INQUEST NOT REQUIRED. THERE WERE NO SIGNS OF VIO-LENCE PRESENT

The Coroner Looked Over the Fody and to make the event a success. Then Said No Investigation Was Needed -The Watch Stopped at an Early Hour in the Morning-The Frost Had Kept the Body in Good Order.

of the unfortunate Felix Vanasky coroner Mundell concluded that an inquest was unnecessary. There were no signs foundation of any violence having being wrought. On the person of Felix was found a few silver coins with other little articles. A Waterbury watch had stopped at 6:40 o'clock. The facs of the watch stopping at this hour would indicate that it was early in the morning the watch to run a few hours before the to more serious complications. The sale. water got into the works. And then funeral occurred par steamer Pierrepont again the watch may have run down and to Wolfe Island, this afternoon. Felix, being on a tear, did not think to wind it up. All things, considered the supposition is plausible that Felix might have fell in the slip at 620 o'clock withple astir at that early hour.

Dr. Mundell was a little surprised to smith station. The case stands. find how perfect the limbs were after lying in the water for three mouths. The skin was white. This was due to the fact that the frost had not left the body. The upper part of the body being the lighter it naturally rose to the surface that way. The signs of decomposition about the head explains itself as the top of the head was above water. If the body had remained in the water a couple The remains were removed to the
