MEDICAL.

WHY!

WHEREFORE. The virtues of [illegible] a remedy, its cures do not [illegible] in the fact that it is better, in being more prompt and sure, and therefore the best for the specific purpose. It does not make [illegible] thus relieved the eye closes.

ST. JACOBS OIL.

THE GREAT REMEDY FOR PAIN, IS THE BEST.

It is the best cure for all aches and pains, and it holds

THE TRUE PROOF.

To this specific fact Archbishops, Bishops, Clergymen, Lawyers, Doctors, Governors, Generals, Senators, Members of Congress and Legislatures, U. S. Consuls, Army and Navy Officers Mayors and Officials, testify and unite in replies: "We [illegible] pain;

OTHER REMEDIES FAILED,

and St. Jacobs Oil cured promptly and permanently." [illegible]

THE POOR MAN

finds what he needs, and is not deceived and will [illegible]

CARTER'S LITTLE LIVER PILLS.

CURE

Sick Headache and relieves all the troubles inci-dent to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK

Headache, yet CARTER'S LITTLE LIVER PILLS are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

HEAD

Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head

ACHE

is the bane of so many lives that here is where we make our great boast. Our pills cure it while others do not.

CARTER'S LITTLE LIVER PILLS are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them. In vials at 25 cents; five for $1. Sold everywhere, or sent by mail.

CARTER MEDICINE CO., New York.

Small Pill. Small Dose. Small Price.

REMEMBER

is the latest triumph in pharmacy for the cure of all the symptoms indicating KIDNEY AND LIVER Complaint. If you are troubled with Costiveness, Dizziness, Sour Stomach,

ALL SORTS OF ITEMS.

LITTLE JOTTINGS OF INTEREST FROM MANY SOURCES.

Electricity — Peter's Fence — A Good Danish Law—700 Tons of Butter—The World's Fair—Oil on the Waves—The Behring Sea.

Tacoma is building an electric steamer.

Russians get drunk on watermelon juice.

Electric roads have displaced 30,000 horses.

Jarrah is the most nearly indestructible wood.

The woman chemist is getting more numerous.

Pepper production averages 23,000 tons a year.

Inauguration visitors left $2,500,000 in Washington.

Sixty-five million admission tickets will be ordered for the World's Fair.

Berlin has the widest train roof on the continent, that at Anhalt Station, which is 198 feet, 5 inches.

Notwithstanding modern improvements, it costs more per 1000 feet to manufacture lumber than it did 40 years ago.

The banana seeds only in one small spot on earth, the Andaman Islands. Everywhere else it must be raised from suckers.

A Canadian has invented a contrivance to do away with holding the telephone receiver to the ear while talking over the wire.

It is estimated that during the last five years the turpentine gatherers of Georgia have destroyed $200,000,000 worth of pine lumber.

In Denmark it is the law that all drunken persons shall be taken to their homes in carriages provided at the expense of the publican who sold them the last glass.

The bones of the whales that the German Kaiser slaughtered in the North Sea last summer are to be turned into furniture for the Norwegian boat-house at Potsdam.

A newspaper has just been started in London, which is printed on a postal card. The first number has four illustrations, a comic tragedy, a few jokes, and puzzles and some advertisements.

The list of steamships which have used oil to calm unusually heavy seas is growing larger every month. The oil is towed in stout bags, which exude it slowly and evenly as the vessel moves.

Work is in progress on 279 buildings, to be used as hotels, in the immediate neighborhood of the World's Fair grounds. These structures are of wood, brick or stone, and will contain a total of 33,945 rooms. They will cost nearly $4,000,000. With this abundance of accommodations, it is believed that hotel rates will not be excessive.

Electricity is now used in traction, in illuminating, in telegraphy, submarine and torrene, in engineering, in medicine and surgery, in agriculture, horticulture and floriculture, in many kinds of mechanism, in manufacturing, in heating, in cooking, and in yet other service. There are thousands of miles of electric railway; a new electric ship is nearly completed at one of our Pacific ports; and we have promise of a new kind of electrical balloon.

The following are the amounts of Peter's pence sent to the Pope on the occasion of his jubilee by the various Catholic populations throughout the world: France, 2,251,000 lire; Austria-Hungary, 1,500,000 lire; England and Scotland, 1,200,000 lire (£48,000); Ireland, 18,000 lire; Germany, 350,000 lire; Italy, 200,000 lire; Spain, 180,000 lire; Belgium, 100,000 lire; Turkey, 50,000 lire; the Argentine Republic and Uruguay, 150,000 lire; Mexico, 200,000 lire; Brazil, 100,000 lire; and other American Republics, 300,000 lire. A lire is equivalent in value to twenty cents.

"Both parties to the Behring Sea arbitration will share in the glory of this victory for civilization and the cause of peace. As each of these great arbitrations offers its majestic spectacle to mankind, war loses a portion of that prestige by which alone it lives, in defiance of reason, humanity and common sense."

The P. and O. Company's steamer Ballarat arrived at Plymouth last evening from Australia, bringing the largest quantity of butter ever shipped in any vessel —25,401 cases, or about 700 tons weight. The greater portion of this butter was manufactured in Victoria, and exported under the supervision of the Departure of Agriculture.

The members of the French Academy have abandoned a history of words which, after 40 years, has not yet in four volumes reached the end of the letter A.

Rosa Bonheur celebrated her 71st birthday lately. Henry Bacon remarked of her that she began by painting rabbits and ascended in the scale until she painted the horse, which Leonardo de Vinci considered the noblest model that an artist can copy, after man. She still wields the brush.

The American Bible Society has arranged to distribute 250,000 copies of the New Testament at the World's Fair.

It is believed that mammoth wild animals, now extinct, formerly made their homes in the Okefinokee Swamp in Florida.

The stay of the foreign warships at New York will be regulated by the various commanders. It is likely, though, that that port will retain some of the visitors for a period of several weeks. It is also pretty certain that all the foreign officers will be given an opportunity to visit the World's Fair.

Emperor William II. has his own imperial way of using the telephone. Despite mistakes caused by the Emperor's refusal to name himself at the opening of his conversation, as other people do, he invariably introduces his telephone orders mercely with the words: "I command that," and so forth.

"It is a peculiar fact," observed a cashier of a popular restaurant, "that most people help themselves to half a dozen toothpicks after each meal, when each individual among them must know, if he thinks about it, that he won't more than half use one of them."

The Empress of Japan has organized a fine exhibit of the work of Japanese for the World's Fair. Three rooms will be decorated by Japanese women, and articles exhibited, including painting, embroideries, carving and china painting.

A bride recently married in London wore the wedding dress which had been made for the Princess May of Teck.

Charles L. Carter, one of the Special Commissioners of the Hawaiian Government, says he has the opportunity of giving half a million negroes of the South work on the islands. He seems very much in earnest, and paints in glowing pictures the islands and their possibilities for development. He says the negroes would find the climate suitable, and would be happy residents with all the privileges of citizenship.—Atlanta Journal.

Holloway's Ointment And Pills.

Shortness of breath, coughs and colds. Thousands of testimonials can be produced to prove the power possessed by these corrective remedies in cases of asthma, incipient consumption and all disorders of the chest and lungs. The Ointment, well rubbed upon the chest and back, penetrating the skin, is absorbed and carried directly to the lungs, where, in immediate contact with the whole mass of circulating blood, it neutralises or expels those impurities, which are the foundation of consumption, asthma, bronchitis, pneumonia, and similar complaints. On the appearance of the first consumptive symptoms the back and chest of the patient should be fomented with warm brine, dried with a coarse cloth, and Holloway's Ointment then well rubbed in. Its absorption will subdue advancing symptoms, and baffle this formidable foe.

Wood Yard Removed.

James Campbell has removed to the corner of Wellington and Barrack streets. Always on hand a good stock of best maple, cut and uncut, dry slabs, pine and cedar blocks. All cheap for cash. Telephone No. 116.

Wilson's Expectorant Cough Balsam is the best remedy that can be procured for cold or cough. Try it. Guaranteed to give you will have satisfaction.

A TREMENDOUS TORPEDO.

Graphic Account of a Modern Engine of Destruction.

"We are anchored a short distance from the place where the torpedo was expected to enter the sea, a mile distant from the torpedo boat Vesuvius. All is ready.

"Suddenly we perceive a white cloud above the bow of the Vesuvius, and then from this bursts forth a round black object, which, as it rises out of the mist, shapes itself into a long thin cylinder. Higher and higher it mounts, until nearing the zenith of its flight, the cylinder becomes a ball apparently moving so slowly that one almost fears its momentum will be expended, and it will at any moment plunge headlong downward.

"It has now reached the highest point of its flight, and at almost the same instant the ear is saluted by a rattling, crashing sound, as if all the boiler factories in the country had concentrated the pandemonium of weeks into the supreme effort of a second. It is the sound of the original discharge, which travels only twice as fast as the projectile.

"The flying torpedo has now for seconds seemed almost stationary, poised like some great bird high in the air, but soon the fact dawns upon us that this black object is coming onward at a tremendous rate. It grows larger, and on the downward branch of the trajectory again elongates into a cylinder, the rear end of which seems to wobble or revolve in a small circle around the line of flight. Now a hissing sound is heard. The projectile seems to hasten—it is descending rapidly—straight towards us. It seems impossible to avoid that. We realize that here is a terrible engine, free from all restraint, beyond control. It has a destiny of its own. We don't care who sighted the gun, or for what range the valve was set. We only hope that we shall have luck; that the black thing has not acquired intelligence and decided to hurt us, with a malicious purpose. But now a glance along the cylinder's side is reassuring; it will pass on one side; it seems to turn away more and more, until, with a musket-like report, it enters the water, throwing up a lofty column of spray. A second later and the black oval head emerges from the water 30 yards further on; the torpedo leaps high into the air, and turning, porpoise-like, with graceful precision dives head first into the water again. There, after a last mighty struggle, its onward rush is checked, and it sinks to the bottom. The length of time of flight has been just 10 and three-quarter seconds. It has come six times as fast as the fastest railroad train; 14 times as fast and five times as far as the fastest automobile torpedo; 14 times as fast as the fastest torpedo-boat; 12 times as fast as the fastest running horse. Moreover, it carries an amount of high explosive power equivalent in rending effect to two of the largest Whitehead torpedoes."—Harper's Weekly.

MANY ARE DISAPPOINTED.

Fail to Secure Freedom from Suffering—They Use Worthless Remedies!

Every day we hear of men and women who have suffered disappointment in their efforts to banish disease and suffering. In some cases the sufferers are themselves responsible for failures. Many intelligent men and women are deceived by spurious foreign testimonials, and buy medicines and remedies that positively increase their already heavy burden of woes and sufferings. In this way a multitude of people are prone to condemn valuable agents, because certain worthless and base preparations have failed to do them good. This is poor and weak reasoning and betokens a lack of faith in science and its wonderful possibilities.

Medical science and research has given to the human family agents that have conferred wonderful benefits. Medical science has put into the hands of sufferers Paine's Celery Compound for the cure of all nervous diseases, rheumatism and impure blood. By the use of Paine's Celery Compound, the nervous, sleepless, debilitated, dyspeptic, weak and run-down can find a new lease of life.

Testimonials from the best people in Canada are sent in every week to the proprietors of Paine's Celery Compound; all of these testimonials strongly endorse the great efficacy of the wonderful medicine. No other remedy in Canada can boast of such a noble and honest record. It meets suffering and disease and conquers every time.

Stumbles, Fractures His Spine, And Expires.

A sudden death occurred in Ramsay township, on Sunday. John Taylor Yuill, son of Robert Yuill, 6th con., had taken a team of horses to water, and in returning stumbled, fell heavily upon his knees, the sudden shock causing a fracture of the spine, and death ensued within a few minutes. The young man was picked up and carried to the house. He opened his eyes once and smiled, but did not utter a word. This is the first break in the family of nine grown up children. The young man was twenty-six years of age. He was married last June to Miss Hattie Bowes, and the young wife was visiting her parents in Renfrew. Deceased was a member of court Excelsior, I.O.F., Almonte, and carried an insurance of $1,000.

Progress.

It is very important in this age of vast material progress that a remedy be pleasing to the taste and to the eye, easily taken, acceptable to the stomach and healthy in its nature and effects. Possessing these qualities, Syrup of Figs is the one perfect laxative and most gentle diuretic known.

Wine, Beef and Iron Compound, the great tonic and strength gives, $1.00 per bottle at Spankie's Pharmacy.

GRAND TRUNK RAILWAY

ONE WAY LOW RATE EXCURSIONS TO THE WESTERN STATES AND PACIFIC COAST.

For the better accommodation of passengers holding SECOND CLASS TICKETS, a special "CUSHION SEATED" Coach will leave KINGSTON every TUESDAY, at 2.45 a.m., and every WEDNESDAY, at 3.40 p.m., running through to Chicago without change, and connecting with all through Lines beyond. All that is required is an ordinary SECOND CLASS TICKET. For the additional comfort of passengers holding Second Class Tickets a PULLMAN TOURIST SLEEPING CAR will be attached to the Chicago Express at MONTREAL, and leave KINGSTON for Chicago at 2.45 a.m. every WEDNESDAY, and at 3.40 p.m. every FRIDAY.

These cars are provided by the Pullman Palace Car company and are supplied with good hair mattresses; curtains, folding tables, carpets, pillows, sheets, blankets and all necessary toilet articles. The car heater is supplied with a patent oven attachment, enabling passengers to warm their lunches. A porter will be in attendance, specially charged to look after the comfort of ladies and children.

The same style of cars are run from Chicago daily to California, Washington and Oregon, and the whole charge for sleeping accommodation from Kingston to the Pacific Coast is $5 per double berth.

KINGSTON MARKETS.

The Prices Gathered on The Market Square And Elsewhere.

KINGSTON, April 11.—A merchant said to-day it was very difficult to keep in touch with the markets here. Sometimes the prices are very high, and the next week they are correspondingly low. The apple crop last year was the best that has been known for a great many years, but the fruit has not proven profitable. It did not sell quickly this winter because of its abundance. The prices are: Apples, 50c to 85c per bag, or $1.50 to $2 per barrel. Eggs are getting cheap and next week when the islanders come to market via the ferry steamer with their produce, eggs will be cheaper. They are worth now from 12c to 15c per dozen. Butter is steady. Prints, 22c to 25c per lb; butter, rolls, 20c to 25c per lb; tub butter, 18c to 23c per lb.

Maple syrup is still saleable at $1 per gallon. New potatoes, two quarts for 25c.

Vegetable quotations: Florida cabbage, 10c per lb.; sweet potatoes and Spanish onions 5c per lb.; spring onions, 5c per bunch; vegetable oysters, 15c per bunch; spinnach 20c per. bunch; lettuce, 10c per head, or three for 25c; radishes, 10c per bunch; rhubarb, 10c to 20c per bunch; cabbage, 25c to 60c per dozen; beets, parsnips, turnips, carrots 75c per bag; watercress, 5c per bunch; cucumbers, 25c each; asparagus, 20c per bunch.

Very few fowls have arrived of late. Ducks are worth from 80c to $1.25; chickens, 60c to 80c per pair.

Although a great deal of meat has been coming to the city of late the prices do not change very much. Spring lambs, forequarters, 80c to $1; hindquarters, $1.50 to $1.75; pork, 7c to 8c per lb.; quarters, 7c to 8c; mutton, carcase; 5c to 6c; quarter, 6c to 8c; beef, 5½c to 6c per lb. by the carcase; in stripe, 8c to 12½c per lb.

The hide market is quiet. Skins are coming in freely. Lambskins and sheep pelts, $1 to $1.15; veal, 40c to 60c; deacons, 25c to 40c; wool, 16c to 17c per lb; hides, 2c to 4½c; tallow, 5½c to 6c per lb.

Lake herrings, 40c per dozen; oysters, quart, 40c to 70c; gallon, $1.40 to $2.25; pike, 7c; pickerel and bass, 8c; whitefish, 10c; haddock, 7c; cod, 5c to 6c and 12½c by the steak; sea trout, 15c each; sea herring, 40c per dozen.

Flour is still at rock bottom prices. Flour, $2.10 to $2.40; bakers' flour, $2.10 to $2.15 per cwt; bran, $16 to $18 per ton; corn meal, $1.50 to $1.80; chops, $20 to $22 per ton.

Since our last week's report the crop estimate for the winter wheat sections of the United States has been issued by the department of agriculture, and shows an average of 77.4. This is a little over three-quarters of an average crop. If dry, warm weather continues wheat will be further damaged; prices have received a stimulus and are better all round. Duluth has made about three cents during the last week. New York 3c better and Liverpool about 5d per cental. It looks as if wheat would do better from this out. Stocks are still very high, will have to be materially decreased before we expect good markets. Wheat stuff are much the same as they were last week and we question if any better prices can be obtained for them. Seeding will be late this spring in the west, which always has an effect on the quantity raised, as it is absolutely necessary to have early seeding to escape the danger of August frosts. Altogether the situation is much improved compared to what it was a week ago. We quote No. 2 hard wheat, 81c; No. 1 hard, 88c to 85c; peas, 60; rye, 50c; barley, still very dull, 40c; oats, slowly, 30c; buckwheat, 45c to 50c, quiet.

Markets Elsewhere.

MONTREAL, April 11.—Trade during the week dull, the demand being limited, owing to butchers having secured a large supply the previous week (Easter.) The supply was light and sold at low prices. Hogs and calves were more plentiful, and a falling off in prices resulted. We quote following fair values: Cattle, butchers' good 4c to 4½c; cattle, butchers' medium, 3c to 3½c; cattle, butchers' culls, 2c to 2½c; hogs, $6.50; calves, $3 to $4; sheep and lambs, $4.50.

TORONTO, April 11.—Beans, per bushel out of store, $1.35 to $1.60; dressed meats, per lb, beef, fores, 5c to 6c; hinds, 7c to 8c; veal, 8c to 9½c; mutton, 6½c to 7½c; lamb, 9c to 10c. Dried apples, jobbing at 5½c; evaporated, 9c to 9½c. Eggs, fresh, 14c; limed, nominal. Hay, timothy, track, $9.50 to $10; straw, $5.50 to $6. Hides, cured, 5½c to 5½c; green, No. 1 cows, 4½c. Skins, sheepskins, $1 to $1.35; calf, 5c to 7c. Hops, Canadian, 1892 crop, 16½c to 19½c; yearlings, 14c to 16c. Honey, extracted, 8c to 8½c; sections, 13c to 14c. Potatoes, per bag, out of store, 90c to 95c; on track, 80c per bag. Poultry: Chickens, per pair, 50c to 60c; geese, per lb, 8c to 8½c; ducks, per pair, 60c to 75c; turkeys, 12c to 14c per lb. For Your Benefit, Dear Mother!—A Noted Physician Speaks!

Mothers generally are aware of the great superiority of Lactated Food over all other preparations now on the market. For the benefit of doubting mothers, we think it advisable to give the opinion of a medical professor and scientist of renown.

Dr. S. M. Roberts, Clinical Professor of Diseases of Children, Woman's Medical College of the New York Infirmary, says: "I have tried Lactated Food in a number of very troublesome cases, after making many trials of other foods, both manufactured and extemporaneously prepared, and thus far have found the Lactated Food to agree well with the children, and better that any other of the forms of artificial nourishment I have ever used, and my experience with them has been very large."

In the face of such an opinion, it seems impossible that mothers should continue to feed their precious babes with the common foods of the day. It is positively dangerous to risk a baby's life with foods which cannot be recommended by eminent medical authorities. The baby's condition and life is always safe when Lactated Food is used.

Noted Sportswomen.

The champion lady cricketer of England is Lady Milner, wife of Frederick Milner, of Yorkshire, and many magazine articles she has published regarding her favorite sport. Two expert anglers are Princess Louise and her sister-in-law, Lady Colin Campbell. Lady Colin, a beautiful woman of the brunette type and above the average stature, starts gaily to her work, dressed in tweed knickerbockers, woollen stockings, hobnailed shoes, kilt shirt and loose, many-pocketed coat. Among the best sporting shots is Lady Florence Dixie, who has killed all kinds of big game in Africa, Patagonia and in the Rockies. Lady Eva Quinn, sister of the eccentric earl of Mayo, slaughtered several magnificent tigers in India.

No One Need Pity You.

If you die of consumption without having tried that celebrated cure, now being talked about by everyone, and known as "Miller's Emulsion of Cod Liver Oil," you are not entitled to any pity. If you want to stay with your friends in the flesh, do not let an hour pass by without sending to the nearest drug store for "Miller's Emulsion of Cod Liver Oil." Read about the wonderful cures it has brought. This is the electrical age of wonders, and this emulsion is the product of the latest researches in science. In big bottles, 50c and $1.00 at Wade's drug store.

Hanson's Magic Corn Salve cures corns and bunions with three applications. 15c per box at Wade's drug store, Kingston. Wade's mandrake liver pills, sure cure for biliousness and constipation. Wade's drug store, Kingston.
