TAXING THE BACHELORS.

Ald. W. Robinson has given notice of a by-law having regard to the taxing of bachelors. He has an idea that if so many young men, and others who are not so young, want to enjoy single blessedness they should pay something for it. And he is not alone in this opinion. The Hamilton young liberals have been debating the subject, and they have favored the placing of a tax of $100 each per annum upon all bachelors. The discussion was very interesting. In its course it was denied that matrimony drove men to crime and lunacy; on the contrary it was held "that the greater porportion of criminals were bachelors who might have remained respectable members of society had they known the loving and refining influences of a wife." Just before the vote was reached a newspaper man (they are all bright and progressive) summed up the situation in this wise:

"Now a tax like this in force would tend to spur on these inconsiderate young men who seem to forget that coal is $7 a ton and coal oil and gas cost money, and that to supply a cheap place for them to loaf away two nights of the week will soon run up $100. If a young man put in as much time in a hotel or any other place of entertainment for the same number of evenings he would spend considerable money. It is unjust to the father who has to support his girls and educate them to have these fellows go on, year after year, and never take the girl off the old man's hands."

The motion to impose the tax was, of course, carried. The object of it was to encourage marriage, and, therefore, it differs somewhat from the motion which Ald. Robinson has under way. He desires to encourage matrimony, but he desires, also, to add to the revenue of the city, not of the dominion. He is, therefore, a protectionist and a high tariff man in a new sense, and his proposed tax is a radical, if not an unique, under-[illegible]

The voice of the majority in parliament may, when the final division is reached, be an endorsation of the budget speech, which lays down the policy of the government on the tariff question. The government, as the president of the young conservatives of Toronto declared, does the thinking for the party, and it has decided that the time has not come for a change in Canada's fiscal policy. It does not appear that news of the general depression and fearful exodus of the people has reached Ottawa, and the ministers fail to understand what the farmers and artisans and merchants are grumbling about. According to the statistics which some blooming official on large salary is able to work out the country is prospering and everybody is happy; unfortunately that is not outside opinion. The "Shareholder" is not a political newspaper, but an organ of public opinion upon commercial matters, and what it says is without party bias. It has something to say on Mr. Foster's effort. Here it is:

"The budget speech is not calculated to increase the admiration of the Canadian people for the national policy, the government in their fondness for the Canadian manufacturer being apparently blinded to the fact that the manufacturers of Canada, instead of being the people, the whole people and nothing but the people, are only a comparatively small portion of it. The excrescence to which the national policy has furnished nourishment are gathered round it, and unless removed will destroy it. The budget speech is a disappointment and a failure, for the mouldering branches will continue to disfigure the national policy."

Talk of this kind may, in due season, induce the government to look over its barricade of statistics and see things as they really are. The jaunt about the country next summer, the outing which some members of the cabinet have promised themselves, may lead to revelations, and these to the effect that the national policy must go, instead of further being built up. Those who are really seeking the light will find it.

EDITORIAL COMMENTS.

Dr. Ryerson, of Toronto, remarked that "the odor of the grits makes me tired," and the "Globe" advises that it would be unfair to send him to the legislature, for it was crowded with grits, hence "the odor" must be very strong in that chamber. And why should any constituency ask a man to "tire" himself in this way?

The common schools in Germany, where education is compulsory and free, begin at seven in summer, at eight in winter and go on till eleven, with half-an-hour interval for breakfast. They begin again at one and go on till four, while the scholars have home work which takes them two or three hours in the evening. Only strong children can stand the strain of these long hours, and it is proposed now to give more time for play.

* * *

Dr. Ryerson, the conservative candidate in Toronto, has a choice election card. His portrait is on one side, his pedigree on the other. Hon. John Dryden said that he kept pedigree cattle, but he never purchased an animal simply because of his pedigree. It was true Dr. Ryerson's ancestry was good. Mr. Dryden remembered, as a young man, listening to Rev. Dr. Ryerson, a great pillar of the Methodist church, but did his nephew follow in his footsteps? No, that church was not good enough for him, he had strayed from the path his ancestors had trodden.

The severity of the strain put upon the conservative party by the refusal of the Thompson ministry to abate the cruel burdens of the N.P. has received a fresh illustration in a resolution adopted by the conservative club of Winnipeg at a recent meeting. It reads:

"That while giving the dominion government our loyal and enthusiastic support, yet this association will hail with delight such a reduction in the tariff as would tend to lighten the burden upon the farmers and residents of this country, and also introduce stringent legislation to dissolve combines and trusts, declaring them illegal."

BROKEN PROMISES.

Sir Richard Cartwright Proves That the National Policy is a Huge Fraud.

In his great speech in the budget debate Sir Richard Cartwright said:

"We have had fourteen years' experience of making ourselves collectively richer by increasing the tariff, and what have been the results of the tariff? That there has been a widespread feeling that the whole national policy has been from first to last one egregious fraud. All Canada over men are recalling promises made on the introduction of protection fourteen years ago.

"Let us take up the long list of broken pledges by which these gentlemen first induced the country to adopt the national policy in 1878. We were told that if these hon. gentlemen were given control of the destinies of Canada they would stop the exodus, provide a home market for everything the farmers could raise, restore the balance of trade, enrich the people, increase the value of lands and of farm products, fill the north-west from end to end with a teeming population, and obtain for us reciprocity with the United States. Sir, the bare recital is enough. All those pledges and promises may well match Sir Charles Tupper's famous declaration that in a few years—it is now ten years ago—we would be exporting 640,000,000 bushels of wheat from Manitoba, and with the $58,000,000 revenue from the north-west lands pay for the Canadian Pacific railway. Sir, I am prepared to prove that, so far from stopping the exodus, it was, during the last ten years, double the average exodus from 1871 to 1881, and that it was just exactly thrice as much as the exodus in Mr. Mackenzie's time.

"Our census returns prove that we have lost 440,000 of our native born population, and the hon. gentleman's own statistics, unless they were a sham and a fraud, prove that the exodus of foreign born persons from Canada was 720,000 more, or a dead loss to Canada of 1,167,000, being at the rate of 116,000 per year on an average for the last ten years, as compared with an extreme number of 40,000 a year in Mr. Mackenzie's time of both those classes. These hon. gentlemen declared that if they were given control they would provide a home market for everything the farmers raised and villages would become towns, towns cities, and cities—well I think they were to become metropolis. I do not think hon. gentlemen dare prate of their home market to-day. They were to restore the balance of trade yet since 1878 the gross adverse balance of trade is about $408,000,000, or an average of more than $20,000,000 a year. That is the way they have fulfilled the promise."

Westport Whisperings.

Feb. 21.—Perth and Bedford stages did not get out on Monday. The Brockville and Westport train did not get from the station. The Brockville stages started but did not get through. William Wing attempted to cross the lake coming home on Sunday night and got lost. He was on the lake from 7:30 p.m. until one in the morning. Roads blocked up in all directions. Miss Burns, Clear Lake, was the guest of Mrs. O'Donnell.—Last week Miss Nellie Martin went on a visit to her aunt, Mrs. Forrester.—Miss Eliza Kennedy, Phillipsville, is here on a visit to her sister, Mrs. Bulger.—John McCann, Bedford, ill with inflammation of the lungs, is recovering.—J. H. Whalan has started work again in his marble shop.—John Scanlan and wife, Saginaw, visiting his brother Terrance, returned home last week.—Miss Grant, Montreal, has been engaged as organist in St. Edward's church.

"Important Discovery."

TORONTO, Feb. 20.—Among the surprising strides made by medical science in the last decade perhaps none is of more importance to humanity than the discovery of a cure for Bright's disease of the kidneys. That this remedy completely masters this terrible disease as well as all the other diseases which the kidneys are subject is now an established fact. Everyday brings news of the most surprising cures resulting from its use. The case of Mrs. Brown, of Toronto, who, when about to enter the home of incurables, given up by the hospital authorities as well as by fifteen prominent medical men, also that of Sam Murray, of Gravenhurst, who was given up by four doctors and who was paid his life disability claims by the Grand Trunk railway, has attracted widespread attention. Both were completely cured by Dodd's kidney pills.

Verona Musings.

Feb. 21.—Sidney Walroth and wife are purposing to visit Kansas this week. We hope that their visit may not result in their permanently settling in Uncle Sam's domains, as Canada cannot afford to lose such citizens.—Mr. Asselstine still continues ill and is confined to his bed. The old gentleman is in his eighty-second year.—Nelson Drader was in Toronto attending the A. O. U. W. gathering.—Henry McMullen is laying in a good stock of wood for his lime-kiln next summer and he intends to do quite an extensive trade in lime burning.—The Orangemen expect a grand time at their soiree this week.—Isaac Campsall joined the Benedicts lately.—Another wedding this week and still another expected in two weeks. It would seem that bachelordom is not very desirable to the people either young and old.

A BUDGET FROM NORWOOD

THE VARIOUS ORGANIZATIONS AND OFFICERS IN CHARGE.

Ribs Broken While in the Woods—The Farmers' Institute to be Held in the Village—A Masonic Supper—A Carnival With Keen Races at Keene.

NORWOOD, Feb. 21.—It is with regret that we announce the death of Frank Metcalfe, of Wawoba, N.W.T. He was well known in this locality and his death is mourned by a large circle of friends. A largely attended meeting of the residents of East Asphodel was held last week, for the purpose of considering the idea of building a cheese factory. The project was received with the approval of all. The following officers were elected: Salesman and treasurer, W. Webster; secretary, A. A. Fife; board of directors, Jerry Murphy, H. Humphries, J. O'Shea, M. English and W. Comstock. Mr. Aggit was engaged as cheesemaker. The Baskin company have about 350 cords of cedar in the C.P.R. yards ready for shipping. James Donan, Hastings, had two ribs broken while working in the shanties for H. G. Buck. James McLachlan, C.P.R. baggageman, had the misfortune to cut one of the fingers of his left hand. Dr. Cochrane had to apply two stitches to the wounded member. Rev. S. VanTassel, Campbellford, occupied the pulpit of the Baptist church on Sunday evening last. The Norwood winter race takes place on Feb. 23rd and 24th. The East Peterboro farmers' institute will hold a meeting in the town hall, Norwood, on March 3rd. Addresses will be delivered by Hon. Chas. Drury, ex-minister of agriculture; C. C. James, M.A., Prof. Robertson, Wm. Yuill, and the local members of parliament. The East Peterboro reform association will meet in Metcalfe's block on Feb. 22nd. The reformers want to get thoroughly organized so as to be able to down the leaders of high tariff.

The masons gave a very enjoyable complimentary supper on Tuesday last. W. H. Stephenson presided. Addresses were delivered by Revs. Gibson, Carmichael and Buchanan; music was furnished by Miss Roxburgh, Mrs. Meikle and Mr. Cumming. The following are the officers of Norwood lodge, A.O.U.W.: M.W., Samuel Girven; F., Alex. J. Robertson, L.D.S.; G., Hugh Spence; O., Archibald R. Anderson; recorder, W. H. Breathen; financier, P. W. Reynolds; receiver, W. H. Tucker; I.W., G. Patterson; O.W., Paul Scott. Mrs. Finlay, Mrs. W. Nicoll, Mrs. Eaton, Mrs. W. E. Roxburgh and Miss May Pettigrew were the delegates from Norwood to the annual meeting of the Peterboro Presbyterian women's foreign missionary society held in Peterboro last week. Miss Sperry has been re-engaged as organist of the Methodist church.

Revs. Wm. Buchanan and James Carmichael attended the Presbyterian tea-meeting at Warsaw on Wednesday last. Rev. J. P. McEwen, Toronto, lectured in the Baptist church last week. His subject was "Missions." The carnival at Keene, on Wednesday last, was very successful. The principal attraction was the mile race between D. A. D. Fraser, Norwood; Johnston Paudash, Hiawatha, and J. McIntyre, Keene. The judges were very partial for McIntyre. The winner was McIntyre. Fraser intends challenging him for the championship of the county. We are sure Dave will win. Mrs. C. N. Callander is ill. Miss E. Pearce is visiting friends in Port Hope. Thomas Fraser is in Toronto on business.

Miss Bertha Wright, Peterboro, was in town last week. Rev. J. Lawrence, Alderville, was in town on Saturday. The Rev. Wm. Buchanan will preach the anniversary services of the Methodist church, Warkworth, next Sunday. J. M. Jory, Trinity medical college, was in town last week. Services in memory of the late Rev. D. F. Gee were held in the Methodist church, on Sunday. Rev. G. W. McCall and wife, Havelock, were in town last week. John Walker was the delegate to the A.O.U.W. meeting in Toronto.

Bath Bits.

BATH, Feb. 22.—Our local sports are enjoying the good ice and fine days in training their trotting stock. Dr. Kennedy's trotting horse "Goldie" was to have been entered in the Kingston races, but, while training last week had a severe fall, cutting himself in such a manner as will prevent him doing any further training this season. Business appears to be good in some lines here. Robert Mott, our enterprising harness-maker, is in Toronto this week buying his spring stock of goods. He expects to purchase a ton of harness leather. He will visit in this trip towns of Havelock and Tweed, where he holds branch industries. Mr. Mott now employs quite a staff of men, and expects during the coming season to launch out into deeper waters and open out a thoroughly equipped harness factory which will be erected during the summer. Our veterinary surgeon, Dr. W. M. Nicholls, has left us to take a practice in Kingston, where he will succeed Dr. W. Fleming whose failing health makes it necessary for him to seek a warmer climate.

Harrowsmith Happenings.

HARROWSMITH, Feb. 21.—D. Graves, of the Albion hotel, came near having a serious fire, but it was promptly subdued. A house occupied by Mr. Switzer, about half a mile east of Harrowsmith, had a very narrow escape, but by prompt action it was saved. The Rev. Mr. Cooper came to fill his appointment on Sabbath evening. As the attendance was small on account of the storm, he did not preach, but returned to Sydenham. Had he delayed it would have been impossible for him to get there, as the roads were quickly blocked with snow. John (son of Wm. Dowker) got his leg jammed by a log rolling on it. William Buck, who had his leg broken, is able to walk with crutches. Nathan Charlton's children are very sick. M. Sprole is suffering with ulcerated teeth. J. S. Gallagher has opened a stone quarry on one of his lots. D. Graves is making extensive improvements to his hotel stand. A quiet wedding at the Methodist parsonage to-day. A number of men of this village are shovelling the snow from the railroad.

Surprised.

Why? We keep on telling you, "day in and day out," that you need not be surprised, that it will surely cure promptly and permanently. Thos McDonald, 108 Winchester St., Toronto, writes: "It is with pleasure that I testify to the many virtues of St. Jacobs Oil. I used it for a sprained leg, which it effectually cured in a surprisingly short time. I shall always recommend it." It will always be recommended as it is the best.

Morven Matters.

MORVEN, Feb. 20.—The Methodist quarterly meeting, on Sabbath, was largely attended, considering the weather. Mrs. John Sharp is very ill. The stillness of Thursday evening was broken by the jingle of sleigh bells on their way to the residence of P. McGuin. It was a surprise farewell to the family before they move to Napanee. Some sixty of their friends and neighbors gathered. About eight o'clock lunch was served, then, after the rendering of a short programme, the company broke up. A number from here attended the meeting at Odessa, on Friday evening, of the Canadian Order of Chosen Friends, with a view to investing. The proposal to build a joint stock cheese factory, on Big Creek, is dead. We understand G. H. Robinson has sold his factory to Mr. Hinch, of Napanee.

In making railroad tunnels, and in sinking wells and pits in Arizona, Nevada and Utah, salt strata are often struck at various depths. Hundreds of fish, perfectly preserved, are found in blocks of this pure rock salt.

It is not generally known that an orange hit in the exact centre by a rifle ball will vanish. Such, however, is the fact. Shooting it through the centre scatters it in such infinitesimal pieces that it is at once lost in sight.

If sick headache is misery, what are Carter's Little Liver Pills if they will positively cure it? People who have used them speak frankly of their worth. They are small and easy to take.

Races At Arden.

ARDEN, Feb. 22.—The long-looked-for trotting match came off on Clear Lake, yesterday. There was a large crowd of people to see the sport. G. Bradley's Young Duke of Edinburgh won the first race, and Norman Scott's May won the colt race.

Mr. Bailie, printer, says he's one of the oldest inhabitants of the city, and affirms that this has been the severest winter he ever experienced. There were some cold days seventy-five years ago

Mr. Joseph Hemmerich

An old soldier, came out of the War greatly enfeebled by **Typhoid Fever**, and after being in various hospitals the doctors discharged him as incurable with **Consumption**. He has been in poor health since, until he began to take

Hood's Sarsaparilla

Immediately his cough grew looser, night sweats ceased, and he regained good general health. He cordially recommends Hood's Sarsaparilla, especially to comrades in the **G. A. R.**

HOOD'S PILLS cure Habitual Constipation by restoring peristaltic action of the alimentary canal.

EXECUTOR'S NOTICE.

PURSUANT to Section 36, Revised Statutes Ontario, 1887, Chapter 110, notice is hereby given that all creditors and others having claims against the estate of George M. Wilkinson, late of the city of Kingston, in the county of Frontenac, Esquire, who died on or about the 14th day of January, A.D. 1893, are requested on or before the 1st day of March, A.D. 1893, to send by post prepaid to the undersigned executor, their christian names, surnames, addresses and descriptions, the full particulars of their claims, statement of their accounts and the nature of the securities (if any) held by them. And that after the day last aforesaid the undersigned will proceed to distribute the assets of the said deceased among the parties thereto, regard being had only to the claims of which notice shall have been given as required, and the executor will not be liable for the said assets or any part thereof to any person or persons of whose claim or claims notice shall not have been received by him at the time of such distribution.

Dated at Kingston, this 7th day of February, A.D. 1893.

HENRY J. WILKINSON, Executor.

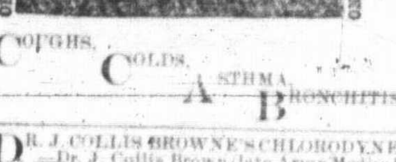
DR. J. COLLIS BROWNE'S



CHLORODYNE.

COUGHS, COLDS, ASTHMA, BRONCHITIS.

IS THE GREAT SPECIFIC FOR DIARRHŒA, DYSENTERY, CHOLERA.

DR. J. COLLIS BROWNE'S CHLORODYNE.—Dr. J. Collis Browne (late Army Medical Staff) DISCOVERED A REMEDY, to denote which he coined the word CHLORODYNE. Dr. Browne is the SOLE INVENTOR, and as the composition of Chlorodyne cannot possibly be discovered by analysis (organic substances defying elimination) and since the formula has never been published, it is evident that any statement to the effect that a compound is identical with Dr. Browne's Chlorodyne *must be false*. This caution is necessary, as many persons deceive purchasers by false representations.

DR. J. COLLIS BROWNE'S CHLORODYNE.—Vice Chancellor Sir W. Page Wood stated publicly in Court that Dr. J. Collis Browne was undoubtedly the inventor of Chlorodyne; the whole story of defendant Freeman was deliberately untrue, and he regretted to say it had been sworn to.—See *The Times*, July 13, 1864.

DR. J. COLLIS BROWNE'S CHLORODYNE is the true palliative in NEURALGIA, GOUT, CANCER, TOOTHACHE, RHEUMATISM.

GENERAL BOARD OF HEALTH, LONDON, report that it acts as a charm, one dose generally sufficient.

DR. GIBBON, Army Medical Staff, Calcutta, states: "Two doses completely cured me of diarrhœa."

DR. J. COLLIS BROWNE'S CHLORODYNE is a liquid medicine which assuages PAIN of EVERY KIND, affords a calm, refreshing sleep, WITHOUT HEADACHE, and invigorates the nervous system when exhausted.

DR. J. COLLIS BROWNE'S CHLORODYNE rapidly cuts short all attacks of EPILEPSY, SPASMS, COLIC, PALPITATION, HYSTERIA.

IMPORTANT CAUTION.—The Immense Sale of this Remedy has given rise to many Unscrupulous Imitations. Be careful to observe Trade Mark. Of all Chemists, 1s. 1½d., 2s. 9d. and 4s. 6d. SOLE MANUFACTURER, J. T. DAVENPORT, 33 Great Russell Street, London, W.C., England.
