PURE SIR JOHN. The conservative associations, including our own dignified local institution, have been passing resolutions expressions of the patriotism, ability and purity of the new premier. The high sounding phrases embodied in these resolutions would lead one was unclean. And yet the record is against rymanders, britary of constituencies, franoccurrences as the vile fraud which deprived

Sir John Thompson was a party. He as form? I can answer both Baird to steal Mr. King's seat, though Mr. Thompson who whitewashed Messrs. Cochrane, Haggart, Langevin and Caron, and the signal for a higher and finer administration of offices at Octawa than the country has been in the habit of seeing. professing to have a desire to clear public record shows that he has got down to the level of the party, and that there is no poli-

tical iniquity which he cannot stomach. OLD AGE PENSIONS. The idea of Rev. Prof. Nicholson, at the Sunday afternoon meeting, that some prothe aged and helpless poor, is not a new one, but it is gathering force with time. With the march of civilization, with the exercise of that benevolence which is becoming a characteristic of the age, the necessity of having the old, the decrepid, the depressed and distressed poor cared for in some efficient and satisfactory way presses itself upon thoughtful minds, but the day when the scheme reaches fruition appears to be far distant. The great consideration past which the average philanthropist cannot go is this: That many of ago, the family removed to Chicago. Dur the financially needy in the helplessness of ing the summer she was taken ill. About can effect a perfect cure. Hood's Sarasold age have been improvident in their three weeks ago she decided to return to ly is to give license to the less advanced in on Friday. Her children were apprised of system. years to pursue their improvidence in the ber dangerous condition, but none of them hope and expectation that when they have run their course the

will meet their absolute wants. The responsibilities of supervision should not be confined to the close of one's life. If they just when, how and to what degree-the hersonal interests of the individual should be grasped or guarded by the state has not been, and cannot be, defined. The wisdom of those who are giving to the question there best thought and study has not yet led to a solution of the problem, but they are not discoursged. They are proceeding on the basis that if they do not at first succeed they can try, try, try again. According to the article written by Hop. Mr. Chamberlain for a recent number of the are to engage the mind of the British legis. lators, and his programme contemplates an eight-hour day for miners, the earlier closing of shoperribunals of arbitration in trade by workmen while at work, oldbage pensions working people, and, finally, power to local day by hard work. authorities to advance money to the working people for the purchase of their dwellings. Some may accuse Mr. Chamberlain of advanced and speculative theories, but he has been instrumental in doing so much for | send you any electrical appliance now in the his propaganda interests if it does not convince.
