Walter Beaant on Critics.

Walter Besant, in discussing the subject of critics and criticism in The Author, says: "My own theory on the general subject of reviewing -- a theory which I do not expect to be universally accepted as yet -- is this: The work of a critic never ought to be intrusted to the first novice that is recommended to the editor. If an aspiring critic is as yet unproved by pub lished work, he should furnish some proof to the editor of culture, reading, knowledge of standards, knowledge of the works of writers, living as well as dead, and of special qualifications and special knowl-Lord Kimberly has had a great deal of | edge, if he has any."
