LARGE CLOAK BUSINESS.

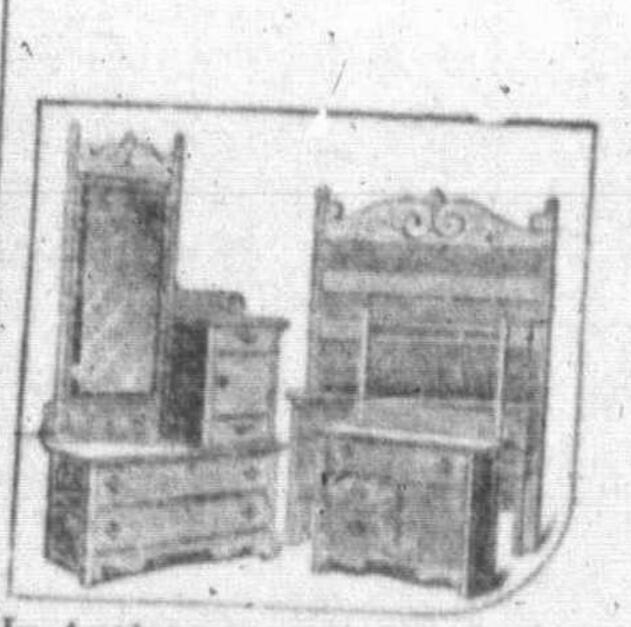

From half the towns and villages of Ontario we've already had visitors to our

Mantle and Cloak Department.

This season promises to be the greatest in our history. For many weeks we've been making preparations for a big business, and to day we'offer a "Large Stock" at smaller prices than we've everbefore been able to do. We've collected the brightest and best over garments from half-a-dozen capitals of Europe, and our efforts have been wonderfully appreciated by a largely increased number of visitors. Our Mantle Department has reached the "Topgallant of Renown," and if we are not already doing it, we hope before long to dothe largest mantle business in this district.
