The sterooptican views representing a visit to the world's fair, given at the Queen street Methodist church, on Tues- STEACY & STEACY. day night, were alike interesting and in structive. The large audience were taken by way of Toronto where some excellent views were seen) through to Chicago, where some of the principal sights were shown, including Lincoln park, the stock yards, the masonic temde, Hotel Epworth and Hotel Endeavor. The great Columbian exposition was then visited, and judging by the applause given the beautiful colored pictures they were well appreciated. To make the views more interesting the manager exdained fully what was represented as he hrew them on the canvas. The beauti-'ul set of pictures, "Rock of Ages," ter minated a rare evening of instruction

and pleasure. The unfortunate weather spoiled, to a roat extent, the success of the sale in st. Paul's school yesterday. Business | feelin's was brisk all afternoon, and the tea was pronounced an unqualified success by all who partook. In the evening a short programme was greatly enjoyed by those brave enough to face the weather. though several of the performers failed to put in an appearance. H. B. Telgmann's violin solo was a genuine treat, and Miss M. Dunbar's recitations were also greatly enjoyed. The Rev. C. F. Lowe also sang, and was well received, and Mr. Henry's piano solos were heard with great attention. The sale and tea will be kept open again to-day at reduc-
