NERVE NERVE BRANS are a new discovery that ourse the worst one of Nervens Debility, East BEANS Yigor and Failing Manboost; re-

Ten Years Later.

are little affairs-the hoops, not the girls-that only extend for a foot or so up from the bottom of the skirt. They are simply straws but significant ones. Lean women hall the coming again of the hoop skirt with no little satisfaction. It will supply what nature has denied them. With the plump women-and the average

to their liking, for there is no need to deny that the dress worn with a full hoop skirt is an ugliness that only long use can acc

almost an exact reproduction of that worn in Paris by the leaders of fashion durin the season of 1703. The same high waist they are now. The style of dressing the cars and fastened well up on the of the head with ribbons interwoven

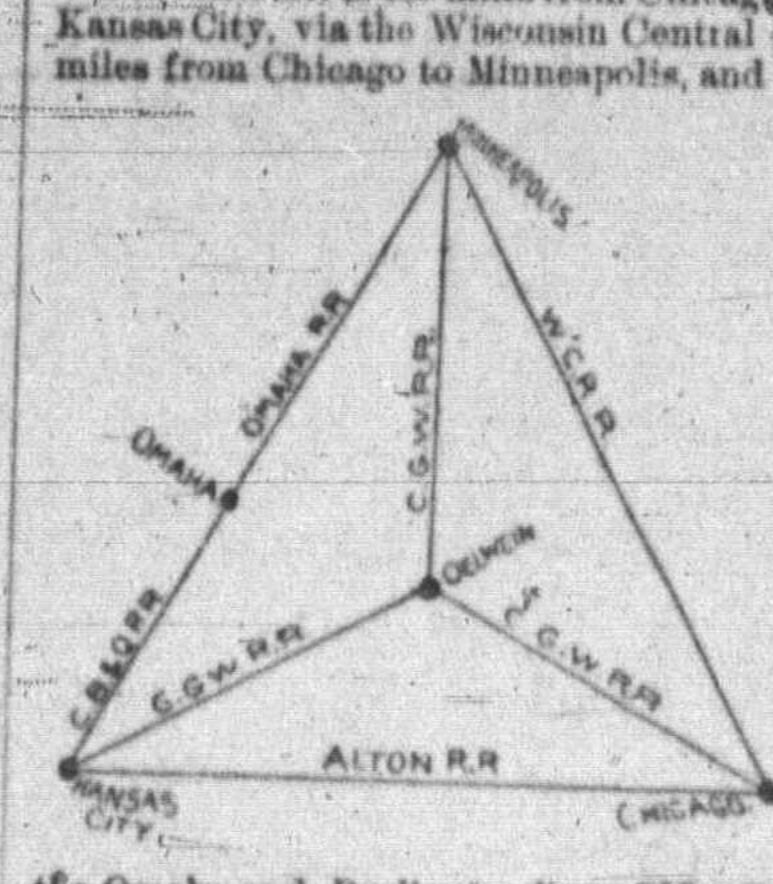

TRIS IS CORRECT IN 1893. The height of preposterousness in hoop skirts was reached in 1863. Then it was that a hoopskirt, five or six feet in diameter was by no means an unusual thing. It took lots of cloth to make dresses in those days. | W. Very large shawls were also worn and very ngly bonnets that came over the ears, while sunshades decreased in size to a re-

diculous smallness. - . It was the bustles that dethroned the turn dethroned the bustle. In 1873 hoop skirts and bustles were striving for the mastery. Both were worn for a while, but were gradually diminished until they fell away altogether.

The Chicago Great Western Doubles Each

Mille of Its Track, The Chicago Great Western object lesson as regards economical operation of its trains. It has only 776 miles of ferently between its terminal points. A
