

Have You A BOY?

IT'S BELOW THE STANDARD THE REPORT OF CITY OFFICIALS ON ROUSSEAU'S PIPE

The Condition it is in and the Cost of Repairing and Replacing it - A New Pipe Would Cost Cheaper - What Could be Done.

Alta, Elliott, Gaskin, Wright, Behan, Hardy, Horn and Mayor Polson were present at the water works committee meeting yesterday afternoon. The discussion on the efficiency of the pipe, etc., was simply a repetition of what has been published over and over again with a few exceptions, the assertion of Ald. Elliott to the effect that it was his intention of leaving the matter meeting of the council the names of all persons who have claims against the Rousseau pipe, but this would have nothing to do with him as regards the duty of the city.

First, as to the present condition of the Rousseau pipe, as far as we have means of knowing, the joint connecting the top of the pipe and the bottom of the Rousseau pipe is in a state of disrepair, and the water is leaking out of the pipe in many places.

Out of the twenty-five flexible joints in the pipe the following of twenty were found to be in a state of disrepair, eleven of these joints are strengthened with wrought iron shank-bands and nine are replaced by the heavy cast iron joints ordered by Kennedy's report.

The twenty-five flexible joints in the pipe the following of twenty were found to be in a state of disrepair, eleven of these joints are strengthened with wrought iron shank-bands and nine are replaced by the heavy cast iron joints ordered by Kennedy's report.

They will be married some day. The engagement is announced of Mr. Kirkpatrick, eldest son of the Hon. George A. Kirkpatrick, Lieutenant-governor of Ontario, to Miss Dennison, daughter of Col. Dennison, Peterboro.

Decorations Day. The decorations committee had a meeting last night. Arrangements are being made to have the 14th band, of Belleville, here on that date.

Department Needs Improving. A citizen said, last evening, the fire department would be well looked after in many respects. The contractor, Lemmon and Chief Holden, should sleep at either end of the city.

Look At The Figures. They say dividends from life companies to policy-holders are only paid on an average of once in five years.

Police Court - Saturday. Ellen Williams, a respectable dressed woman of probably thirty years of age, was the first female, in the recollection of the police, to carry a sack into the police dock.

The question whether the Rousseau pipe reasonably answers the purpose for which it was intended has been answered in the negative by Mr. Kennedy in his report of May, 1892, and with this report we entirely agree.

Mr. Rousseau, during last winter, did not do things prescribed in Mr. Kennedy's report, but in our opinion did the same things that we do to the manner and effect.

INCIDENTS OF THE DAY. PARAGRAPHS PICKED UP BY OUR BUSY REPORTERS.

The Spices of Every Day Life - What the Public Are Talking About - Nothing Reported - A Few Items - What They Are - Taking Notes.

Silk gloves, 12c. Hardy's. Hartine comes palpitation. 50c. Smith colored cashmere, 15c. Hardy's.

Rev. Dr. Smith lectured in Deseronto last night. Gen. B. Britton, Q.C. and wife will leave in June for the world's fair.

Look out for the opening of the new King street Cigar Store on Saturday. Dr. Orange and wife have left for Saratoga Springs, where he will recuperate for a couple of months.

Electric Road To Be Started. B. W. Polger asserted that starting the electric road will be completed next week, at least men will be put on the rails.

They Will Be Married Some Day. The engagement is announced of Mr. Kirkpatrick, eldest son of the Hon. George A. Kirkpatrick, Lieutenant-governor of Ontario, to Miss Dennison, daughter of Col. Dennison, Peterboro.

CAN YOU IDENTIFY HIM? A MERCHANT ON PRINCESS ST. NEATLY DESCRIBED.

He is a Self-Made Man - A Man of Many Occupations - He Knows All About Politics - He is a Thorough Educator.

No. 9, A Princess street merchant, of middle life, spare built, rugged, active and aggressive, carrying his years as well as a sound reputation, has come into the city.

Born in the city, and therefore a typical representative of Kingston citizenship. Educated in our schools, - but essentially a self-made man.

Ambitious to do well, but heretofore given to having too many irons in the fire and so likely to let some of them cool and at the wrong time, boundless in his energy, and so wasteful of it.

A politician from his earliest recollection, usually against the government, filled with peculiar energy, and so likely to let some of them cool and at the wrong time, boundless in his energy, and so wasteful of it.

A society man who in his day has been somewhat burdened with grips and signs, not so much as conspicuous in his day.

A philosopher whose mind several problems are now turning, the solution of any one of which will merit the gratitude of the world.

Paraphrase Picked Up About the Wharves and Elsewhere. The schr. Annie Falconer will load lumber for Oswego.
