PAY YOUR ACCOUNTS. . The payment of a small bill is a much easier matter that the payment of a large ing care of estates, letting houses, collecting one, and yet, the payment of the small the experiment on your grocer, your butcher, your baker, your dry-goods merchant and your shoe merchant. The way to keep credit where it should be, the credit of the community at large as well as the individual, is to shun the vice of small accounts long delayed in

CABINET TIMBER.

Col. Tisdale is spoken of as a possibility in the next cabinet shuffle, the Toronto "News" holding that among those whose retirement is thought proand commerce would probably be astonished should anyone call him an old man, but the fact remains that he is not the prominent figure which he once was and his elevation to the senate less than a year ago seemed to many an indication that his early retirement was a probability. The recent honor to Sir John Carling would form a soft cushion upon which to drop him when he is lifted from public life. During the last session of parliament he was seen but seldom in his place. His interest in the proceedings was rather that of a looker-on.' Col. Tisdale is a strong executive man and is backed by the G.T.R. influence. but he is noted chiefly for his wind. He gomery, of Prince Edward Island. has no other excellencies.

DIVORCES IN THE STATES. period between the years named the population of the country increased by sixty per cent. while divorces went up ; by 157 per cent. In the whole twenty without one parent and in many cases

were deserted by both. so easily obtained in the states, the number of births outside of wedlock altogether is appalling. In England the illegitimates per thousand are about fifty-four, while in the big republic seventy out of every thousand are born

> neighbors. SCOTTISH HARVESTS.

The harvest prospects in Scotland are not as bad as Canadians have been led to believe. Up to the end of June the the largest and longest established livery | weather was favorable for all crops, and it was expected there would be fine yields. But in July the rain kept off M CCAMMON BROS., KINGSTON HORSE yields. But in July the rain kept off Exchange, Livery and Boarding Stables, and the drought damaged the cern crop. it is estimated that, taken all over, the crop will show a deficiency of 20 per cent. in straw, and of about 15 per cent. in grain. Valuing the million acres at £7 per acre, the Scottish farmers will thus lose, or, at least, be poorer by £1 .-050,000 on the crop this year. Over 200,000 acres are sown in barley this without it, but in some it is grown much more largely than in others. It procareal crops, and to produce about ten per cent, over the average. Taking the crop at 68 per acre, this will give an in- ance of these institutions the army

crease of about £170,000 to the farmers. should furnish truthful statements of important crop in Scotland. Only about 10,000 acres are now devoted to it. The glowing statistics which have no value crop everywhere is looking well. It beyond the paper on which they are has not suffered from the drought-the written, straw being, as a rule, of good length, the plants thick and well headed. The hay crop has varied greatly in different will be a considerable deficiency, but

for by the high prices. CANADA ADVERTISED.
