Bridesmaid Bag. Decidedly novel and altogether attractive are some of the latest floral arrangements for ball, evening and fete dress. The cluster first figure is designed to be worn across the

The cluster of three white roses with foll age is also to be worn in the center of the bodice and represents a dainty bridal fancy. A pretty idea for bridesmaids takes the form of what is called a "Marie Antoinette bag." This is intended to be carried on the arm like a reticule and can be made of any dainty material in any color preferre Mauve silk, with ribbons and cords of the same color, was used in a bag recently made, which was filled entirely with mimosa

The greatest novelty to be noted is a flower sunshade. This is trimmed along the ribs with roses matching as nearly as can be the color of the sunshade, and where closed it has the appearance of a large elongated bouquet,
