The Contests Were Keen and Every Event itad a Big Lot of Competitors-Some Backward Riding Tost Proved Some to be Dexterous Saddle Men-The Full

The battery sports continued yesterday afternoon at the fair grounds, with the second half of the programme, embracing principally mounted competitions. About 250 of the soldiers and their friends were present. The backward and mounted hurdle races were very exciting, while the egg and speen, the Victoria cross and rolling gun wheel races were very amusing. The results of the races and the order which they occurred were :

Heads and posts; open to mounted men of the field section. -In this competition there were three cuts to the left at the posts, all cuts and points being done with the sword while the horse was at the gallop. The possible number of points were 24 There were 18 entries. Driver Burke, 22 points; Driver Fawcett, 22 points; Rr. Clifford, 18

Kennedy, S.S. Boutillier, Br. Robinson. Rolling gun wheel-Run in squads, Drivers Fancon and Fawcett first in respective ones. They ran for second prize on the barrack square to-day as the track was too heavy at the fair grounds. The antice of the men trying to control the huge wheels were very funny. Fannon secured first in

the deciding heat this morning. Potato race-S.S. Bontillier, Tpr. Beckett. Tpr. Porter. The Victoria cross race was only open to mounted men, who had to ride up to a barrier which concealed several soldiers armed with carbines and plenty of blank ammunition which they fired through apertures. When the horsemen arrived at this point each competitor had to dismount and resous a dummy soldier weighing 153 lbs., put it on his horse and ride back to the starting point 150 yards distant. While Br. Gustar, the fifth man to compete, was bringing in the dummy it broke putting an end to the was : Driver Bourke, 1:28 mins ; Br. Why Canadian Medicos are Welcomed in The Hospitals. Dr. Herburt Adamson, son of the late James Adamson, formerly clerk to the senate, and a graduate of the Royal college of physicians and surgeons, Kingston, returned or Thursday from an extended tour of the London and Edinboro' hospitals. The doctor states that Canadian graduates in medicine are received with the utmost consideration and coursesy by their old country confreres, who do not seem able to do enough for them. There is considerable difference in the reception tendered to American students, who as a class are looked upon with some suspicion from the fact that the qualifications for degrees at many American colleges are much inferior to those of Canadian schools of medicine. The enterprising Yankees too are in the babit of taking down verbatin some distinguished professor's erries native land having them printed and sold, much to the disgust and pecuniary loss of the author, Dr. Adamson met a large number of young Canadian medices during his visit, all of whom are taking a very high standard in their classes.
