The boys and girls in all schools should keep step when walking; it helps to improve

> Staff-Sergt. A. Boutellier, of "A" battery, Quebec, formerly of Kingston, played in the baseball match at Montreal on the 24th May as catcher of the Quebec ball team. It was victorious. So far 117 teams have entered for military rifle league matches this year, greatly below the number participating in it last year. This is due to the fact that the Martini-Henri rifles have been adopted for the D.R A. matches. The first match occurred on Saturday, but the butts not being in readiness the 14th batt, teams of this city were unable to are. The winning teams could not be learned owing to the telegraphic returns being done away with and no arrangement having been made for their use this year. The work on the new butts is progressing slowly, and the present sytlock is far from promising for any shooting until late in the season. A non-commissioned officer of the 14th batt, stated to-day that the ambulance corps would break up unless matters are amicably arranged at once. It seems the men have repeatedly asked for new clothes, been promised the garments but never got them. There are twelve members in the corp and all are well-drilled
