U.S.S. GRAND OLD MAN

THE AUTHOR OF THE "AUTOCRAT OF THE BREAKFAST TABLE"

Oliver Wendell Holmes, the Only Survivor of a Notable Group—The 85th Anniversary of the Great Poet's Birth—His Work and How He Composed

On the 29th day of August each year Dr. Oliver Wendell Holmes celebrates the anniversary of his birth in his summer home at Beverly Farm, Mass. He was born August 29, 1809. While there is no public expression on his own part in these latter days of his life, it is not to be supposed that he has forgotten either by his many personal friends who send their congratulations of love, or by the world of admirers who have continued themselves a loving family to keep him in affectionate remembrance. Wherever he is, upon that day he will be "home" to those who love and honor him. To those who have the privilege of being with him and of seeing his daily habits upon his table and letters from friends at a distance or from strangers, there will be an opportunity given of securing one more of his mental photographs.

A New Shortening

If you have a sewing machine, a clothes wringer or a carpet sweeper (all new inventions of modern times), it's proof that you can see the usefulness of new things.

Cottolene

Is a new shortening, and every housekeeper who is interested in the health and comfort of her family should give it a trial. It's a vegetable product and far superior to anything else for shortening and frying purposes. Physicians and Cooking Experts say it is destined to be adopted in every kitchen in the land. This is to suggest that you put it in yours now. It's both new and good. Sold in 3 and 5 pound pails, by all grocers.
