LANARK, June 3 .- For the last week or

so two evangelists, named Andrew Paul

and Mr. Randall, have been holding meetings here. It seems that Andrew Paul had been in the habit of going to bathe early in the morning in the Clyde, in Affleck's planing mill yard. He left the place where he and Mr. Randall had been sleeping about two o'clock this morning, and not having returned at o'clock Mr. Randall became alarmed and went to look for him. He acquainted David Mair with the circumstances. Paul's clothes were found on the river bank by Harry, son of Mr. Affleck. The body was soon afterwards found by David Mair, lying in about eight or ten feet of water. Paul was about thirty years of age and leaves a widow and three or four children, the youngest being an infant a few months old. Mrs. Paul was here with her baby visiting her husband, yesterday, and left for home near Innisville in the township of Drummond

late last night. Mrs. Pollock, of Almonte, was the guest Miss Ida Caldwell, last week. The funeral of R. Purdy, formerly of this village, but lately of Winnipeg, will take place on Friday. Hollinger's drive is passing through the village. Preparations are being made to build the new drain. The woollen mill is running overtime at present. Norman Stuart has secured the position of assistant printer in the Era office. R.R. Drysdale is making improvements on his outbuildings. The plank walks are being repaired at present. Wm. Craig had his house re-painted last

ITS FAME SPREADING.

A New Remedy in General Use in Manitobs And The Northwest.

WINNIPEG, June 1. - The effects of th egular wave of sickness which sweeps over this portion of the dominion in the spring are noticeable in the increasing amount of druggists' sales. There has been quite a run on the kidney remedy now so well known under the name of Dodd's Kidney Pills. The recovery from Bright's disease of Arthur Coley, of Somerset, through their use, an account of which appeared in the papers, gave a considerable impetus to the sale, and the remedy has become indispensable in many Manitoba households, its fame having penetrated into the remotest parts of the province and North West Territories.

LETTERS TO THE EDITOR.

Done Too Much Already. MALIORYTOWN, June 1 .- (To the Editor) Sir Charles Tupper reminds me of the man I read about in the States. A few years ago he was speaking to a crowd, telling what he had done for his country, how he had climbed mountains and ledges with bleeding feet, and done many other things. A man in the crowd spoke out and said, "Y ou have done enough for your country. I think I shall vote for the other man. I think that about Tupper; we should all vote for the other may. I am an old man now, but would like to live till after

the 23rd of June. - W.H. Honesty vs. Deception. Colebrook, June 1 .- (To the Editor): chanced to be present at a political meeting last Thursday evening, convened in the interests of G. W. Dawson, the liberal candidate, in the Orange hall at Petworth. Mr. Dawson had kindly invited J. W. Bell or his representative to be present to take part in the public discussion of matters that interest and affect the people, granting ample time for honest argument. But to evidence the cowardice of Dawson's opponents, the worshipful master of that lodge aided by a few of his followers, tried to call down on equal time Mr. Dawson, an unprecedented act indeed. Mr. Dawson gave way to such caprice, not fearing in the least the consequences, simply reserving fifteen minutes to himself to reply. It was well he did so in order to refute many unfounded statements made by Mr. Bell's agent, J. Edwards. Professional politicians are hard driven when they have to resort to private, personal matters, not concerning the country at state, in order to make capital by representations which could not be sustained, thus injuring their already doomed cause. The mode of reasoning pursued by Mr. Edwards was in keeping with a specific statement to be found in Mr. Bell's address to the electors of Addington, "I shall, as I always have done, oppose any extravagance, corruption, or wrong doing" etc. Mr. Bell represent ed the riding from 1886 to 1890, inclusive, in the commons. Does Mr. Bell consider the electors of Addington as uninformed on the proceedings of the house of commons as the forest trees of Rykert's governmental deal ? If so he is not likely to deceive the intelligent community of this electoral division, who are well informed respecting the gross boodling that

It is the voice of the people recognizing the fact that Burdock Blood Bitters cures all diseases of the Stomach, Liver, Bowels and Blood. Mr. T. G. Ludlow, 334 Colborne Street, Brantford, Ont., says: During seven years prior to 1886, my wife was sick all the time with violent headaches. Her head was so hot that it felt like burning up. She was weak, run down, and so feeble that she could hardly do anything, and so nervous that the least noise startled her. Night or day she could not rest and life was a misery to her. I tried all kinds of medicines and treatment for her but she steadily grew worse until I bought six bottles of Burdock. Blood Bitters from C. Stork & Son, of Brampton, Ont., for which I paid \$5.00, and it was the best investment I ever made in my life. Mrs. Ludlow took four out of the six bottlesthere was no need of the other two, for those four bottles made her a strong, healthy woman, and removed every ailment from which she had suffered, and she enjoyed the most vigorous health. That five dollars saved me lots of money in medicine and attendance thereafter, and better than that it made home comfort to me.
