John Laidlaw & Son

There arrived from New York this morning, Photos of Living Statuary, representing Mythical and well-known subjects; these are 22x28, capital size for framing, and they are all works of art. We have them plain and beautifully colored by celebrated artists. These are gems, and some of the prettiest things ever shown in the city. We are also showing samples of American and Canadian Mouldings that are handsome designs and the very latest.
