be free from that greasiness and "richness" so distressing to dyspeptics; the flavor will be delicious instead of rancid, and your food will do you good. Put it in a cold pan, heating it with the pan. Cottolene reaches the cooking point much quicker than lard-care should therefore be taken not to overheat it. Follow these instructions-you will never use lard again. Genuine Cottolene Las trade-marks-"Cottolene" and steer's head in cotton-plant wreath-on every tin.
