An Apology to the Women of Canada.

There was the notion that a woman's life had broader out look than the embroidery frame, or the sentimental novel. It was hard to make the world believe that. There was the higher education. That was hard to obtain. There was the idea that a woman could vote as intelligently, upon a school board as a man. There was a bitter fight for the triumph of that idea. Woman has triumphed all along the line.

AN APOLOGY IS DUE THE WOMEN OF CANADA.

The proprietors of Melissa commenced with the men. The men, through the trade, made such constant demand for Melissa garments, to replace the archaic rubber coat, that manufacture and proofing was confined to them. The ladies of Canada said:-"Why can't we get Melissa wraps as the men can get Melissa coats?" That was decisive. The demand is answered. Every village, town and city in Canada, can now have its LADIES', CHILDREN'S AND MISSES' RAINPROOF WRAPS

It means an A. I. New York designer and cutter; an imported staff of trained assistants, all "men," and all efficient cloak makers. But it means, too, exquisite tailor made wraps, within a few steps of the home, wherever the home is, at less than the cost of imported goods. The latest designs; the most perfect fit; the style and smartness of the expensive New York wraps. There is beauty in them. They are purely Canadian. They are right at your door. They are superior

in the latest New York styles, without the New York expense.

to anything of European manufacture They express the best in taste and imagination that New York can produce. But the cost is a great

As simple wraps, they are "distingue." Proofed with Melissa, they are both elegant and comfortable, for they are a double protection against cold, and against rain. Either way they are now on the market. The Melissa proofed wraps cost but a trifle more than the ordinary cloth wrap. But be sure you get fletissa. Don't take, what some unscrupulous salesmen or traders will tell you is the same as Melissa. Or as good as Melissa. They are really only worthless imitations. You can always tell a genuine Melissa garment by the Trade Mark Label. Just look under the collar
