cottager, who had spent most of her days there, when she said to me: " is is a bonnie spot." Just at that moment the setting sun was shining full upon the beautiful castle, illuminating its turrets and gables. I was returning from the small inclosure in which is erected the Memorial Cross to the Princess Alice. You reach it partly by the river path, passing down the terrace steps by the castle. By the side of this path is a summer-house built of wood and moss and ornamented with deer antiers, all from the "Balmoral For-The cross is west of the castle, in the park, and not far from the Dee, whose

Duke of Hesse, was liked at Balmoral. He was generous to the gillies, who by no means have an easy time during the fishing and deer-stalking seasons. And he did not tell tales out of school

It has often been interesting to me to observe the tone in which different members of the royal family are mentioned-a tone indicative of their special characteris-Others dwell on the goodness of the

Princess Beatrice, who is to them a true child of Decside. Of the sons, the Duke of Edinburgh has the old women in their mutches and the passed the least time here since his boyhood. The Duke of Connaught is often here, and the Prince of Wales is looked upon as a son of the soil. I heard two cottagers talking over a story

Craig Gowan is south of the castle, and from its summit you look directly down MEMORIAL CHAIR TO PRINCE LEOPOLD. upon it, its gardens, lawns and offices. A story and it may be a manufactured little below the Queen's cairn is a flagstaff one. But, said the old dame who had and the flat space where the bonfires are known them from childhood, and evidentbuilt. And still lower down stands Prince ly still viewed them as a trio of extremely lively lads, "it was just what they would

The three had been fishing some distance from Balmoral, and were waiting at the appointed place for the wagonette to take them home. A boy with an empty The Prince of Wales' cairn is on the wagon came along, and, seeing them stand ing there, asked where they were going. "To Balmoral."

"Would they ride with him?" "Oh, yes," and they all got in. "And what may you do at Balmoral? asked the boy of the Prince of Wales, who s it beside him, the whole three, it seems, being strangers to the lad, "I am the Prince of Walea."

"Ay. And who may that chap be?" in dicating with his thumb over his shoulder the second son of her Majesty. "He is the Duke of Edinburgh. "And t'other one?" with another jerk of

his thumb. "The Duke of Connaught." The boy wore an air of thought for some moments, then he spoke again. "Perhaps you'd like to know who I am?"

The Prince intimated that he would. "I am the Shah of Persia," said the lad, not to be outdone in the assumption of one is the Fog (Scottice for moss) bonse, a

JUBILEE STATUS OF THE QUEEN. Opposite the bronze statue of the Prince Consort, and fronting it, at some little distauce, is the statue of the Queen, also of bronze, which was presented to her Majosty in her jubilee year, 1887, by her Scotch servants and tenantry. The Prince of Wales unveiled the statue and made the presentation to the Queen in a speech to which her

Majesty replied. It is rarely that the Queen's self-command fails, but on this occasion she was much affected, especially in that part of the speech wherein she alluded to the great changes that had taken place on the

estate, and the many faithful servants whom death had removed. The presentation and unveiling of this statue may be classed as among the most interesting of the ceremonies of her jubilee year, although strictly private. The people

present were limited to the royal family and to the servants and tenants on

TABLE DECORATIONS

Bosos the Favorite Flowers This Season.

Round Dinner Tables and White Covers.

The rose will reign supreme this season in floral decorations and give ample oppor-

tunity for novel and beautiful combina-

tions of color. Round dinner tables are be-

ing adopted wherever it is possible to have

Several attempts have been made to in-

troduce colored table linen-L e., having a

is hardly likely ever to become generally

adopted. Nothing could possibly take the

place of pure white, especially as the tend-

ency is all in favor of it not only where

linen is concerned, but for glass as well. It

is difficult at this particular juncture to

imagine a return to the old fashioned din-

ner table, where the stiff and conventional

opergue and wineglasses in enough variety of colors to emulate the rainbow reigned

has become very popular as a novelty for table use, and while it really is very choice

and pretty it by no means crowds out glass, which is as staple as one's plate and choicest

How to Salt Almonds.

After relieving the nuts of their shells

pour boiling water over them and letstand

two or three minutes, when they blanch

very easily; then place them on flat tins or

dishes and put into the oven until they are

a light brown, stirring them frequently so

that they may brown evenly, and taking

great care not to let them get too dark.

When they are sufficiently brown, remove

them from the oven and let them get thor

oughly cooled; then take the white of an

egg, without beating, put it into a large

dish and turn the almonds into it. Stir un

til the almonds are covered with the egg.

then spread them once more upon the plates,

and with a fine wire strainer sprinkle the

salt over them evenly on both sides. Use

the finest table salt. Return the almonds

to the oven, stir them frequently till they

are thoroughly dry, and when cold they are

Embroideries For the Season.

for embroidering. The former is used for

articles for reception rooms in preference

to plush, brocade and stik, and the latter is

popular for bedrooms. Much brighter col-ors than we have of late years been accus-

tomed to are fast coming to the front, and

in embroideries we specially notice the change. Cable stlk embroideries are all the

"go." These are employed with excellent

effect on oriental pongea.
