nitrate king. The story of his life reads like a tale from the "Arabian Nights." During much of his life this wonderful man has been obliged to work like a slave. His labors would have exhausted less ro public confidence. bust men, and the difficulties be has enageous men. But he has done everything has seemed as if he possessed superfifty, he is reputed to be worth \$100,000,000. rie began life as an apprentice with a firm of wheelwrights and engineers in Leeds, England. Here he remained from the age of fifteen until he was twentythree. At this time he married Jane Moodhead, the daughter of the town councilor and conservative chairman of the Next to city. Not satisfied with his outlook in England, North decided to seek his fortune in South America. His search was not at first very successful. In the Chilian city of Tocopilla he was obliged to go to work at his trade as machinist and content himself with the meager income of three dollars a day. Two or three years ago, when he had become very rich, he vis-Med the very place where he had thus worked. He pointed out to a party of distinguished tourists who accompanied him the very bench that he stood at all day long for many a month of adversity. derful nitrate deposits in southern Peru. and thinking that he might find a better opening there, he left Tocopilla. His anticipations were more than realized. With the little money that he was able to ac-CHOICE COLLECTION OF IVORY AND | cumulate as an engineer for a railroad, be

But young North, had heard of the wonspeculated in nitrates. His ventures wersuccessful. He bought great tracts of nitrate property; he built extensive works to reduce the nitrate; he constructed railroads to transport supplies; he established steamship lines to extend his business to all parts of the world. In a few years he was one of the richest men in South Amer-Just before the war between Chili, Peru and Bolivia, which ended in the transfer

of the territory he owned to Chilian juriadiction, he returned to England. The fame of his wealth had preceded him. He became one of the lions of the bour. Everybody sought his acquaintance with the hope that it would bring them a fortune. Even the Prince of Wales did not disdain to take advantage of the oppor tunities for making money that Colonel North was pleased to throw in his way. One of the first things that North did on his return to England was to build a splendid country residence at Eltham, in the beautiful county of Kent. It is called Apery Hill park. The house itself is one of those miracles that money alone can perform. The stables are palatial and contain some of the finest and fastest horses in England. The habitations for the dogs are likewise on the same expensive scale. In ARNIEL'S, both his horses and dogs Colonel North | F in all contests with his enthusiasm and money. Two or three years ago he created splendid and expensive ball ever seen in the city. It is said to have cost \$75,000. Personally, Colonel North is a jovial, good natured man. He is exceedingly hospitable, and to those to whom he is personally attached he is very generous. Phys. ically be is not a large man. He is 5 feet 10 inches in beight and somewhat stout. He has the ruddy face of a good liver. The top of his head has lost much of its hair, which was originally a reddish brown. His beard, worn in the English style, has | For the Balance of the Month we not yielded to the same extent to the dis-

coloring effect of time. Although somewhat gray, it still retains much of the bright hue of early years. Best Treatment. Mrs. Richardson, 17 Walker St., Hull Eng., says she suff red for a long time with rheuma ic gout in her knees and ankles. She employed the best medical treatment, but obtained no relief until she used St. Jacobs Oil, which permanently cured her. It has
