PIRES OF HEART DISEASE. She Never Gained Consciousness - Had Made Arrangements To Return To Boston Yesterday - A Runaway In Which No Une Was Injured-Returned From Their Visits.

NAPANEE, May 31 .- The many friends

of Victoria Huffman were shocked yester-

day afternoon when the news of her sud

den death was circulated. The death oc-

curred at the residence of her brother-inlaw, Edward Kaylor, Morven. Miss Huffman was in her usual health on Sanday, and attended church at Morven in the evening. She retired soon after returnand about ten o'clock a moan heard in her room. friends went in to see what was the trouble and found her unconscious. After vainly trying to rouse her Drs. Grant and Simpson, Napance, were sent for but their skill was also of no avail. She never regained consciousness, passing away in the afternoon. She was in Napance on Friday and completed arrangements to return yesterday to Boston, where she was employed as a trained nurse. She returned from Boston a couple of months ago to recuperate her health which had not been the best for a time, and had improved to such a degree that she considered hersel entirely recovered. The doctors pronoun ced the immediate cause of death heart trouble. Deceased was in her twentyeighth year and was a bright and attractive young lady. Three eisters, two living in Morven and one in Dakota, and three brothers in the north west are left to mourn. The funeral takes place at Morven on Wednesday at two o'clock. ceased was the youngest daughter of the late Williard Huffman, Ernestown, and

a cousin of Harvey Warner, Napance.

One of the most successful runaway

that has occurred in a long time took place yesterday. As E. McLaughlin, dominion express agent, was returning from the noon train, his spirited little animal was coming along at its usual pace, and when opposite Alexander Grange's residence he turned off on a rough piece of road to lot a bicyclist pass on the smooth road and in turning on again it swerved quickly, tipping him and the seat out, which had been in place but not bolted, quicker than it takes to tell it. The horsegot going and made a record trip down John street and over the hill at C. A. Graham's shop it went, the rig on two wheels, turned on to Water street and again at Carscallan's shop and was heading back for the barn, when J. F. Smith made a gal land capture of the animal. It was found that nothing whatever was broken, but when Mr. McLaughlin turned up be looked as if he had been in a Corbott Fitzsimmon's encounter and got the worst of it. His sudden encounter with mother earth had caused several bruises on his face from which blood flowed, but here again nothing serious can be recorded. He has already had several good offers of a trade for "Fire fly," but be says he has no objection to owning a horse that wouldn's run away when it got a chance like that of yesterday and can do it so successfully too.

Mrs. J. H. Good and children returned yesterday from a vieit with friends in Mount Forest. John Carr arrived home vesterday after three or four weeks spent in Duluth and other western towns. Joseph Powley was shaking hands yesterday with his many friends in town.
