Mills, and with a widening of the

It is admitted that Dr. Mills has on

certain occasions "acted harshly in

speaking of the students, and possibly

some members of the staff, but the

circumstance under which he did

evidently required stern discipline."

They find, further, "that the real diffi-

culty with Prof. Shaw was his desire to

obtain control of the agricultural de-

partment, without responsibility to the

minister, the president or any other of-

icer," and they added that this resist-

ance of authority continued from

the present time. Morcover, accord-

ing to this official report, Prof.

Shaw was a chronic kicker, and talked

so persistently against the head of the

college as to poison the minds of th

farm hands and the students and so cul-

tivate a spirit of disloyalty, the very

presence of which was demoralizing. His

abellion was shared by the farm fore-

man, the assistant chemist, the matron,

and some ex-members of the staff and ex-

students, but those, when placed on ex-

amination, showed that they were in-

fluenced by prejudice and had no sub-

stantial grievance against the president

amnation of his commission, which it is

declared cannot be made too severe, Prof.

Shaw and the farm foreman have resign-

ed. The conservative press thinks this

an ominous event. It is intimated that

THE HIGH SCHOOL MATTER.

The County Councillors Talking About the Cost of the Institution, Reeve Donaldson, in the city Saturday, said he had made an important discovery which, when known, may get the county council into trouble. On the statute books of Ontario it is distinctly laid down that the government shall contribute \$550 towards the Sydenham valent sum. Within a short time a parallel case to the position of Frontenacagainst the county. The municipality had no right to grant more of people's money than had been SAILING FROM NEW YORK EVERY SATURDAY. Authorized agent, F. A. Folger, Ferry Dock, foot of Brock street, Kingston. laid down. A great deal of kicking has occurred over the Sydenham high school, and it will not be surprising it some one takes up the case. The county has granted \$2,000 to the school, over twice as much as called for. Mr. Donaldson thinks the school has been lavish in not like to see the school closed up, but | rests on four 44-inch wheels. some sort of curtailment must take

place. The cost of tuition was far too one for ocean steamship trade; but the C.P.R. and the government have had | than they should. Others, just as good, other ideas. The people have been cheer- could be got for a smaller salary. The fees of the school might be raised a little. At the next meeting of the county council he had no doubt but that the matter would be thrashed out and important changes looked for. Reeve Corkill, Loborough; was also

zens, with the beauties of the met on the street. He stated that the also with the harbor. They ease referred to by Mr. Donaldson occurred in Elgin county: The matter had not been finally settled, however. Judgment had been given against the county, but the decision would be ap pealed. Since the case had come up some any time of tide they pronounce the har- of the trustees of the school had written the minister of education and he understood he had answered that the county was all right. Mr. Trusdale understood turn next year as it is a pleasant port to that the minister stated that the county visit and has lots of life. The city, be- | had to support the school. If the expense went over the amount granted by sides being clean, has handsome shops and the government and county then the neat streets. All the officers praise the county could be called upon.

Mr. Corkill was the champion of the agitation for the increased grant last session. He had a heap of opposition to Hon. Mr. Ouimet, at Montrest, smartcontend against, but fought bravely. ng under the castigation given to his He expects another big fight again next party at the liberal meeting, felt that it
