was well attended and a pleasant time was spent. Lyndhurst, Athensville and Seeley's Bay divisions were well represented. Rev. G. Snell, on his wedding tour, is visiting friends in this vicinity. Rev. T. Brown is improving in general health and his eyesight is fast being restored. Robert Gallagher, Watertown, N.Y., has been visiting at William Gilbert's the past few days. The 24th passed off very quietly. In the morning, while some men were firing off anvils, a couple of small boys got hold of some powder and carelessly set it off with a match, burning their faces severely, but luckily their eyes were only slightly injured. A. Leadbeater is building a new kitchen and woodhouse.

Destroyed By Fire.

Oso Station, May 25.—A number went to Kingston to attend the celebration. There has been a good deal of rain lately and the growth is first-class as a result. The house of Mr. Jones, about five miles from here, was destroyed by fire last week. Miss Wilson, Lanark, visiting her sister, Mrs. S. C. Bourk, has returned home. Mrs. Bourk visited at Carleton Place and Lanark last week. Mrs. Dr. Kilborn and Miss Abbie Kilborn are spending a few days in Kingston. Dr. Kilborn attended the district meeting in Kingston last week in connection with the Methodist church. Mr. Anglin, custom house, Kingston, conducted service in the Methodist church here last Sunday.

Consumption

Not One Person in a Thousand Recognizes This Malady in Its Inception.

The great majority never feel alarm until a hacking appears. *Consumption* does a great deal of deadly work by means of a cough. Still there is hope, even when a cough has set in, if prompt measures are taken. These consist in toning up the digestive system, so as to enable the stomach to assimilate special nourishment, such as cream, raw meat extracts, and cod-liver oil. To soothe and heal the inflamed air passages and stop the cough, no remedy surpasses

Shiloh's Consumption Cure...

a medicine which has been on the American market nearly fifty years. SHILOH'S CURE has also tonic properties, it strengthens and firms the weak mucus membranes. Taken in connection with special nourishment, hygienic living, and clothing in pure wool, the sufferer from incipient consumption has every hope for a complete recovery. Every day, every hour is precious; you cannot too soon begin the work of repair. Give SHILOH'S CURE a faithful trial, and if it does not help you, return the bottle and get your money back. You could not have a fairer trial.

Messrs. S. C. Wells & Co., Le Roy, N. Y.:
