TALK Is Not Cheap

When done in Printer's Ink, we confine ourselves to plain statement of facts. We are making an exhibit at the Midland Central fair-the largest we have ever made. The display will be varied: Perfumes, Toilet Articles, Pharmaceutical Preparations, etc., but we write this ad to call special attention to Hobart's Proprietary Articles, which will form the largest and most important part of our exhibit.

We need use no boastful adjectives regarding the goods we sell or make. Our reputation is well established. The best that skill and money can produce is our standard. When at the fair do. not fail to call at our exhibit. Samples of some of our specialties will be given free. We will also give free a cup of delicious coffee made from the celebrated extract, Lyman's Fluid Coffee,
