When the husband or son joins a Court in a Society because it takes up one or two nights a month, but when they are bereaved of their helpmeet and receive the Insurance so long worked and planned for by the loved one who has been called hence, opinion changes quickly. There are no stronger friends of the Canadian Order of Foresters than the 3.500 widows and orphans who have been kept from possible want and poverty by the Insurance and Sick Benefit moneys paid by the Society. This is not a charity, the money is fairly earned, and not the least part of the consideration is the self-sacrificing work of the Brethren who attend lodge and conduct the business of the society without fee or price for their services.
