A TORONTONIAN OF 85 YEARS WHO CAN STILL HANDLE A BUCKSAW.

To find a man of 85 sawing and splitting wood without any trouble would surprise most of us to whom such vigorous. exercise is - to say the least-distasteful, but to hear the circumstances under which it took place but increases the wonder. "Our representative visited Mr. John Clyne, 1744 Sackville st., City, a sufferer from kidney trouble for the past 10 years,

having undergone two operations during that time. Mr. Clyne was for some 30" years engaged in the express and cartage business for such well-known firms as Swan Bros., Hugh Miller, J.P., Wm. Rennie, for 50 years, is well known. Mrs. Clyne was interviewed at their residence and his urine almost black with sediment and he was expecting to have another operation such as he had before. The pain in his back was at times very severe and kept him from doing any work. Mr. Clyne got a box of Doan's Kidney Pills at J. R Lee's drug store and was relieved from the trouble or burning sensation, and to-day you would say that although 85 years old, he has taken on a new lease of life.' Mrs. Clyne then took our reporter to the yard, and to his surprise found Mr. C. sawing wood for over Sunday. He emphatically endorsed every word Mrs. Clyne had said.
