TRADE MARK
THE GREAT REMEDY FOR PAIN
WHAT IT WILL DO.

Relief.—In any climate, at any season, one or two applications of St. Jacobs Oil relieve pains and aches; often cure permanently. This is the average experience in ten years.

Treatment.—Rub the part affected thoroughly with St. Jacobs Oil. Apply night and morning if necessary. Protect the body from draft and cold.

MOUNTAIN GROVE, April 19.—A very interesting Easter service was held at St. John's church on Sunday morning, conducted by the Rev. F. W. Squire. The church was nicely decorated with flowers and evergreens, and was comfortably filled. His discourse was interesting and instructive and well adapted to the occasion. We think the members of St. John's church have good reason to congratulate themselves in having so able a gentleman as their minister. Easter services were also held in the Methodist church in the afternoon at which D. Cronk gave a good address and one fitting to the occasion, taking for his text "He Is Risen." The young people of this place have organized themselves into an Epworth league of Christian Endeavor, with officers: President, T. P. Sadler; vice-presidents, Miss F. Sanderson, Bert Sanderson; secretary-treasurer, Bert Rogers. The society has a membership of twenty-four and is doing good work among the young people.

The many friends of R. Tucker and family, formerly of this place and late of Havelock, will learn with regret the death of Mrs. Tucker, at Havelock, on Sunday morning last, and will sympathise with Mr. Tucker in his bereavement. The funeral took place at Thomasburg yesterday. George McDonald has returned from a visit to Verona. From what Mr. McDonald tells us, all is not gold that glitters in that fair town. Miss M. D. and Miss E. E. Sanderson spent Easter at Tweed; Miss Byam and Miss Wells at Millbrook and Tyrone; Miss Orser at Kingston; Mr. Butterell at Verona; C. Mills and mother at Kingston. T. J. Flynn is now at Kaladar with a gang surveying at different points on the C.P.R. with a view to straightening and levelling it. He was at home Sunday for a short time, but returned to his work that evening.

From the Jaws of Death.

Some surprising effects have been recorded from the use of Miller's Emulsion of Cod Liver Oil in the most desperate cases of consumption. When all other remedies have failed Miller's Emulsion nearly always succeeds. It is the best kind of a flesh and blood maker, and has been used with marked success by the physicians in the Insane Asylum, Penitentiary, Hotel Dieu, and General Hospital in Kingston, Ont. In big bottles 50c and $1. Wade's drug store.

Vennachar Gleanings.

April 18.—The snow has almost entirely disappeared and the lumber firms have begun their driving operations. A number from here interested in last winter's work in the shanties, visited Plevna, on the 15th, where Messrs. Halliday and Shiels, cullers, representing the government and the Canada lumbering company respectively, were adjusting claims and settling up with employees of the company for the season's work.—Willet Sweetman left, on the 8th, for Guelph, where he has procured a situation. He was accompanied as far as Kingston by his brother Samuel, who combined business with pleasure in a few days' stay at the limestone city.—Alf. Howarth has pulled up stakes for the west. Another good Canadian for Uncle Sam. Still they go.—The attendance at church services is beginning to increase with the warm weather. The Rev. Mr. Clare is one of those men who never fail to please. His sermons are always able, eloquent and convincing expositions of the truth and we predict for him no mean place among the future ministers of our country.—During the last month or so quite a number of horses have died in the neighborhood, Mr. Sweetman having lost two.—Messrs. Muldoon, of Plevna, and Elliott, of Toronto, were through here a short time ago prospecting for minerals.—Mrs. Stalker is still ill, suffering from a complication of diseases, heart trouble being the principle. While in a comatose state recently she enjoyed a beautiful vision of the eternal world, a strangely realistic picture of the after life.—Visitors: C. Patience, Lansdowne, at A. Cowan's and Thos. Patience's; Miss Burgess, Wensley's, at Rev. Mr. Clare's, and Mrs. William Mallory, Mallory Hill, at John Gilmour's.

Six Doctors.

Miss C. A. J. Vernon, 8 Homer St., Toxteth Park, London, Eng., was treated for more than a year, unsuccessfully by six doctors, for intense neuralgic pains in the head. She had been given up as a hopeless invalid. In this extremity she was induced to try St. Jacobs Oil. The pain entirely disappeared before she had used the contents of a bottle. Half the contents of a bottle has cured many.

Arden Briefs.

April 20.—The roads are fast drying up; the cold nights keep vegetation backward; very little, if any, grain sown yet.—The saw mills are busy.—Considerable progress is being made with the cheese factory building.—James Williams and wife have returned from attended Miss Jamieson's funeral at Croydon.—W. B. Mills, visiting friends at Napanee, returned on Monday.—G. B. Bisonnette, away for the past week, returned from Kingston, having been selecting new goods for the spring and summer trade.—Robert Hawley and Jappa Vandewater got back from Kingston.—Clear Lake is lower than it has been for years, at this season, and the lowness of the water causes some anxiety.—Engineers have been here trying to improve the roadbed of the C.P.R.—Although pine has been nearly all taken out of Kennebec W. B. Mills came across a large pine tree, the butt of which measured 5 ft 5 in. in diameter, good and sound, yielding three sticks of timber over 20 ft. long, three logs besides the large one; the above tree was on his farm.

Holloway's Ointment and Pills.

With the changing season it is prudent for all to rectify any ailments afflicting them; but it is incumbent on the aged, suffering under ulcerations and similar debilitating causes, to have them removed or worse consequences will follow. This Ointment is their remedy; on its powers all may confidently rely; it not simply puts their sores out of sight, but extirpates the source of mischief, extracts the corroding poison, and stimulates nature to fill up the ulcer with sound, healthy granulations, that will abide through life. Under this treatment bad legs soon become sound, scorbutic skins cast off their scales, and scrofulous sores cease to annoy. Such hope for the disease was unknown in former days.
