boundary between the tailor-made man and the ready-made man is obsolete. There are no longer carriage folk and street car people. All the old kings are dead. Long live the king! His name is "King Bicy-J. E. Atkinson, of the Toronto Globe, cle," and the world is divided into two in the city to report the Tupper meet. | classes—the class which rides a bicycle and the class which does not. With its intro-W. Y. Shannon, of the Picton branch of duction considered a luxury, the bicycle the Merchants' bank, is in the city on a has how become a necessity in modern life, especially in the larger cities. As a poor Miss Watt, Montreal, is in the city on a man's vehicle, both of pleasure and busithough the full extent to which its use W. J. Kerr, Renfrew, and Miss Olive may be carried is a matter of development Tinkis, Greenbush, was married on Wed the present furnishes innumerable examples which are as varied as they are important. A trip down Michigan boulevard, at St. Mark's picnic, June 10th. Tea and | when men are going to and from business, glance through a residential district during New Warwick bicycles for tall men at J. an afternoon, or a glimpse of the parks on a Sunday, will show the various uses of Vans will leave Wade's corner for St. the wheel in full swing. To the society women and mon, the bicycle is purely a means of pleasure and recreation, and their Frederick Parker, of New York, and M. riding is confined to the parks and the J. Haney, of Watertown, N.Y., are guests | boulevards. The middle class of citizens puts the wheel to a variety of uses. The man rides to and from business; the wife goes to market in the morning, makes informal calls in the afternoon, while of an evening or on a Sunday, both man and wife take a boulevard spin with the baby perched business purposes. On the main boule-C. W. Fairbanks, Indianapolis, Ind., is vards, during morning and evening, and race in earnest, with no handicaps, how a wheel can help a man earn his liv- and doubtless numberless good finishes. Frank Mayo, the well-known actor, ing. Collectors, real estate agents, letter F. J. P. day, while the mechanic and artisan uses Band music all afternoon and ice cream his bike to take himself and the tools of his carried on bicycles: Carpenter's tools,

ful beyond anticipation. There are 250,000 wheels in use in the numbers which a little figuring gives to sell a customer what is not asked for. A. Bryant, in business on Barrie street, straight line it would extend from Chicago Diamond Dyes. In order to insure continued to the continued of the continue They include not merely the price of wheels in wheels alone, exclusive of suits and Frontenac conservatives met in the sundries, would make an interesting Miller's Compound Iron Pills, and before I had finished two boxes I was completely one-half of the wheels in the city, acshipping their supply of fruit to the United | dent a large sum of money is still owing to States. Last season four hundred car the dealers by the public, and is being draw small portions of it at a time, torealizable assets. But whether or not the paying for it. Repair shops and the at hood of Cainsville, were drowned in the locksmith and bell-hanger of the olden Chicago can boast of over fifty bicycle silently, they came from all directions, heavy, none; light, 23s 6d; short cuts heavy, the mind of man like an open book, telling in progress. Lincoln park being reached, sent. What the Derby is to English horse-

men, so is decoration day road race to Chi cult course in a frantic attempt to win the glory of being first in the race, first in time, and first in the hearts of their clubmates. As is usual in road races it was the unexpected and unknown rider who track. The task was accomplished at length, however, and traffic was resumed Horse Nelson rode will not be displayed under the sign, "Road race won on our wheel," in any of the show windows of the big down town bicycle stores. Contrary

foretelling the proverbial decoration day

The popularity of Columbia Bicycles in the United States was strikingly shown in a recent guessing contest instituted by The New York Journal, in which choice of ANY of TEN makes of bicycles was offered to the ten winners. No influence of any kind was exerted—yet all of them chose
