Blanco is endeavoring armored cruiser is a distinct apartment.

> it has little effect. WASHINGTON, June 11.—The transports and the ship's cook. chartered to take troops to Santiago de Cuba, which everybody supposed were well on their way to that place, are still at Tampa. The fleet of naval vessels detailed to convoy the transports are out hunting for a mysterious squadron, supposed to be Spanish, said to have been seen off the northern coast of Cuba. Meanwhile the Santiago expedition waits and will continue to wait until next Monday at least before making a second start. The fear of abtack from the vessels reported off the

northern Cuban coast has caused the delay. To guard against the chance of interference with the unprotected troopships the convey force will be materially strengthen instead of including only one armored craft, the battleship Indiana, it will have three. The battleship Iowa and another armor clad, probably the cruiser Brooklyn, are on their way from Santiago to Tampa. The authorities of both the navy and war departments do not expect to hear anything more about the phantom ships of the enemy. When the scon vessels, which are now out, return they NOTICE TO CREDITORS. | will probably bring news, accounting to with E. Milite and Alexander R Milne, waters. If such vessels are attempting to doing business as Milne & Milne, of get into Havana or any place on the northern coast they will find their way blocked by monitore, cruisere, gunboate revenue cutters and a number of armed

auxiliary vessels. Orders have been sent to Major Gen. Merritt to hasten the preparations for embarking the second expedition to the Philippines. The war department has claims with me, with proofs and particulars attended the equipment of troops at San steward, a cook and a servant to look after cades Bingay, of Nova Scotia.

> The first detachment of troops, consisting about 2,500 men, the latest reports in regard to which came from Honolulu, should reach Manila not much later than June 15th. The recond detachment will probably consist of from 6,000 to 7,000 men, moetly volunteers, except the 18th and 23rd regiments of nfantry. If this detachment should leave San Francisco within the next day or two, going by the first. class transport ships, China, Colon Zealan. dia and other vessels of their efficiency and epeed, the landing would, under favorable circumstances, be made at Manila soon after July let and the national annivereary on the 4th of the month would probably find the Philippine islands in the vicinity of Manila occupied by a force of United States troops amounting to nearly 10,000 men.

OFF SANTIAGO DE CUBA, via Kingeton, Ja., June 10-A sharp lookout is maintained by the blockading equadron in guarding against night torpedo attacks, and it has already led to firing by the American ships upon each other, on at least two eccasions. During the last week the battleship Texas fired upon the fortunately bad aim of the gunners of the Texas saved them.

Preparing three meals a day for from admit. Nowhere else in the world will you find such a job done with less fuss and feathers, with more economy of time and materials or to such good advantage in the matter of results as on an American

THE SAILORS' MESS. Our blue inckets do their own cooking.

by the cooks of the different messes aft square miles.

It is about the busiest place aboard ship. Such is the system, however, that the cooking goes on smoothly, and the meals are

always ready on time. The food for all on board, the admiral both parties. and the newest apprentice, is propared in the same galley, and, despite the fact that as many as 20 cooks are crowded in the for a line of steamers to Manchester, Sir small place at the same time, friction is Richard Cartwright stated the service beslight and the work is expedited in a gan on July 1st. Facilities for the hand! marvelous manner. This is due to the fact that discipline and system prevail here as elsewhere on board a naval vessel.

The ship's cook is the arbiter of all disputes, and as he is generally a man of diplomacy he has little trouble in preserv. ing order. His position is one of importance, and the emoluments are consider-

Most of the cooks on American men-ofwar are shipped as landsmen, but many of mitting. them carn the wages of chief petty officers. The pay of a landsman is only \$16 a practising on a tandem wheel for the b month, but there are cooks for chief petty officers' messes in the navy who receive from the men belonging to the messes e much as \$50 a month for their services. The messes may pay their cooks whatever they choose, but the lowest sum paid man-of-war mess cook for his services is \$15 a month.

It should be noted that the mess cooks themselves do none of the dishwashing. offered by Capt. E. F. Wurtele for the or Monday. Every mess cook has at least one striker, best rifle shot at the Royal military colwhom he pays out of his extra salary for | lege. It was won by sergeant cadet Peters, doing the dishwashing and other scullion son of Lieus, Col. Peters, D.O C., British work, and some of them have three or four | Columbia, with a score of ninety-one at

table. The marines, firemen, petty officers and sailors are messed in their re-

spective parts of the berth deck. The cooks are called by the corporal of the guard 30 minutes before reveille in the morning to give them ample time to prepare the great pots, or rather pails, of coffee which are given out, hot and steaming, directly after hammocks are stowed. Coffee is made by drawing boiling water into pails containing the ground berry. Condensed milk and sugar are added to suit the taste of the cook himself.

At 7 o'clock mess gear is piped, and the tables, swung from the carline beams dur ing the night, are lowered. A striker ar ranges the benches and sets the table Each sailor is furnished with a porcelair
