## SMITH'S FALLS RAILWAY

BE GRANTED.

Conduct of the Promoters-Some Favor the Road, Others Say That Eingston Will Be Better off Without It. The Kingston & Smith's Falls railway

company asks the dominion governmen this session to extend, by two years, the time in which the construction of their eight years since the taxpayers of Kingsso passed, and the road had not been built The directors find that they cannot com plete the road within the limit allowed the last extension, and they have applic to the government to again extend the

This request is not viewed favorably by Our \$1.00 Gloves are the best that the directors have been very tenderly dealt with, and that they should now be stand the consequences of failure to do

In order to lay before its readers the and worthy of consideration, the WHIG of aldermen and business men on the sub-

Thomas Hanley, G.T.R. agent, was asked: "Do you favor granting an extension of time to the directors of the road ?" And he answered : "I do." "Why do you take this ground, Mr. Hanley ?" was the next question.

"Well, in all public questions, the city's nterests form the first consideration. you build a house within the city limits you benefit the city to a certain extent, for the money expended in building goes into circulation. The cry of 'hard times' Roughly speaking, it will cost about \$20, 000 a mile to build and equip it. means \$2,000,000 put into circulation, and Kingston must get a portion of the cum spent on the line between here and Ottawa. So, while the road may not pay, we must "The directors' scheme is a very feasible

with the odds against you when one, as I understand it. They place the you buy a cheap bicycle, because money received in bonuses, etc., in the hands of the government. Then they issue bonds which government guarantees for HIGH GRADE Wheel like the twenty years. It is for the purpose floating these bonds that Mr. Drummond AT is in England now. "The question of whether or not

district to be tapped by the line is rich enough in forests and minerals to make it profitable to ship them to the United States remains to be answered." Ald. Curtis when asked if he favored granting an extension of time to the pro-000 to the K. & P. and we are told the road has been of great benefit to the city. HARDY & CO'S, 123 Princess Street | We voted \$75,000 to build a six mile road (to Harrowsmith) and why should we not blame seems wish to see the road you mention built, especially as it will run through a district this mysterious Mr. Drummond? Has he where there is no other railway, as yet? the interest of the city at heart, or is he a His appetite is unimpaired and it is ex-Of course \$150,000 is a large sum of money and payment of it will ruise the taxes, but is claimed that railroads are of very

> great benefit and why should not the promoters be given the opportunity they ask Mayor Elliott anid he would rather excused from expressing an opinion untiafter the special committee named by the council shall have met the representatives the company and have been given such information as the promoters have to "But," said he, emphatically, shall oppose the request, unless we are given full information. We will want to know exactly what the company proposes o do. We will want to know how murt money has been pent, and how. We will require information as to whether or not the road will be operated by the company, or will be turned over to some other And we will want to know, positively, whether or not Kingston will

whether or not we will be sufficiently bened the application, as the promoters have An immense trade in carpets, oil cloths, Ated to warrant us supporting the undertaking. My position with regard to the line. We can't hurt ourselves by favoring apring. que-tion will be determined by the information elicited at the meeting of the committees to which I have referred. "Would you oppose a proposal, on the part of the company, after the road has been built, to turn it over to some other company to operate ?" was raked. "Not if the corporation taking hold of it were strong wough to ensure successful management. I would not oppose the G.

T.R. or the C.P.R. taking it over, for the fact that it was in such hands would show that there was power behind it." George Richardson was naked if he avored granting extension of time for con-He replied that he did and further he desired to see the road built When asked to state his reasons he re-

"The construction of this road wil give the city a chance to do business with Ottawa that is not now enjoyed. Local merchants cannot do business with Ottawa without paying double railroad tolls. they take the nor hern route they must pay tribute to the Kingston & Pembroke and Canadian Pacific railways.
