MOWATS REIGN. wentieth year in office, and was congratuated by many upon his encouse. When S.r. Oliver resigned his seri in the chancery ourt and became leader of the liberals in hel Ontario legislature, as Blake and Mactenzie retired, in pursuance of the act which tious, conscientions and restraining in his manner, and practical politics meant aggreesiveness. But Sir Oliver has demonstrated profits. This island offers a most suitable will hall from this village. One of the most that he is just the kind of man whom the people will trust. They say he has wicked partners, but he seems to keep his eye the farmers realize this, especially this year, upon them, and in each succeeding election he has been sustained by such over-Carnovsky, whelming odds that it seems as if Mowatism is to be perpetuated. At such a time it is in small lots and sell at the ruling market ON THE SQUARE not necessary to recount the instances in which he has given proof of his superior wisdom. His record is clean. On its merits are primitive and laborious. However, some he cannot be defeated. This his opponents perceived, and hence the conspiracy to bribe some of his supporters and induce them to vote now, confidence in him. It was a failure, and ever since the administracion has been free of malicious attack. Of course the opposition mu-t gramble a little in order to show that it will lives, but its hopewof access to the treasury benches are weaker than ever, and Mr. Meredith, weary of a fruitless fight, seeks admission to the inner circles at O tawa. The province has reason to forl

> ness, its aconomy, its honesty, and the wish will be generally and cordially expressed that Sir Oliver will be long spared to fill the office of premier. As a former Kingstonian we congratulate him upon the success he has won and carried with so much honor and Lutheran, which were well attended. They d stinction. DALY'S MONEY SPENDING. The call of Hon. T. M. Daly to the government, and the assignment to him of the department of the interior, suggests the re mark of a London paper that the immigra-

per, to observe : "When the new minister of the interior, Hon, T. M. Daly, asks parliament for half a million dollars to spend upon the immigration service, there ought to be a few tory members to help enforce the liberal idea that a substantial reduction of the oustoms tariff would do more to people the northwest with prosperous and contented settlers than can be done by lectures to

Europe or by bonuses to steamship com-A half million dollars spent in immigration, as the country stands, will be absolutely wasted. The question of the hour is not how to bring immigrante into Cava is, shows that most of those who came from Europe to the dominion in the last ten years, at least most of those who had not the means to settle upon land and go into farm ing for the purpose of pursuing it and maklog it pay, have gone out of it, and so the money spent in assisted passages and in the incidental expenses of agents and officlals representing the government has gone for nothing. To argue that these fundtwo immigrants in the development of the

grants remained in Canada would be to magnify the loss sustained by the departure of young Canadians, one of whom is worth country's resources. Mr. Daly may please \$6 the London Chronicle by undertaking a scheme that will tend to relieve the congested districts of the mother country of some of their surplus population, but he may rest assured that Canada has no money to spare

for experiments which do not mean a direct and abiding benefit to these who have to

NEW BRUNSWICK ELECTIONS The result of the provincial election in New Brunswick is somewhat surprising. The government, a coalition, has been sursere, stained, but the premier, the central force, Hon. A. G. Blair, has been defeated in York and must seek the representation of a new constituency. He is not the first leader of a government who has had to find a new seat, the domin'on had to cross the continent of which Canada has at last become exceed-

to consider them. The government objected. Mr. Blair might have taken a pointer from Sir John Thompson, and, with the aid of his colleagues, revised the charges, eman-CAPEVINCENT CHATTER. culated riven, made them harmless, and then referred them to a commission; but the

position was taken that those charges, in all their fullness and alleged enormity, abould be investigated by a committee of the house. That was the position of the government, and it was supported by the heard regarding the selection of the site for selectator. "S'x'y cents each," was Heutenaut-governor. Meanwhile the people | the Catholic school, although Oct. Sch was | the reply, and then everybody wanted one. have discussed the issue and practically pronounced upon it. They have been told that "the government has been conceived in in quity and brought into life by the legislature who has since become

a member of the government;" that "the government was defeated in the previous election, but continued by the epan purchase of unprincipled members of the opposition. and they have voted in such a way as show that they do not believe the record. The "coalition" did not please either of the great political parties in some districts,

but 'it has triumphed, and enters upon a new lease of office, with a hope of wreater economy in the management of public offi ces since with the dissolution of the sembly the new legislative council disap-SAILING from New York every Saturday, Au peared, and the province will have the thousands a year which it cost to devote to more useful purposes. The parties in the new house stands at last accounts, 23 to 14 in favor of the government.

THE DIFFERENCE NOTED.

On Tuesday Sir Oliver Mowat passed his The Impressions of One of the Staff of the Travelling Dairy. Wolfe Island is quite a large etretch of land, twenty-one miles long by seven miles wide, beautifully situated on the Sr. Lawrence, just off Kingston. It is thickly settled, there being very little waste land on it. A large cheese factory was established on who have patronized the cheese fectory are than the farmers in the west, who depend largely on the sale of hay and grain for their ground for the establishment of cheese or butter factories, and such institutions are badly needed in the western portion. Many of where the grain crops on many of the tarms were practically a failure. Much of the butter sold on the Kingston market comes from this island, but as the farmers bring it over price, the profits realized are small, for, on the whole, a poor class of cows are kept and the methods of manufacturing the butter extra good butter is made on the island. Mrs. Job Watts, who supplied the oream for the dairy meeting, is a good buttermaker, using modern appliances and taking great pains in the manufacturing.

Fredericksburg Facts. FREDERICKSBURG, Oct. 25 .- Things looked lively about the station last week. Or enquiry it was learned that C. E. Bartlett was making a large shipment of hay for the old country markets.
