WILL CAUSE CIVIL WAR

BRITAIN'S PREMIER MAKES A GREAT SPEECH.

Great Political Struggle Impending—Will Maintain the Integrity of the Empire—No Catholic Despotism—Would Rend Society in Twain—Home Rule a Message of Civil War.

LONDON, May 7.—Lord Salisbury presided at a meeting of the Grand Habitation of the Primrose League, held at the Covent Garden Theatre yesterday.

Lord Salisbury delivered an address in which he declared that a great political struggle was impending. "We have," he said, "to deal with a proposal for a great organic change. The conflicts of classes are shutting out from men's eyes the great issue—the integrity of the empire."

Lord Salisbury also said the opinion of the Loyalists in Ireland had not changed. The condition with which Ulster had to struggle appeared clearer every day. He had been accused of attacking the Catholic religion, but nothing was farther from his thoughts. What Ulster had to dread was being submitted to the despotism of her foes. While Parliament had the right to govern Ulster it had no right to sell the province into slavery. Any attempt to use the English military to subject Ulster to Archbishop Walsh would rend society in twain. Home Rule was not a message of peace, but of civil and religious war.

His Lordship concluded by declaring that unless Conservatives and Liberal-Unionists exerted themselves to prevent that hideous picture from becoming a reality they would produce a result which would not secure Home Rule, but a state of things which would destroy the credit and enfeeble the power of England in every quarter of the world.

MISTRESS OF THE SEAS

Lord Salisbury's Solicitor-General Eulogizes the Premier's Action.

LONDON, May 7.—Sir Edward George Clarke, M.P., Solicitor-General, delighted a Tory meeting at Bermondsey last night by attacking the attitude of the United States on the Behring Sea question.

Lord Salisbury, he said, had shown himself eager and able to protect British subjects thousand of miles away against the presumption of American statesmen, and for this all Englishmen at home and abroad owed him a debt of gratitude.

"There is no sea in the world," he continued, "where British ships may not sail. Wherever the queen sea ebbs and flows the flag of Great Britain may wave over her sailors. For refusing to recognize the contention of the United States that any sea could be closed to British ships Lord Salisbury merits the admiration of all loyal Englishmen."

The aldermen rose, shouting and cheering. Men waved their hats and women their handkerchiefs, while singing "For He's a Jolly Good Fellow."

MARY'S TRAGIC FATE.

Her Little Friend Rushes From a Fire With a Revolver.

CHATHAM, May 7.—A fatal shooting accident occurred on the River Thames, near Prairie Siding, Dover township, yesterday afternoon. The victim was Mary Drago, a 14-year-old girl. A fire was in progress in the house of William Trudell, a neighbor living next to the Dragos, and Mary was present. A young girl came out of the house with a loaded revolver which she was saying, and which in handling was discharged. The bullet struck her playmate and produced instant death.

The Defeat of the Italian Ministry.

NEW YORK, May 7.—The Herald's Paris special says: The Italian Ministry has been overthrown by the Chambers. Since the first day of the session, Italy, overburdened by the army expenditures, has had no further use for the Triple Alliance. King Humbert, who is bound by the terms he has made to Germany, has not been able to see his way out of a really inextricable position unless he has the courage to break off the Triple Alliance. The Italian crisis is very sudden, and throws the politicians of all Europe into excitement, as they understand the position is growing more and more strained. At the time of the last Italian crisis Emperor William asked King Humbert to hold to the Triple Alliance only to the end of summer. The return of M. Crispi to power is impossible in any case.

Death From Furious Driving.

MONTREAL, May 7.—Another death from alleged furious driving occurred in this city yesterday. Felias Bernier, driving an ice wagon, drove over Jules Leclair, killing him instantly. The latter was driving a wagon for the Dominion Barbed Wire Company, and was running alongside his wagon. Bernier came up behind him. The wheels of the latter's cart passed over Leclair's head, crushing it in. Bernier was arrested pending the result of the inquest.

Shot Down by a Woman.

SAN ANTONIO, May 7.—In June last I. T. Wilson of Sherwood, Iron county, was arrested and jailed for slandering Mrs. Lennie Taylor, the wife of Sherwood Taylor. Yesterday Mrs Taylor went to the jail armed with a pistol, and as Jailer Williams was taking dinner to the prisoners she slipped in behind him and sent a bullet through Wilson's brain. Mrs. Taylor has not been arrested.

Short in His Accounts.

CLINTON, May 7.—Customs Inspector McMichael is here investigating the accounts of the late collector of Customs, John Irwin, who died so suddenly a few weeks ago, and reports that irregularities amounting to about $1000 exist. These have been going on for some time. The amount will have to be made good by his bondsmen.

A Million Fire.

NEW YORK, May 7.—The slaughter house of Schwartzchild & Sulzberger, at Fortieth street and East River, was burned this morning. It is believed that the fire was the work of incendiaries, as a strike has been going on at that place. The loss is estimated at $1,000,000.

A Big Steal.

PARIS, May 7.—A box containing coin and bonds to the value of 1,000,000 francs was stolen yesterday from a van belonging to the Eastern Railway Company while the driver was delivering goods in the Boulevard des Capucines.

Must Return to Canada.

DETROIT, May 7.—The four Chinamen captured near the Wabash depot are now at the county jail. They are charged with unlawfully entering the United States, and in the United States court to-day were ordered to be sent back to Canada. They paid $20 each to be rowed over to Detroit.

Morton Murmurs.

MORDEN, May 7.—Gardening and housecleaning is "full blast." Farmers are busy finishing up their spring work. There never has been a more favorable season for work on the farm. Trade in general seems very dull so much so that some of our business men complain about this place but travellers who visit us from various places tell experiences much the same as our own. There is a good opening for a shoemaker and a harness-maker. W. G. Earlliest a horse on Sunday; it was only sick a few hours. Rev. Mr. Huff, Baptist minister of Westport, intends holding service here occasionally during the summer. It is hoped he may come often. Mrs. Celia Scott, British Columbia, is expected here this week on a visit to her mother, Mrs. E. M. Struthers.

Oh, What a Cough.

Will you need the warning. The signal perhaps of the sure approach of that most terrible disease Consumption. Ask yourselves if you can afford for the sake of saving 50c., to run the risk and do nothing for it. We know from experience that Shiloh's Cure will cure your cough. It never fails.

THE FIRE FIEND.

Freight Sheds Destroyed—Great Damage—The Cremone's Danger.

MONTREAL, Que., May 7.—The explosion of a lamp last night on the wharf caused a conflagration that at one time threatened all the shipping in the port of Montreal and did serious damage before it was got under control. During the evening a large body of men were employed in loading steamship Cremone of the old Hansa Line. The vessel arrived a few days ago with a miscellaneous cargo, which was unloaded and stored in the sheds. The vessel was being loaded this evening with cattle. While the men were at work on the vessel they were startled by an alarm of fire, and in an instant the sheds were discovered to be in flames. The fire spread with lightning rapidity, and when the firemen arrived the sheds were a blaze from end to end. The Cremone, which lay alongside, was in serious danger and the sheds of the Allan and Black Diamond lines, which were adjacent to the Hansa Line, were also threatened with destruction. The whole brigade was called to the spot and the firemen set to work to fight the fire. It was a difficult and dangerous task owing to the close proximity of the sheds to the water and the terrific heat. To add to the danger the temporary cattle decks on the Cremone caught fire, and at one time the vessel was threatened with destruction. Several tugs were called to her assistance and finally succeeded in towing her out of danger. The burning sheds were stored with a large quantity of drygoods and other inflammable material, which added fuel to the flame, and it was found impossible to save them. The efforts of the firemen were therefore confined to preventing the flames from spreading to the other sheds and shipping. By means of the fire engines, which were supplied from the river, they succeeded in doing this and after about an hour's struggle the fire was under control. The sheds, which were owned by the old Hansa Line, now controlled by the Hamburgh-American Company, were completely destroyed. The agents of the line state that a good part of the cargo has been removed.

DIED FOR HIS LOVE.

A Married Man Killed Himself for a Young Lover.

HARTFORD, Conn., May 7. Charles Sherwood of Boston came to this city last November and began business as a photographer. He became infatuated with Miss Minnie Marshall, a handsome young woman, and his attentions were accepted. Everything ran smoothly until about three weeks ago, when Minnie's parents learned that Sherwood had a wife and family in Boston, and forbade him the house. Sherwood became desperate, and, after ineffectual efforts to see Minnie, he told a friend that he would kill himself. Early yesterday morning, when Minnie happened to glance from her chamber window, she saw Sherwood standing in a vacant lot adjoining the house. He fixed upon her an awful stare. A moment later he raised a vial of poison to his lips and drank it. Then there was a flash of a revolver and a sharp report. Sherwood was dead before passers by could reach him. In his pockets were found Minnie's photograph, a lock of her hair and a few letters which bore traces of having been read and re-read. The body will be forwarded to his widow in Boston.

NOT MAY WEATHER.

A Party Lost on the Prairie—Killing Horses For Food.

WINNIPEG, May 7.—According to Calgary papers the storm of last week was quite as severe in Alberta as in Manitoba. The MacLeod mail, which started from that town on Monday, had not yet been heard from on Saturday. The driver did not reach the first stopping place, which is 50 miles from MacLeod, and it is supposed that he has been lost on the prairie. Dr. Lovingheart and party, who left on April 18, for the Knee Hill coal mines, 60 miles away, and who it was thought had perished in the storm on Monday last, were found by the mounted police yesterday. They had run out of provisions and were killing horses when found.

LAKE ONTARIO TROUBLED.

A Toronto Tug at the Waves' Mercy—Two scows Washed Ashore.

HAMILTON, May 7.—The tug St. George had a rough time of it on Lake Ontario yesterday. She left Toronto for Hamilton with two dump scows in tow. The sea was heavy and the water washed over the tug and quenched her fires. The two scows broke loose and were washed ashore on Hamilton Beach and the tug was at the mercy of the waves for some hours. Finally, when about to be dashed against the piers at the Beach, a line was thrown out from the lighthouse and the tug was brought in with all hands safe. The tug's scows will be used by Mr. McNamee, who has the contract to dredge the bay at the foot of James street.

MET HIS DESERTS.

A Tramp Captured by a Virginia Crowd and Tortured.

WASHINGTON, May 7.—Bower Robinson, a tramp, was taken from an officer and swung up to the limb of a tree on the road between Alexandria and Fairfax county jail by masked men on Wednesday. On Friday last Robinson assaulted Mrs. Caton and Mrs. Lackey on the Little River turnpike. He knocked both the ladies down, and was only prevented from accomplishing his fiendish purpose by their outcries. He was kept hanging from the limb till his face was black and his tongue protruded from his mouth. He was then lowered to the ground, but as soon as he regained consciousness he was again swung up and kept up for three minutes. Before life was extinct, however, Robinson was let down a second time. He lay on the ground gasping for breath. "Don't torture me any longer. Take a pistol and blow out my brains," he gasped, as soon as he was able to speak. The appeal touched his persecutors, and, still suffering from the fearful torture he had just undergone, he was lifted back into the buggy and driven to the jail.

THE ROYAL GRENS.

Rumored Solution of Existing Difficulties in the Regiment.

OTTAWA, May 7.—The attention of the militia authorities and especially of Major-General Herbert has been a good deal engaged during the past few weeks with matters in connection with the Royal Grenadiers of Toronto. Strange disclosures have been made, if rumor can be relied on. Although absolutely definite information cannot be obtained, it is stated on pretty good authority that a solution of the difficulties existing in the regiment has been arrived at satisfactory to all who have the interest of the corps at heart.

Says He Was Wilful Murder.

QUEBEC, Que., May 7.—A verdict of wilful murder was rendered against Edmond Belanger at the coroner's inquest in the stabbing affair of Montmorency Falls.

Told to Clear Out.

NEW YORK, May 7.—Among the passengers on the La Guayra, which arrived yesterday from La Guayra, was Joaquin Maria Paul, nephew of ex-president Roius Paul, of Venezuela. The latter is now in Trinidad massing troops to send to Crespo to assist in the overthrow of Palacio. The younger Paul, up to a few days before the sailing of the Venezuela from La Guayra, was a prisoner in La Rotunda Caracas, where he had been placed by order of Palacio four months ago. On April 23rd, he was released, given a passport and ordered to get out of the country at once. Influential friends had secured his release. His wife and nine-year-old daughter accompanied him. Mr. Paul said, last night, that Palacio would be overthrown, within two months.

OUTRAGED IN A TRAIN.

DESTARDLY OUTRAGE ON A YORKSHIRE RAILWAY.

The Victim Hurled From the Car and Probably Fatally Injured—Found Helpless On the Track—The Police In Quest of the Dressmaker's Assailant — Amy Faulkner Is Her Name.

LONDON, Eng., May 7.—Another railway outrage is reported. The victim is a dressmaker named Amy Faulkner, and from present indications her assailant, if arrested, will have to answer a charge of murder. Some men walking along the railway near Leeds found a woman lying near the rails. Her clothing was disarranged and she was terribly injured. She was just able to state that she had been assaulted in the compartment of a railway carriage and that after her assailant had outraged her he had thrown her headlong from the carriage. The train was running at full speed and her injuries were sustained by her being thrown from the train. The police are looking for the assailant.

HE NOW IS A SOLDIER

The Crown Prince is Given a Commission—Grand Ceremonial.

BERLIN, May 7.—Yesterday was the 10th birthday of the young Crown Prince William. According to the tradition of the reigning House of Prussia he becomes Second Lieutenant of the First Foot Guards, a Potsdam regiment. He is the first Crown Prince to enter the Prussian army since 1805. His father, grandfather and great-grandfather entered the army as ordinary Prussian princes and not as Crown princes. Potsdam to-day was full of representatives of the house of Hohenzollern and other ruling houses of Germany. Besides the Emperor there were present at the parade grounds his brothers, Prince Heinrich of Prussia, Prince Albrecht, Regent of Brunswick, and the three sons of Prince Albrecht, viz., Frederick Heinrich, Joachim Albrecht and Frederick Wilhelm, the three young princes being already members of the officers' corps of the 1st Regiment of the Guards. The young Grand Duke of Hesse was also present, and many members of the general staff, as well as Gen. Von Kaltenborn, Minister of War. The regiment and all the garrison of Potsdam were assembled on the great parade ground.

The Kaiser made an address to the regiment, in which he alluded feelingly to their historical relations to the House of Hohenzollern. The Kaiser gave the Crown Prince the decoration of the Black Eagle.

The Crown Prince with a grave and dignified military salute to his imperial and paternal war lord took his place in the regiment. Then the guards marched past the Kaiser, the Crown Prince, who wore the uniform of a lieutenant, marching in the rear file.

This evening Potsdam is splendidly illuminated and the palace is a scene of activity.

RAILWAY STATION BURNED.

The Lord Warden Hotel and the Postoffice Narrowly Escape the Same Fate.

LONDON, May 7.—The railway station at Dover was burned almost to the ground yesterday. The fire originated in the lamp room and spread rapidly to the oil tanks.

The firemen could do nothing except try to save the large Lord Warden Hotel but a few steps from the station. At first it was thought that the hotel would be burned down, and the postoffice was also threatened, but the wind shifted and drove the flames away.

The fire burned for four hours. The general buildings of the railway company and the buffet were almost completely wiped out, only the walls having been left standing.

LONDON, May 7.—A despatch from Sierra Leone says: "A messenger from the interior reports that King Samadou, as a piece of strategy, allowed the French to capture three native towns, and afterwards recaptured two of them, the French losing heavily in the engagements.

The messenger says he saw 81 French prisoners and Senegalese and the heads of four French officers in King Samadou's camp.

King Samadou commands 20,000 warriors, 8000 of whom are armed with chassepots.

Meredith, Q.C., and Mr. Holmsbee, Strathroy. Several witnesses were examined during the afternoon.

The Governors Met.

NEW YORK, May 7.—Gov. Flower, of New York, accidentally met Gov. McKinley, of Ohio, at the Windsor hotel, last evening. Both executives were accompanied by their wives so that their conversation, probably, was not like that of the two southern governors, whose meeting has become famous. Gov. Flower came down from Albany with Mrs. Flower and Col. Edmund L. Judson, his military secretary. It is his first visit to the metropolis since his inauguration. The governor and Mrs. Flower expect to return to Albany on Monday.

NO COMMON CURS ARE THEY.

Big Crowds of Doggy People Throng the Rink all Day.

TORONTO, May 7.—Yesterday all day long prize dogs yelped and barked in the hall at the corner of Yonge and Shuter-street. It was the annual spring show of the Toronto Kennel Club. Only canines belonging to Toronto and suburbs were eligible for competition. There was a grand lot of valuable dogs. And that the throng filled the building all day long shows that this is quite a doggy city. Indeed, the affair was a complete success, both from a dog and attendance standpoint. Ladies there were many present. Many of the dear creatures were among the exhibitors. Some took first prizes, and the others thought they were also entitled to them. George Bell's $1500 Fascination was on exhibition, as was also the I.X.L. Kennel's valuable Samson. Both being challenge dubs were ineligible for competition.

Harvard Defeats Cornell.

CAMBRIDGE, Mass., May 7.—The Cornell team tried its luck against the crimson yesterday, and it was a soft game for Harvard. Highland started in to pitch, but realizing that it would be an easy win, Captain Frothingham put Harry Bates in the box that Highland might be saved for Saturday's struggle with Princeton. Bates did very well and "Slugger" Mason caught a superb game. Calthrop pitched a fair game. Priest was unable to pitch or the result might have been different:

Entitled to Access.

LONDON, May 7.—The house of lords' committee, in accepting William Gray as the rightful heir to the earldom of Stamford, has escaped the awful possibilities of a Hottentot earl sitting in its midst, but has not succeeded in brushing aside a princess who is a full-blooded negress. The late earl of Stamford, who died at the Cape of Good Hope a year ago, married his third and surviving partner at Wynberg, South Africa. She is the daughter of a Hottentot. She first attracted the favor of the late earl by acting as a servant in his household. It was the earl's mulatto son by this union who sought to inherit his father's title and seat in the house of lords. The dowager countess is in London under the guidance of a Cape Town lawyer, and it is feared she may demand to be presented at one of the drawing-rooms held by the queen. Being a peer's widow she is entitled to access to royalty.

INCITING TO MURDER.

TWO ALLEGED ANARCHISTS ON THEIR TRIAL.

Citizen Mowbray and Journalist Nicholl Charged With Conspiracy to Murder English Officers of State—Mowbray Acquitted — Nicholl Gets Eighteen Months Hard Labor.

LONDON, Eng., May 7.—Charles Wilfred Mowbray, tailor, and David John Nicholl, journalist, were yesterday on trial at the Old Bailey on an indictment charging that "they on the 9th of April, at No. 143, City-road, did solo criminally and maliciously, in a certain newspaper called The Commonweal, solicit, encourage certain persons unknown to murder certain other persons, to wit: The Right Hon. Henry Matthews, Secretary of State for the Home Department; Sir Henry Hawkins, one of the justices of the High Court of Justice; and William Melville, an inspector in the Metropolitan Police Court."

In behalf of Mowbray it was argued that he had no part in writing the article complained of, and he disapproved of it. Nicholl, it was shown, had avowed responsibility for the article.

Mowbray was found not guilty and was discharged. Nicholl was found guilty and sentenced to 18 months' hard labor.

A SHINING MARK.

Close of An Eventful Career—The Doctor, Succumbs to Smallpox.

BERLIN, May 7.—Eugene Wolff, special correspondent of The Berliner Tagblatt for the German colonies in Africa, telegraphed last evening that Arabs arriving at Zanzibar say that Dr. Emin is dead. The report, Wolff says, lacks confirmation, although it was undoubtedly true, as Wolff telegraphed on May 3 that Dr. Emin was stricken with smallpox while following his advance force from Wadelai to Bukoba. This force was under Dr. Stuhlman and reached Bukoba on Feb. 15. No later reports than Stuhlman have been received. Whether Dr. Emin is supposed to have died of the smallpox or from violent causes the despatch fails to state.

The French in Dahomey.

LONDON, May 7.—Advices from Lagos, West Africa, state that the French expedition in Dahomey is concentrating at Kotonou, near which place the Dahomeyan warriors recently built entrenchments, and which was threatened with an attack by the natives. Reinforcements have been arriving at the garrison at Kotonou lately and the French force there is estimated to be 3000 strong. The force is greatly strengthened by a gunboat which recently arrived. The French were to
