The council did not meet last night until 8:30 p.m., when a quorum was made by the arrival of Ald. McAuley. There were present: Ald. McKelvey, acting mayor; Aids. Behan, Carson, Curtis, Elliott, Hardy, Heron, Horn, Meek, Muddell, McIntyre, C. Robinson, W. Robinson, Skinner and Wright.

From Edwin Horsey acknowledging receipt of request to police commissioners for a policeman for the lower G.T.R. depot, Fyld.

From W. Smith, deputy minister of marine, stating that a communication had been received from the council in relation to Capt. Andrews, Fyld.

From J. C. Innes offering a writing desk for sale, inasmuch as he had it should last longer than other hose.

From T. Briggs, on behalf of the Frontenac loan and investment society, in relation of arrears of taxes on a building belonging to the estate of the late T. Overend.

From J. McIntyre, Q.C., stating that he had been instructed by W. Hogwood to bring an action against the city for damages in respect to injuries sustained by his wife through a defective grating in front of Henderson's book store.

From the city engineer, asking permission to build granolithic walks on Barrie street further out on the street than was anticipated.

It was moved by Ald. W. Carson, seconded by Ald. McIntyre, that the city engineer's request to place the walk on the west side of Barrie street be granted.

Ald. Meek objected to the passing of the resolution until the matter was discussed by the streets committee.

The mayor said the subject should have been talked over by the committee before it came to the council.

Ald. W. Robinson referred to the irregular way in which walks are built around the city. He thought walks should not be more in future until a uniform system of laying the walks is adopted.

NORTHERN ADDINGTON.

HE IS AWAKENING INTEREST IN THE TEMPERANCE CAUSE.

A Clergyman on a Lecturing Tour in the Rear County—The School Law Should be Rigidly Enforced—The Epworth League in Fine Trim.

VENNACHAR, Oct. 30.—The most of this month has been very fine weather, but Jack Frost is visiting us regularly the past few nights. The farmers have nearly all finished threshing. Grain is a fair yield. Our school is quite well attended, but many children who are not in attendance should be, and it has been suggested that the school law be rigidly enforced, as there are a great many boys and girls growing in the community without sufficient education to transact the business which will necessarily fall on them when they become men and women.

Marie—Why, Ethel, what is the matter with Fido? Ethel—Isn't it too bad? I gave him to the laundress to wash, and she starved him.

There is small comfort in knowing that the average temperature of every year is about the same when one realizes that the cheapness of ice only increases the price of coal.

The annual volume is promised another violinist, Miss Bertha Webb, pupil of Madame Camille Uro, whose debut is announced for Nov. 22nd, at the Cecilia concert, New York.

To get relief from indigestion, biliousness, constipation or torpid liver without disturbing the stomach or purging the bowels, take a few doses of Carter's Little Liver Pills, they will please you.

Stories are being told of the peers who come down to vote on the home rule bill. One of the least known lords, so far as the house is concerned, was stopped by a policeman, who begged to know if he was a peer.

The death of Rev. John Wilson, of Bellshill, the father of the U. P. church, recalls a remark he made at a soiree on his jubilee. In October I entered college; in October I was licensed; in October I was ordained; in October I was married; and in October my eldest son was born.

A Summer Campaign. Strange, that a feller's got to fight from early spring to fall. A killer's bugs, an' worms, an' things, or else raise nobbly 'em all.

Some efforts are made to organize a branch of the Epworth League at this village. Oscar Chatson and David Youmans have returned from the shanty for a week to attend to some pressing business they have on hand.

STELLA, Nov. 1.—The annual missionary meeting was held last week in the Methodist church. A good audience listened to fine addresses from the deputation. The Presbyterian missionary meeting also took place, Friday evening.

Rev. T. W. Davis, the fanatical Episcopal preacher at Blairgowrie, who recently preached at the Epworth League, reported that the committee had asked for tenders for 1,000 feet of hose and accepted the tenders from A. Strachan.
