The Capitals Defeated by Three Games to Two.

MONTREAL, Oct. 17.-The Shamrocks succeeded in winning the lacrosse match that has caused more excitement in Canada than any other game played heretofore. Both teams were in the pink of condition, and although the betting was 10 to in favor of the Shamrocks the two teamswere too equally matched for such odds to be given. The day was perfect, and the largest crowd ever present on a lacrosse field witnessed the match. The gates were opened at 11 o'clock, and from that time until 2 a steady stream of people poured into the grounds. It is estimated 7000 were present. The game started at 2.30. The

Referee-William Pollock, Cornwall. Um-pires-W. Aird and F. Larmouth. The Caps had won the toss and played down field. The first game was decidedly in favor of

the Capitals, who had had the best of the play, and Carleton finally scored the game for the caps in 19 minute. The Ottawa crowd went wild over this. The second game short but brilliant. The Shamrocks made a sudden spurt at the goals and in the absence of Crown from his

post O'Mears put the ball through the Capital goals. Time, 5 minutes. There was intense excitement when the game was started. After some brilliant playing on both sides, Ketchum scored the third for the Capitals. Time 164 minutes. The fourth game was a strong one on both sides. The Shamrocks put forth all their exertions, but the Capitals had the best of the geld play, and there were several narrow escapes on both goals. The ball was finally brought down to the Capital flags, and after a sharp scrimmage was put through by O'Meara. Time, 13

The excitement was now at fever heat and kept up till the fifth was called the match now stood two games each, with 35 minutes left, and it was a toss-up who would win the pext game. The Shamrocks succeeded in scoring again in 18 minutes, and the vast crowd rushed pell-mell on to the field and an indescribable scene ensued. Thousands of hats waved in the air, every one cheered and gesticulated After much difficulty the field was again cleared, the referee announcing there were 74 minutes left to complete the two hours. This was played, however, without a game

being scored. The result is as follows: First game Capitals, time 10 minutes; second Shamrock time 5 minutes; third Capitals, 164 minutes; Shamrocks, time 15 minutes.

STORMS IN GREAT BRITAIN.

At Burham, which is nearly surrounded by the River Wear, the water is very high. The railway bridge has been swept away by the torrent, causing a heavy loss, and further damage is apprehended. When the bridge fell a freight train was just going on it, and the engine and leaded cars went to the bottom of the river. The train hands had sufficient warning of the impending disaster to make their escape.

The storm is also making itself felt in the Channel. The Deux Gamins, a French lugger, has been blown ashore on the Island of Guernsey, where she broke up. All her crew were drowned. At Wakefield, near Leeds, several people

were injured by the explosion of gas in a hotel. The basement was flooded by the overflow from the River Wear, and it is supposed that the water displaced the metre, allowing the gas to escape. The house was completely wrecked. The injured were taken to the hospital.

A SATISFACTORY CHOICE.

Sir James Mathew, President of th Evicted Tenants Commission, LONDON, Oct. 17. -It is recognized both sides of the political camp that Mr. Morley made a good move in appointing Justice Mathew to the presidency of the Royal Commission on evicted tenants in Ireland. Sir James is an Irishman, and a nephew of Father Mathew. He has never taken an active part in political life, but his friends well know he is a Liberal and a Home Ruler. So high is his reputation on the bench, so unimpeachable his integrity, that no whisper of dissent breathes over this ground. Justice Mathew was raised to the bench 11 years ago. Some surprise was expressed at the time, since he was at the junior bar, but the selection was abundantly justified. A Roman Catholic, he is the third judge of his faith appointed since the Catholic Emancipation. He is married to a daughter of a Kentish County vicar. It is understood that the commission gazetted last night will promptly get to work so as to be able to submit their re port to the Cabinet in time for the ministers to meet Parliament with definite proposals on the subject.

> THE LOCKUP WAS COLD. A Man Arrested at Dunnville Sues the

Fown for Damagea. Hamilton, Oct. 17 .- At the Cayuga Assizes, which open on Oct. 31, a unique suit for damages will be tried. On April 22 Seaman Tisdale was arrested near Dunnville on a charge of cattle stealing. He alleges that he was put in the Dunnville lockup, where he was first nearly suffocated and roasted by a big fire and smoky pipes while he had to yell for help to the passersby on the street. He had almost fainted when E. Laier, reeve of the town, and the constable came and opened the doors. The pipes were not properly fixed, however, empty, a cartridge in his pocket fitting the and the maniac was overpowered. THE EGLINTON SHOOTING After a Long Struggle the Victim Dies of

His Wound, Toronto, Oct. 17. - Death has at last laimed William Jones, the victim of the Eglinton shooting affray. Dissolution occurred at 10.50 o'clock Saturday night, The struggle was a long one, with the odds against the injured man. The shooting occurred on the night of Sept. 27 and the following evening he was admitted to the Toronto General Hospital. Forty-eight hours after the shooting gangress of the most virulent type set in and no hope of saving the man's life was entertained. Jones, in his moments of consciousness, was told that he must die, but he stoutly denied that he would. than the doctors, he having improved to About 10 days ago Jones made an arite mortem statement, in which he stated

The Body of an Infant Left on a Door-London, Oct. 17 .- Saturday evening a young son of Francis J. Pendergast, corner of York and Maitland-streets, left his home, and returning in about 10 minutes was aurprised to find a backet on the walk between he gate and the doorstep. Naturally he picked it up and calried it into the house to see what the contents were. The only occu. | MOULDINGS PERFEC pant was a baby. Dr. Macarthur was summoned and found life extinct, although he could not say that the child was dead whenexand. It was apparently about a work bul, had been naturally born and was well nourished. The infant was dressed comfortably and neatly. There is no clue the persons who deposited the basket and its busan contents where they were

Coroner Ferguson was notified and a jury was to be empaneled Saturday to view the body. An inquest will be held at an early date to find out if possible who wished Mr. Pendergast to care for the child. A SKUNK FARM.

At Two Dollars a Skin it Pays Better Than Wheat or Corn. STROUDSBURG, Pa., Oct. 17 .- The oddest industry in Monroe County is skunk farm ing, and it is carried on in the eastern part of the county by M. Luther Michaels at a sing profit. Mr. Michaels grew weary of trying to raise corn and wheat and turned his altention to black skunks. He captures il he can, and these multiply after he has shut them in a Seld enclosed with wire netting. There are about 650 skunks on the farm now, and Mr. Michaels hopes to increase the number to 1000. The profit comes from the skins. A prime black skin is worth \$2 and finds ready sale. He

Bright Condition of Trade in the United

Henry Clowes, the solid New York banker, of safe and conservative opinion, thus reported on Saturday last upon the sound condition of business; "The volume of trade is large, failures are few, collections good, speculation comparatively quiet, prices low, labor well employed, wages high; in short, the masses are prespercus. In all the textile industries trade has been particularly ! closer, and call money may be subjected to sharp fluctuations, but there is no lack of time money available at ressonable rates. The grop situation is favorable, in that the diminished yield of wheat, oorn and cotton was desirable, considering the large supplies carried over and the prospective diminished foreign demand for cotton and wheat. Another heavy yield of these three products
