r President Harrison's retallation scheme in the way of outling off the Grand Trunk and Canada Pacific railroads from using United States territory as a national highway. "It is a simple step," says the Herald, "to threaten Canada on the subject | Tandy. of our treaty rights in the use of the Welland canal, but it would have been more statesmanlike to have considered how the retaliation he purposes to use toward Canada in this case will affect our own people." On this point the Herald offers some valuable information :

In the two ports of Boston and of Portland are the natural eastern termini of the travel of these roads. They bring a large amount of business to New England. They are of inestimable value to her merchants and manufacturers. There is no division on political lines in this opinion. The matter has been fully considered in previous years, and has been the subject of efficial hearings at the hands of congressional committees.
All the leading New England coast cities have been represented. The Arkwight club, have been represented. The Arkwight club, the high tariff people, as well as those who that in 1883 Chas. V. Whaley beare for more liberal commerce, are all agreed came the cashier of the Journal, and on this point. New England business having the confidence of his emneeds to avail itself of the facilities for ployers was promoted to the managership
