BRITAIN'S ULTIMATUM

Demands Indemnity for the Outrage to the Chung-King.

JAPS ATTACK PORT ARTHUR

Japan Demands the Founding of a Buffer State Between China and Corea as One of the Conditions of Peace —France Will Not Initiate Negotiations.

LONDON, Nov. 7.—The St. James Gazette prints a despatch from Tien-Tsin saying that Great Britain has sent an ultimatum to the Viceroy of Pe-Chi-Li demanding the payment of indemnity for the seizure and forcible removal from the British steamer Chung-King some months ago of a number of Japanese who were aboard the vessel. The ultimatum also amends that Li-Hung Chang be dismissed and degraded, and that the Chung-King be saluted with 21 guns from the forts at Taku. Should a settlement of the affair not be effected within a week the ultimatum declares that the British fleet in Chinese waters will make reprisals upon Chinese vessels.

A despatch from Shanghai to the Central News says that all the foreigners residing in Port Arthur have arrived at Chee Foo. An attack is now being made on Port Arthur by the Japanese torpedo boats, and it is expected that Talien-Wah will be attacked during the day.

The Exchange Telegraph Company is authorized to deny the statement of Reuters Telegraph Company, printed in the St. James Gazette, that the British Government had sent an ultimatum to the Viceroy of Pe-Chi-Li, demanding a settlement of the Chun-King affair. No ultimatum, the Exchange Telegraph Company says, is required as the Chinese government has tendered an apology for the outrage and has agreed to pay the indemnity demanded and that the Chun King shall be saluted by the forts.

The Foreign Office, in response to inquiries confirms the report that the Chinese government has requested the powers having immediate commercial interests at stake to intervene for the purpose of securing a settlement of the war with Japan.

M. Hanotaux, Minister of Foreign Affairs, gave the Chinese Minister an audience yesterday. It is understood that he told the Minister France could not initiate the peace negotiations with Japan for China, but would co-operate with the other powers in favor of peace.

It is understood that one of the Japanese conditions of peace will be the founding of a buffer state between China and Corea.

The Standard says: "Such a mark of vigor in the Pekin government as the supercession of Li Hung Chang has been too little noticed. He was the most unscrupulous Viceroy of the whole band respecting squeezes. He seems at last to be getting found out. The helpless state of the army and navy was mainly due to him and his double, Sheng.

WASHINGTON, Nov. 7.—Secretary Gresham has received the following cablegram from Minister Denby at Pekin: "Japanese have taken Foo Chow on the Gulf of Eian-Tong; approaching Shanghai Kwan; two campaigns against Moukden and Tien-Tsin.

State department officials are somewhat puzzled by the despatch.

WILL RESIST THE FRENCH.

She Will Not Have Her Own Way in Madagascar—Sir Charles Dilke's View.

LONDON, Nov. 7.—A private despatch from Madagascar received in London states that the Hova government intends to make a most stubborn resistance to any attempt by France to enforce her demands.

PARIS, Nov. 7.—The Matin publishes an article by Sir Charles Dilke on the relations between Great Britain and France, in which the writer asserts that the difficulty existing between the two nations with regard to Newfoundland, faces England rather than France, but has not at present reached an acute stage. Sir Charles expresses regret over the warlike attitude assumed by the French government toward Madagascar, which, he says, will work injury to the most valuable experiment ever made in native government by a Christian population under the auspices of French, English and American teachers. France, Sir Charles believes, could have obtained by pacific means all to which she was entitled.

The Figaro says that the first credit asked from the government for the prosecution of the Madagascar expedition will be 78,000,000 francs.

A Port St. Louis despatch gives advices from Tamatave of the 3rd inst., saying that M. Le Myre de Vilers, the French special commissioner to Madagascar, accompanied by all the French representatives, arrived there on November 2. The French warship Hugon, the despatch also says, is cruising along the coast of Madagascar, picking up refugees. The British residents will remain on the island, the Hova government having promised them protection.

Charged With Extortion.

PARIS, Nov. 7.—The Press of this city reports that an inquiry is about to be begun in the case of two journalists, who are charged with attempting to extort money from the wife of Captain Albert Dreyfus, who is confined in the military prison on a charge of high treason in having sold to agents of the Italian government information regarding the plans of the French frontier fortifications.

The Grand Trunk Inquiry.

LONDON, Nov. 7.—The Pall Mall Gazette says: The Grand Trunk board intends to restrict the inquiry into its accounts on the ground that it is unfair to allow the disclosures of the amounts which other railroads owe the Grand Trunk. The market believes this to be a trick of Sir Henry Tyler to shelve any independent inquiry.

Rioting in Austria.

VIENNA, Nov. 7.—The inhabitants of Huozt resisted the enforcement of the order that cholera victims be buried in a separate cemetery. In the subsequent riot the gendarmes fired into the mob, killing four and wounding twenty more. Many rioters were arrested.

Raiatea Natives Revolt.

SYDNEY, N.S., Nov. 7.—The natives of Raiatea, one of the Society Islands, have persistently opposed the French since the occupation of the group. The situation has become serious and the governor has applied to France for five warships and 3,000 men to subdue the rebels. The Raiateans are well armed and determined.

Ratified the French Treaty.

PARIS, Nov. 7.—The Customs Committee of the Chamber of Deputies yesterday voted to sanction the commercial agreement between France and Canada.

Lost in a Hurricane.

HALIFAX, Nov. 7.—Monday night about midnight a hurricane struck this coast and raged with great violence for the remainder of the night. The shooner, Annie M. Pride, is reported a total wreck at Bear Cove, 16 miles from this city, and all her crew of four men drowned. She was bound to Halifax from Mabon with lime and is completely ground up on rocks.

PRESTON, Nov. 7.—Another fire visited this town yesterday, and in less than one hour the large building occupied by Moorehouse & Snell, awning manufacturers, near the business centre, was destroyed. The cause of the fire has not yet been ascertained. The contents were insured for $400.

A Duel With Bare Knuckles.

AKRON, O., Nov. 7.—John Brownell and Harry Deros, both claiming the hand of Miss Jennie Graves, settled the matter by fighting with bare knuckles last night. The girl and many friends witnessed the fight, which lasted five rounds and was brutal. Brownell won the battle.

Dr. W H Lambert, Colston, was married, on Oct. 24th, to Miss Eva Gordon of Grand Valley.

K. D. C., the quick reliever of indigestion.

OBSEQUIES OF THE DEAD CZAR.

The Programme Arranged for Conveying the Body to St. Petersburg.

LONDON, Nov. 7.—The correspondent of the Pall Mall Gazette in Livadia telegraphs that the following programme has been arranged for the obsequies of the dead Czar:

On Wednesday the body will be transferred from the palace to the church at Livadia. At 8 o'clock to-morrow morning services will be held in the church, at which all the members of the Imperial family and all representatives of foreign royalties will be present in full dress. At 10 o'clock the funeral procession will start for the Yalta pier.

The body will be followed by the Czar and Czarina and the Prince of Wales. The remains will be conveyed to Sebastopol on board the Russian cruiser Pamiat Merkoovia, escorted by a few warships. It is expected that the remains will reach Sebastopol at 4 o'clock in the afternoon, when divine services will be held at the landing place.

The train bearing the dead Emperor will start from Sebastopol at six o'clock. The first car will contain the body of the Czar, attended by priests and members of the Imperial household; the second will be occupied by the Czar and Czarina and the Prince and Princess of Wales, and two others which will complete the train by their suites and the chief officers attached to the Imperial household. The funeral train will proceed slowly, stopping at Simferopol, Kharkoff, Kursk and Orel, at which points requiem services will be held and the people will be permitted to view the body. The train is timed to arrive at Moscow on Sunday morning. The entire Imperial party will sleep on Sunday night at the Kremlin, where preparations have been made for the accommodation of 1,000 persons. On Monday the train will leave for St. Petersburg, arriving at the capitol at 10 o'clock on Tuesday morning.

VIENNA, Nov. 7.—Dr. Lewakowski, the Polish deputy, who tried in the lower house to criticise the reign of Alexander III., has received numerous congratulations from Galicia. Most of the senders are workingmen, students and women. The most influential Polish newspapers condemn his conduct. Dr. Wekerle, Hungarian premier, refrained from proposing a resolution of condolence in the Reichstag, as he feared the protests of the national independence party.

LONDON, Nov. 7.—The Odessa correspondent of the Times says: "The sudden departure of three infantry regiments for Sebastopol on the 4th, and 2,000 more soldiers on the 5th has given origin to many reports, and is much commented upon in military circles. It is understood that they are to be employed in guarding part of the railway line between Sebastopol and St. Petersburg, over which the body of Alexander will pass.

ATTEMPT TO WRECK A TRAIN.

A Grand Trunk Express Narrowly Escapes a Terrible Catastrophe.

WINDSOR, Nov 7.—It has just leaked out that a desperate attempt was made on Sunday night to wreck the Grand Trunk Express train due to arrive in Windsor at 10 o'clock. No less than three detectives are now working on the case, and through the discovery of an important clue the chances are that the guilty parties will soon be under arrest.

A freight train was ahead and the engineer had orders to run into the siding at Belle River and let the Express pass by; when, about two miles from that place, he thought he saw something on the track. He immediately whistled for brakes, but before he came to a stop his engine jumped over a railroad tie.

When the engineer and train hands made an investigation they found several ties and rails had been piled across the track a few yards ahead of the one they struck. The engine did not leave the track, and after the obstructions had been removed the train proceeded to Belle River. Fifteen minutes later the express train came thundering along and struck something which was sent flying to one side. This train was stopped also at Belle River, and it was then ascertained that after the crew on the freight train had removed the pile of ties that another had been placed on the track. This showed that the parties who did the work were in the vicinity, and that their intention was to wreck the express.

The officials are unable to understand why the attempt should have been made. They are inclined to the belief that spite work is at the bottom of it and not robbery. Had the express run into the obstruction there would have been a horrible railroad wreck, as the train would have been thrown down the embankment.

The Brown Alimony Case.

MONTREAL, Nov. 7.—The civil suit between Mrs. Andrew White Brown and her husband and father-in-law, Lyman Brown, of New York, was before Mr. Justice Pagneulo in the Practice Court yesterday. Mrs. Brown seeks to have her father-in-law condemned to pay her alimentary allowance and pending the final decision of the Courts she seeks to have an interim allowance of $150 per month ordered. The defence to the petition for interim allowance was that a petition of this nature was governed by the laws of the state of New York, where Mr. and Mrs. Brown had contracted marriages. Mr. Lyman Brown's counsel also filed a declinatory exception to the action, and made a motion that Mrs. Brown be ordered to furnish security costs. The Court ruled all points in favor of Mrs. Brown yesterday. It was a general principal of law that where a foreigner was served within the province, the courts had full jurisdiction. Mrs. Brown is now domiciled in Montreal, and therefore need not find security for costs. The defendants were given eight days to file their answers to the petition for provisional alimony.

An Absconder's Wife Wants Divorce.

BUFFALO, N.Y., Nov. 7.—Mrs. Olive Myers has brought suit for divorce against her husband, whom she alleges insisted upon running after other women until his expenses exceeded his income, when he stole money from his employers and skipped to Canada. Mrs. Myers asks for a decree of absolute divorce and the custody of the child. Mrs. Myers received a letter from her husband six weeks ago. It was dated Ottawa, Canada. In it he said he would never return to Buffalo, and that he intended to go to the far western part of Canada or to some foreign country to reside.

Counterfeiters in Essex County.

WINDSOR, Nov. 7.—For several months past counterfeit coin has been circulating in Essex county, and word to that effect was sent to Ottawa. The result was that Detective Heron of the secret service came to Windsor last Friday. He had a consultation with Magistrate Bartlett, and the following day he and Detective Campau went to Amherstburg. They got a clue there and have been quietly working in that vicinity ever since. Two officers have arrested Michael Hayes at his home in Anderson, and he will be brought to Windsor. Other arrests, it is said, will follow.

Montreal Police Inquiry.

MONTREAL, Nov. 7.—The investigation into the workings of the Montreal Police and Detective force was continued last night. Chief Detective Cullen was again on the stand and his examination by the prosecution was concluded. No evidence of importance was elicited. The witness was then taken in hand by Mr. McMaster, Q.C., for the defence who by a clever cross-examination completely riddled the prosecution and showed that the Montreal force was not as bad as had been painted and that considering the numbers it was as efficient as most places.

Mrs. Hartley Protests.

TORONTO, Nov. 7.—The legal adviser of Mrs. Maria Hartley, the woman who recently attained to notoriety at Brantford in connection with a case where she was accused of murdering her husband, has notified Mr. J. H. Moore, of the Muses, that his client has objections to the exhibition of a wax figure imitation of herself. Legal proceedings, says the lawyer, will be taken if the Muses places the figure in the chamber of horrors or continues to advertise the attraction.

UNCLE SAM'S ELECTIONS

Returns Indicate a Victory for the Republican Party.

MORTON WINS IN NEW YORK

Strong, the Republican Candidate in the City for Mayor, is Elected—Congressman Wilson's Election Uncertain—Some of the Returns.

NEW YORK, Nov. 7.—Returns received from all parts of the country indicate that the Republicans will control the House of Representatives in the 54th Congress by a working majority. The congressional representation from this state will stand Republicans 30, Democrats 5. The Republicans have carried this state for governor by about 100,000, and have carried New York, Brooklyn and Buffalo cities for the important municipal offices.

CHICAGO, Nov. 7.—It is reasonably certain that the Republican State ticket is elected by a big majority; that the Republicans have elected a majority of the Cook county commissioners and that they will have a majority in the State Assembly. The last claim made by the Republican State Central Committee was that the State is Republican by 70,000 plurality.

LEVI P. MORTON.

TRENTON, N.J., Nov. 7.—Returns at hand indicate the election of sufficient Republicans to give the legislature to them by a majority of 23 on a joint ballot, which insures the election of a Republican successor to Senator McPherson.

MEMPHIS, Tenn., Nov. 7.—The complexion of the official rooster of Tennessee is not changed by the election.

MILWAUKEE, Nov. 7.—The Republicans of Wisconsin have carried the State by over 15,000 plurality for Governor Upham and their State ticket.

RICHMOND, Va., Nov. 7.—The returns received from all parts of the state indicate that the Democrats have carried every district. Congressman Wilson is thought to be defeated, but the result is in doubt.

BALTIMORE, Md., Nov. 7.—Maryland's solid Democratic front has been broken, and the Republicans have made unprecedented gains in every direction.

DETROIT, Mich., Nov. 7.—The Republicans have elected Rich for Governor and the entire state ticket by a plurality of from 25,000 to 40,000, ten out of 12 congressmen and more than two-thirds of the legislature, insuring the election of two Republican senators.

OMAHA, Neb., Nov. 7.—The indications point to the election of Majors, Rep., as Governor by a small majority.

GALVESTON, Tex., Nov. 7.—Partial returns from various parts of this state show a reduced democratic majority.

SAN FRANCISCO, Cal., Nov. 7.—Chairman Gould, of the Democratic State Committee, claims the election of Budd (Dem.) for governor and possibly five of the seven congressmen.

LEXINGTON, Ky., Nov. 7.—From returns received the Republicans claim the election of three Republican congressmen in Kentucky.

JACKSON, Miss., Nov. 7.—Despatches from all over the State indicate the election of the Democratic candidates for congress in every district by large majorities.

NEW HAVEN, Conn., Nov. 7.—It is certain that the Republicans have carried the state on the state ticket by from 5,000 to 10,000.

PHILADELPHIA, Pa., Nov. 7.—Incomplete returns show a net Republican gain over 1892 of 80,921.

CONCORD, N. H., Nov. 7.—The returns all show Republican gains.

SEATTLE, Wash., Nov. 7.—The indications are that the Republican state ticket is elected by 5,000 plurality.

TOPEKA, Kas., Nov. 7.—Returns indicate the election of Morrill for governor and the entire Republican state ticket.

NEW YORK, Nov. 7.—North Dakota returns indicate the election of F. M. Kinter (Dem.) for governor over Roger Allin (Rep. and Prohibitionist) and E. D. Wallace (Pop.)

PIERRE, S. D., Nov. 7.—The Republican plurality is 15,000 in South Dakota.

INDIANAPOLIS, Ind., Nov. 7.—The chairman of the Republican state committee claims Indiana by 20,000.

MONTGOMERY, Ala., Nov. 7.—Five Democrats are positively elected to congress, two districts are in serious doubt and two Populists probably elected.

DENVER, Col., Nov. 7.—Chairman Howbert claims the entire Republican ticket is elected by 18,000 majority.

ATLANTA, Nov. 7.—Georgia elects a solid Democratic ticket. Speaker Crisp has been re-elected.

WASHINGTON, Nov. 7.—Unusual interest in the returns was manifested in Washington great crowds gathering around the United Press office in the Washington Post building where the results were displayed and in all the club rooms and places of public resorts where bulletins were received. The demonstrations of enthusiasm were remarkable considering the fact that all the news was unfavorable to the party in power. On the streets every bulletin indicating democratic defeat provoked prolonged cheering and in front of the post building where a crowd of 5,000 assembled, the applause was almost continuous after 3 o'clock. Morton's victory and Tammany's downfall in New York seemed to be particularly pleasing to the people. At the White House Secretaries Gresham, Carlisle, Smith, Morton and Herbert listened to the bulletins received by Private Secretary Thurbe, and occasionally a telephone message was sent to President Cleveland who had gone out to his country home at 5 o'clock.

Panic in a Female Seminary.

FORT WAYNE, Ind., Nov. 7.—There was a panic yesterday at Westminster Female Seminary. During the breakfast hour, while the dining room was filled with students, a terrific explosion occurred directly beneath the building. The building shook and a report like thunder filled the air. The girls rushed pell mell into the streets and flames burst out in all directions. The fire department was summoned and the janitor rushed into the basement. Three girls were found there enveloped in flames. Their shrieks of agony were horrible. The fire in the building smothered out as quickly as it came. The victims of the explosion were hurried to St. Joseph hospital. Two girls are probably fatally burned. One of the girls lighted a match in the closet, which was filled with gas, and an explosion resulted. Natural gas pipes lead in to a heater near the seminary and filled the closet with combustible fluid.

A Young Pug in Court.

NEW YORK, Nov. 7.—Young Griffo, the young prize-fighter, was in Jefferson Market Police court looking very much as if he had been in a ten-round contest. He was arrested on Twenty-sixth street on the complaint of a woman, she accused Griffo of insulting and assaulting her on the street. Griffo said the woman robbed him of $14 in a saloon where they had gone to get a drink. The woman did not put in an appearance, and Griffo was discharged.

Yale Must Use Sport in Full.

COLLINGWOOD, Nov. 7.—Collingwood went to considerable expense in sending delegates to the Deep Waterways Convention and her citizens are anxious that no emasculation takes place in the coming report. The convention was pregnant with valuable information and suggestions, and we want the report in full, and think we are entitled to it after our trouble and expense at Toronto's suggestion.

INCIDENTS OF THE DAY.

Newsy Paragraphs Picked Up By Our Reporters In Their Rambles.

NOTHING adds so much to the interest of a paper as brief items on all sorts of matters. It is the mission of a news gatherer to get them off in readable form and this is concisely given below. The WHIG introduced this style of paragraphing almost twenty years ago and it has always been a feature.

Breaking the Agreement.

One by one the hotel keepers are breaking the agreement to charge for the use of their yards, and it is likely that at the next meeting of the local branch of the license holders' association a new arrangement will be made. If it is decided to return to the old system of granting the use of the hotel yards free one hotel keeper will give bay without charge to those who patronize him. He contends that by doing this he will not lose anything and will punish those who signed the contract to charge for the yards and did not keep faith with the hotelmen.

NOTES FROM OTTAWA

Inspector O'Leary's Long Trip After the Absconder Neale.

THE MANITOBA SCHOOL CASE

An Appeal to the Privy Council to Be Made By the Catholic Minority. Who is Acting Minister of Justice in the Absence of the Premier.

OTTAWA, Nov. 7.—Inspector Dan O'Leary, of the Dominion police force, has returned from Regina, to where he accompanied Neale, the absconder, who got seven years in the Stoney Mountain penitentiary. Since O'Leary left Ottawa on September 20 he travelled 10,000 miles.

Mr. Macfarlane, chief analyst of the Department of Inland Revenue, is engaged in making an analysis of a number of samples of the Ottawa River water taken at various points between the Duschenes Rapids and Montreal, with a special view to ascertaining what effect the throwing of sawdust into the river at the Chaudier Falls has had on the water below that point.

The mortal remains of the late P. M. Duffy were laid at rest in Notre Dame cemetery yesterday. A large number attended. The members of Court Capitol, Catholic Foresters, turned out in a body, the ranks being increased by large delegations from sister courts in the city. The funeral cortege was very lengthy and a service was held in St. Bridget's church.

It has been decided by Sir Charles H. Tupper to hold an examination at Toronto of applicants for the position of inspector of hulls and equipment of boats, to fill the vacancy made by the death of the late Captain Harbottle.

Some time ago a Montreal paper printed a despatch from Ottawa saying that Hon. Mr. Haggart had been appointed acting Minister of Justice during Sir John Thompson's absence, as Mr. Haggart did not wish the management of the department to be in Mr. Ouimet's hands during the prosecution of St. Louis, in connection with the Curran bridge affair. The despatch added that Hon. Mr. Ouimet usually had charge during the Premier's absence. The correspondent of the Montreal Gazette indignantly repudiates this, and says that Solicitor-General Curran is in charge. The fact of the matter is that no acting minister has been appointed and will not be. The duties of the solicitor-general have never been defined by order-in-council, so that he practically has no duties.

C. F. Wade, counsel for the government of Manitoba, has sent a brief to England in connection with the Manitoba school case. An appeal to the Privy Council, or rather an application for leave to appeal, could be made by either the Ottawa Government here or the Catholic minority. The Department of Justice knows nothing, however, of any appeal, but are expecting such action on the part of the minority.

A YOUNG MAN'S DEATH.

He Was Regretted By Many Friends—A Liquor Dealer Fined.

NAPANEE, Nov. 7.—Perry Schryver, son of the late John M. Schryver, died Monday night, at the residence of his brother, J. W. Schryver, aged eighteen years and eleven months. Deceased contracted a cold last spring while playing ball, which settled on his lungs, and terminated in consumption. He was a member of the Western Methodist church and the Y.P.A. He was in the employ of Hinch & Co for five years and his fellow clerks sent a handsome floral wreath. The funeral takes place to-morrow to the vault.

John Thompson, of the Hub hotel, was fined $80 and costs, on Monday last, for selling liquor during prohibited hours. This being a third offence it acts as a forfeiture of his license, and disqualifies him from holding a license for two years. W. E. Bayard, the popular agent for the Singer manufacturing company, is leaving, on Monday next, as a general agent for the company. Mr. Bayard made many friends while in town.

The assizes opened on Monday before Justice Ferguson. The sheriff presented him with the emblematic white kids. Ryan vs. Barrett, an action to recover a balance due upon a mortgage, was settled out of court, defendant consenting to a verdict for plaintiff for $300 and full costs. Little vs. McGurn, an action for malicious prosecution and slander, is going on. The defendant laid an information against Little, charging him with having stolen a colt. The case came up before the police magistrate at Belleville and was dismissed. The defendant also warned people not to trade for the colt or buy it, as Little had stolen it.

A Gananoque Man Mad- His Escape From The Police Station.

Quite a lot of excitement was caused about the police station last night when Archibald Wall, Gananoque, in a drunken state, tried to demolish the station house. He had been acting disorderly in front of Wade's drug store and was trotted over by Officer Ballantyne. The officer received a call at this time, very important and merely took time to lock the prisoner up behind the first door. Ballantyne then rushed off in a hack and Wall commenced destroying things in general. He took a huge stick of wood and pounded in the door. Wall soon knocked panels out of the outer door and walked out on the square. He proceeded up Princess street as far as J. C. Hardy's store, when citizens pointed him out to Officer Small. Wall struck the officer in the face when he tried to arrest him. Small retaliated and there was a rough and tumble scrap for awhile. Small finally got his prisoner down to the cells. Wall is a stone mason. Charges of being disorderly on the street, malicious injury to property and assaulting Officer Small will be preferred.

In the meantime the plaintiff died, and it is now proposed to revive the case in the names of A. H. Houghton and Joseph H. Seneca, administrators.

Listening To The Telegrams.

The British American hotel last night presented a busy scene as the results of the United States elections were being received there. Yankee citizens in Kingston remained most of the night. Col. Twitchell, United States consul and L. B. Spencer were among the auditors. The election is a regular landslide for the republicans, similar to the Cleveland election in 1892. To all honest men, most satisfactory was the complete overthrow of the corrupt city government of New York city. The mayoralty was contested by Hugh J. Grant, Tammany, and William Strong, anti-Tammany. Strong's plurality will reach 70,000. In the state Levi P. Morton, republican, is elected by about 130,000 defeating Senator Hill, democrat. The constitutional amendments were all adopted and the legislature is safely republican with a positive increase of republican congressmen in the state. Democratic delegations in the states of New Jersey and Connecticut have been changed to republican, much to the satisfaction of L. B. Spencer, a republican at heart whose home is in Connecticut.
