The board of health sceme to impute it to increased filthiness of the drains, their lack of ventilasion, and the open condition of their outlets, which allows draughts of air to enter and drive the sewer gas back into houses and out of the sewer-gratings

Assuming this to be the case a complete emedy is very easily provided. Help Came Too Late. Mrs. Mattle Fenner, of Milan, Tenn. whose husband owns a small farm near Leach's swamp, was attracted by the continued barking of a strange dog a few days ago.
