our prisons for the good of those who have have been warmed and fed and clothed given so little to do that they have not longed so much to get out of jail as they

have sometimes longed to get into it. The Elmira reformatory, a New York state institution, has published in connection with it and in the printing office of the institution, a pamphlet giving a full descripyoung men's prison home, in which it is at tempted, and it is said successfully, to cure cate them for useful service in the world And pictures are given of the workshops. gymnasium, library, etc., and reading matter so fescinating that the reader is left to conclude that the state provides more geners youth late correct habits, and even provide I them with the skill to work advantageously prison life fuxurious. The workingmen, those who earn their livelihood by the sweat

an i which they cannot enjoy. Our good herds are not burdened with of the city and county, should be made to do sowething towards their maintenance, even if it is to do some kinds of public works, which are necessary and sometimes sot andertaken in the absence of money t carry them on. The prisoners could shove! soow and dig ditches; and ought to be made to do it.

A STRONG INDICTMENT. No stronger indictment of the government which has just appeared in the Montrea: Witness, which denounces Mercierium, in doing so desires it to be understood that

it thinks the Ottawa administration ought their duty to punish Mr. Mercier by supgovernment is only less despised than that of Mr. Mercler because it seems utterly
