DIARRHEEA. DYSENTERY.

DR. J. COLLIS BROWNE'S CHLORODYNE
-Dr. J. Collis Brown (late Army Medical) Staff) DISCOVERED A REMEDY, to denote which he coinst the word CHLORODYNE. Dr. Browne is the SOLE INVENTOR, and as the emposition of Chlorodyne cannot possibly be iscovered by analysis (organic substances detyng elimination) and since the formula has never been published, it is evident that any statement to the effect that a compound is identical with Dr. Browne's Chlorodyne must be false. This caution is necessary, as many persons-

leceive purchasers by false representations. DR. J. COLLIS BROWNE'S CHLORODYNE -Vice Chancellor Sir W. Page Wood tated publicly in Court that Dr. J. Cot. Lis BROWNE was undoubtedly the inventor CHLORODYNE; the whole story of defendant Proeman was deliberately untrue, and he regretted to say it had been sworn to .- See The Permen, July 18, 1864.

DE J COLLIS BROWNE'S CHLORODYNE is the true pallintive in NEURALGIA, GOUT, CANCER, TOOTH-ACHE, BHEUMATISM.
