are now unsaleable, and the producers can-

not get the cost out of their production. The Bureau is Burst NEW YORK, March 21, -The Herald's Maine's beautiful dream of sisterhood of the north and south American republics is rapidly becoming a nightmare. The plan that by their commercial and fraternal relations they might be as closely associated as they are between states of the Northern American republic has a serious set back. All went along awimmingly up to the time of the Chillan troubles, but I was told, to-day, by a South our ultimatum to Chile, and our treatment of that little republic in countquence of the Baltimore Incident, has wrought a wonder ful change in the amicable feeling of South American republics. Fo my astonishment he told me that nearly every one of the re publica has refused to longer contr bute to the maintenance of the bureau American republics. The bureau is the outgrowth of the late past American c grees. It was established for the collecti and distribution of council information r lating to the several countries; it was agreed at the conference that the United States

Mexico; it is said, is the only country that To Bridge the Rie Grande, ELPASO, Tex., March 21 .- There is no onger any speculation as to Jay Gould's intention as regards the bridging of the Rio Grande at this point to make direct connect ion with the Mexican central at Juares Mex. His attorney will appear before the
