The number of Canadians residing there in 1890 Among the Parisian methods of theft for which the employment of force is rebeing 297,601, as against 74,203 in 1880. quired the simplest is called "the trick of

Tno Ottawa Free Press does not think that even these figures should pass without some qualification, and so it says that no acsount is taken of the emigrants from Europe who went to the United States during the past ten years after spending some time in Canada, and of the death rate among the Canadians included in the estimate of Cans. dians in the republic in 1880. It is therefore declared to be "a low estimate to say that 300,000 Canadians left the deminion for the United States in the ten years ending with 1890, under the tory policy of trade restriction, and as the United States census returns are now over two years old, and the exidus has been going on steadily, the statement that there are a million native head of his prey, after doing which he

Canadians in the United States is below the

The attempts of the conservative press to account for this depressing statement are expeedingly funny. The Hamilton Spectator leads in the apologies. It reasons that a lot of young people go from home for the sake of change. That's a debatable question. How many, if any, went from Kingston for the love of adventure! On the contrary how many went abroad because they had to do so or starve, travelling into Yankeeland on barrowed money ! Lots of them. Suppose they do write home and beast of the high wages they are earning ! I.'s some thing to be proud of, and something which the folks at home will like to hear. The few who have families here, because, for financial reasons, unable to remove them or
