"Optimus per Orbem Decor."

NOT ALL HARMONY.

The WHIG referred to some rumblings of discontent from West York re the performances of the new comptroller of customs and the reconstruction of the O tawa cabinet. That the "kicking" against tory misrule is not confined to West York we judge from other instances. Mr. Craig, M.P., representing East Durham, has felt impelled to address his constituents and say that any legislation of parliament, looking to a reopening of the Manitoba school question, and the interfering with the educational affairs as managed by the provincial government, will have his strong and uncompromising opposition. George Taylor, too, has been talking to his constituents, and he is quoted as having said:

"As a supporter of the government and as my duty demanded, I notified my leaders over two months ago that if they introduce any legislation to interfere with or override that of the province of Manitoba I will feel it to be my duty to vote against them."

What Sir John Thompson thinks of this free speech we cannot opine, but it is generally understood that he is annoyed beyond measure and inclined to call some of his political friends to account. He is credited with sending for his colleague, Hon. Mr. Ouimet, and asking why the minister of public works saw fit to reiterate the views of Hon. Mr. Chapleau, to the effect that the separate schools of Manitoba must be maintained at any cost. And Hon. Mr. Ouimet is said to have declared that his mind and opinions were his own, that he would use them as he saw fit, and if he could not do this and remain in the government he would retire from the cabinet. Call this harmony! The fact is being advertised every day that the conservative party is not as loyal to its leaders as it was. Time was when press and party waited for the old man to speak, and accepted his declarations and defended them as the embodiment of light and wisdom. Now it is a case of go-as-you-please, and the speeches delivered by some members of parliament must be confusing to the government.

THE TORY SAVIOUR.

So long as a conservative acted as mayor of Toronto all was right in the estimation of one great political clique. No sooner had Mr. Fleming, a liberal, succeeded to office, than the discontent sets in, and despite the best efforts of an able man, and a man devoted to the public interests, he is hounded by the *Empire* and his place demanded for another. Candidates for office are usually numerous enough, but it was with difficulty that some one could be induced to enter the field as an opponent of Mr. Fleming. The conservative choice finally fell upon E. E. Sheppard, the journalistic free lance. Now Mr. Sheppard must feel in a degree complimented by the laudation of the press and by the preferences shown to him by the conservative party seeing that he has had a rather diversified career and had but recently scored down the Ottawa government, repudiated its policy, and called for the appearance of a MAN who had a head for leadership and knew how to act with this great crisis in public affairs. Sheppard's early and radical outbursts in journalism shocked the people of Toronto. His style of presenting the most common issues of life, giving them a sensational trend by the extravagance of his expression, soon reached a limit, and with the attack on the 65th regiment of Montreal his arrest and subjection to a series of expensive experiences, he turned over a new leaf. For some time he has been running a species of society paper, the leading feature of which, as of the London *Truth*, and the London *World*, is the article written by the editor on current events. Meanwhile he has run a peculiar course. In 1887 he was the candidate of the liberal and labor party, and bumped up against that master of pride and perfumery, Col. Fred Denison, in West Toronto. Three years later he was leading a forlorn hope in the provincial election, in Haliburton, with the usual success. He has been talked of as a successor to Mr. Bigelow in the legislature, and, probably, it is to get him out of the way that the conservative party proposes him into the mayoralty, and that the *Empire* has been induced to overlook his scars and wounds, his erratic reputation and his evil tongue, and endorse him. Listen to his awful guff, written of Mr. Sheppard, who has metaphorically spanked Sir John Thompson and his colleagues and put his little editorial pin points to bed: "What the city has needed during the past year, and needed very badly, is a strong man—not a man necessarily familiar with the work of the municipal arena, which largely includes routine, wirepulling and recrimination, but a man who is able to exercise a controlling influence over the policy of that body by his practical good sense, his vigor and grasp of public questions. Mr. Sheppard, then, is the man whose towering form and splendid intellect is to command universal admiration, and whose touch in matters political is to be the touch of reform. Who will say now that a prophet hath no honor in his own country, when the lisping of the man himself has made so profound an impression that he should be dragged into public life and looked upon as a savant, a saint, and a saviour.

A FRONTENAC MIRACLE

RELIEF COMES WHEN HOPE HAS ALMOST FLED.

An Ex-Councillor of Oso Township Tells of His Release From Suffering—His Neighbors Verify His Statements—A Marvellous Cure That Is Now a Household Word.

The readers of the WHIG will remember that our reporter at Sharbot Lake, on two or three occasions last winter, wrote of the serious illness of Edward Botting, a well-known and respected resident of the township of Oso. Mr. Botting was so low that his friends had no hope of his recovery, and although of an energetic disposition and not the kind of a man to give up easily, he even felt himself that life was slipping from him. Later we learned that Mr. Botting's recovery was due entirely to the use of that remedy which has achieved so many marvellous cures that its name is now a household word throughout the land—Dr. Williams' Pink Pills for Pale People.

Our reporter visited Mr. Botting at his home on the picturesque shore of Succor Lake. Mr. Botting is a very intelligent and agreeable gentleman, some seventy-five years of age, but looking and acting as sprightly as a man twenty years younger. He is probably one of the best known men in this section. He was postmaster at Fermoy for fourteen years, and a councillor of the united townships of Bedford, Oso, Olden and Palmerston for ten years. He gave the WHIG representative a cordial greeting remarking that it was his favorite paper and that he had been a constant subscriber for forty-nine years. Mr. Botting readily consented to give his experience in the use of Dr. Williams' Pink Pills, saying that he believed it was a duty he owed humanity to let the public know what they had done for him. "It was about two years ago," said Mr. Botting "that I first began to feel that I was not my old self. Up to that time I had been exceptionally strong and rugged. My illness first came to the form of kidney trouble, which seemed to carry with it general debility of the whole system, and none of the medicines that I took seemed to do me any good. I am a-ff of a disposition to give up readily, and I tried to fight off the trouble and continued to go about when many another would have been in bed. Things went on in this way until about a year ago when I had a bad attack of la grippe, and the after effects of that malignant trouble brought me so low that my friends despaired of my recovery. I did not give up myself for that is not my disposition, but when I found that the remedies I tried did me no good I must admit I felt discouraged. I was troubled with severe and constant pains in the back, sensations of extreme dizziness, weakness, and was in fact in a generally used up condition. I had read frequently in the WHIG of Dr. Williams' Pink Pills, and at last the conviction forced itself upon me that they must have some special virtue else they could not obtain such strong endorsations in all parts of the country. The upshot was that I determined to try them and I bless the day that I came to that conclusion. Before the first box was finished I felt benefited, and I continued their use until I was as strong as ever. I have lately worked hard and find no ill effects therefrom. I consider Dr. Williams' Pink Pills the best medicine sold, and you may say I would not be without them in the house if they cost $5 a box. All my neighbors know what Pink Pills have done for me," said Mr. Botting, "and I would just like you to ask some of them."

Your reporter acted upon the hint, and first saw Mrs. L. Kisk, a daughter of Mr. Botting. Mrs. Kisk said, "What my father has told you is quite true. It was Pink Pills that cured him and we are very, very thankful. Father is now as smart as he was twenty years ago."

Charles Knapp, a prominent farmer, said: "I consider Mr. Botting's cure a most wonderful one and I believe he owes his life to Dr. Williams' Pink Pills." Your reporter called at John W. Knapp's but found that gentleman away from home. His wife, an estimable and intelligent lady, said we are aware that Mr. Botting was very sick for a long time and considering his age thought it unlikely he would recover, but he is now as smart as he was ten years ago, and he ascribes it all to Dr. Williams' Pink Pills.

Mr. Avery, reeve of the township of Oso, and warden of the county of Frontenac merchant, told your reporter that he has a large and constantly increasing sale for Pink Pills, and from all quarters has good reports of their curative qualities.

H. W. Hunt, a commissioner and school teacher, said he had known Mr. Botting for a number of years and considered him a well read and intelligent gentleman, who, if he said Pink Pills had cured him, could be depended upon, as he is a very conscientious man who would not make a statement that was not accurate.

Dr. Williams' Pink Pills are a perfect blood builder and nerve restorer, curing such diseases as rheumatism, neuralgia, partial paralysis, locomotor ataxia, St. Vitus' dance, nervous headache, nervous prostration and the tired feeling therefrom, the after effects of la grippe, diseases depending on humors in the blood, such as scrofula, chronic erysipelas, etc. Pink Pills give a healthy glow to pale and sallow complexions and are a specific for the troubles peculiar to the female system, and in the case of men they effect a radical cure in all cases arising from mental worry, over work, or excesses of any nature.

These Pills are manufactured by the Dr Williams' Medicine Co., Brockville, Ont., and Schenectady, N.Y., and are sold only in boxes bearing the firm's trade mark and wrapper, at 50c a box, or six boxes for $2.50. Bear in mind that Dr. Williams' Pink Pills are never sold in bulk, or by the dozen or hundred, and any dealer who offers substitutes in this form is trying to defraud you and should be avoided. The public are also cautioned against all other so-called blood builders and nerve tonics no matter what name may be given them. They are all imitations whose makers hope to reap a pecuniary advantage from the wonderful reputation achieved by Dr Williams' Pink Pills. Ask your dealer for Dr. Williams' Pink Pills for Pale People, and refuse all imitations and substitutes.

Dr. Williams' Pink Pills may be had of all druggists or direct by mail from Dr. Williams' Medicine Company from either address. The price at which these pills are sold makes a course of treatment comparatively inexpensive as compared with other remedies or medical treatment.

Colebrook Chatter.

COLEBROOK, Dec 20.—The shooting match last Friday passed off quietly. At the rifle in the evening a great many birds changed hands. One man from Yarker lost his turkey while sitting on it for safety. Thomas Bradford, in coming from the grist mill with his load on the waggon, turned the corner coming on the bridge a little too speedy, his waggon slewed around and one hind wheel ran up the iron railing and capsized the waggon, broke the reach, and his team came near going away. As Thomas Gilligan, our mail carrier, started out to our post office for the mail, his horse became unmanageable in turning a corner, threw him out and made a general wreck of his buggy before the horse was secured. The Rev. Mr. Bates preached in the Methodist church here last Sabbath. The trustees of our school have secured the services of Miss M. Caldwell, Sydenham, for 1893. V. Vannest has returned from Michigan, where he has been on a two years' visit. George Dier is still very low.

W-Y TAXES ARE HIGH.

The Grants to Every School Section Has Increased the ...te.

VENNACHAR, Dec. 20.—About a foot of snow fell on the 14th, and its consequence the sleighing is now in excellent form. The fall is now quite sufficient for drawing in the shanties, which will probably commence as soon as the lakes take sufficient ice to permit their being travelled. The cut of logs, so far this year, is unusually large. The political pot, simmering last week, has now reached the boiling point. The electors are being actively canvassed by the candidates for honors. Some people make a big mistake when they hold this year's council responsible for the increased taxation. The increase, so much complained of, is due in a great measure, to the new statute of the Ontario legislature in regard to the maintenance of schools. This law provides that a grant of $100 shall be made by the municipality to each school section within its bounds, whether large or small. Previous to the passing of this act the only schools in these united townships which have been kept open during the full teaching year were those at Vennachar and Denbigh. The other sections are all small and could not well afford to provide a teacher for the whole year. It will be readily seen what an advantage this recent provincial legislation gives these poorer sections. But a comparatively small proportion of the $100 grant they each receive is paid by these sections, and consequently they find it almost no extra burden to keep their schools open for the entire year. All of them, but one, have taken advantage of these circumstances and accordingly the school rate is considerably higher than formerly. This, of course, is most seriously felt in the larger and wealthier sections. The county rate is somewhat higher than usual also this year and the grumbling taxpayers must simply submit to the inevitable instead of considering themselves robbed by a council which has given evidence of good ability during its period of service.

Visitors: Mr. and Mrs. Joyce, Griffith, at G. W. Sweetman's; A. C. Huffman, Denbigh, at J. Gilmour's. This is my farewell communication; I express regret at the severance of our relationship. It has been a pleasure for me to contribute in a small way to the columns of your paper, the leading news medium of Central Ontario, and in leaving my post, I feel that I am parting with an old friend. I am glad to be able to say that this place, where your paper is so widely read, will still be represented after my departure. I heartily wish the WHIG the success it so richly deserves as a progressive, enterprising and well edited journal.

YARKER YIELDINGS.

Farmers Looking For a Fine Advance in Prices of Grain.

YARKER, Dec. 20.—There will be no Christmas tree entertainment in Yarker this year and the children are a disappointed lot. After practicing so long and looking forward to the event with such childish glee to have it withdrawn is really a shame. Rev. Mr. Short, from Kingston, will fill the appointments next Sunday for Rev. Mr. Marsh. Located outside the village is a fine sheet of ice which is well patronized by the boys and girls in the healthful pastime for skating. Teams convey the skaters to and from the place of skating. James Homan will locate in Yarker again. Welcome James. Many farmers are holding their grain thinking that now Harrison is beat the duty will be at once removed, one farmer remarking that he ought to now receive 70c for his barley. The policy of the new government in Canada is announced as protection to the backbone. If such be the case and the tariff is not lowered here don't look for anything else than a high tariff against Canada by the American government. The lowering of the taxes the present year speaks well for the reformers elected in Camden last election and these should be returned. Deputy Reeve Mazlo has shown himself to be an able financier and his activity in municipal affairs should merit his return by a large majority. Warner, Yarker's butcher, has sold out to Warner, Camden East butcher. The wife of Gustus Gilligan and the wife of J. Cartwright have made additions to Yarker's population. A. Tompkins has moved back to Yarker from Napanee Mills. The man's wages were lowered under the N.P. by the Rathbun Co.; some left and moved here. Capt. W. Montgomery, of the schr. Delaware, is home for the winter. A. Connolly, T. Eagle and John Freeman were delegated to the district lodge meeting of the C.O.O.F. As previously conservative in Camden East says that with Thompson as premier, Bowell and Wallace in the ministry, the success of the conservatives is assured. Just wait and see. We hear that no more drunks will be molested in Yarker, as the prosecution of the last cases were withdrawn by complainants. Harry and Percy Catherell, of Dresden and Bellevi le, are at Dr. Vrooman's for the holidays.

RUNNING FOR OFFICE.

The Candidates for Denbigh Council—The Shantymen in Doubt.

DENBIGH, Dec. 20.—The recent fall of snow has given us excellent roads. Some loads are now entered by the shantymen, conveying the roads used for drawing logs to the lakes, owing to the fact that the swamps have not been sufficiently frozen for a good foundation upon which to make them. The Rathbun Co., will engage two clerks this season, Mr. Murphy will act in that capacity at the shanty plant, and Mr. Martin, Tweed, will be in the company's office at Denbigh, which is now under erection. The latter office will be the headquarters of the firm's jobbers. The municipal council held its last meeting at Denbigh, on the 15th inst., and finished its business for the present year. Great interest is manifested in the coming contest. Not all of the retiring council will be candidates for municipal honors for the coming year. Mr. Hughes who served the municipality for twenty years, will drop out. William Lane, the retiring reeve, will be opposed by G. W. Sweetman, who was honored with the reeveship for seven successive years, previous to the election of the present reeve.

James Youmans, Denbigh house, will hold a shooting match on Monday, 26th inst. The distance will be 200 yards with a nine inch ring. There will be a dance in the evening and all those who are fond of the light fantastic are cordially invited. A report was circulated that Marshall Storing, Griffith Road, was stricken with diphtheria and some fears were entertained by the community. We are glad to state that the report is false. Rev. Mr. Clare held special services in the Pringle settlement last week. Mrs. James Lane and daughter, Stella, arrived home by the Cloyne stage on Saturday evening. Mrs. Lane has been visiting her daughter, Mrs. James Donaldson, Pontiac, Que., since October last. She returned home by way of Ottawa and Carleton Place. In the former place she visited her third daughter, Jennie, who is professor in the Canadian college of music, and at the latter Mrs. Easton, formerly Miss Youmans, of Denbigh.

Wilton Whispers.

WILTON, Dec. 19.—The Chosen Friends' concert, on Wednesday evening, was a success. The instrumental music was furnished by Messrs. J. Johnson, Odessa, on the violin; G. Bertram, Harrowsmith, tamborine, and Sperry Saibley, bones, accompanied by Miss Rose Saibley. F. L. Tooker, Morven, delighted the audience with his comic songs and recitations. Rev. H. I. Allen delivered a couple of speeches, explaining very clearly the benefits of the Chosen Friends. Dr. Vrooman, Yarker, acted as chairman. W. F. Hodge gave several exhibitions of his ventriloquism, which added a great deal to the enjoyment of the evening. The Smith family concert in the Methodist church, Saturday night, was very well attended. Mr. Gilligan, Millhaven, is moving to Wilton and will start a blacksmith and waggon shop in L. L. Gallagher's storehouse. Miss Beatrice and D. Sanderson have returned. Misses A. Saner and Grace Thompson, Harrowsmith, spent a few days at L. L. Gallagher's.

Catarrh in The Head

Is undoubtedly a disease of the blood, and as such only a reliable blood purifier can effect a perfect cure. Hood's Sarsaparilla is the best blood purifier, and it has cured many very severe cases of catarrh. It gives an appetite and builds up the whole system.

Hood's Pills act especially upon the liver, rousing it from torpidity to its natural duties, cure constipation and assist digestion.

BURNED TO THE GROUND

THE BARN AND ITS CONTENTS DESTROYED TUESDAY MORNING.

All the Teachers in the Odessa School Leave for Good—A Lad's Narrow Escape From Drowning—The Prospect Cockeil Wants to be on Hand Next Year Again.

ODESSA, Dec. 20.—John Beverly is a happy man. The gold watch stolen from him last week has been returned. The pressure of public opinion, circumstantial evidence, etc., was too strong for someone. The watch was placed on the ground near John's gate during the night and was found by him in the morning. No further enquiry will be made and the public is free to entertain its own opinions. The A.O.U.W., of Odessa, accompanied by visiting brethren marched to the Methodist church on Sunday evening and were addressed by their brother, the Rev. W. Limbert. The church was crowded. The Smith family, Trenton, gave a concert on Friday, last in the town hall. There was a fair attendance. The programme was of a musical character and did not give entire satisfaction to those inclined to be critical so far as music is concerned.

The township council met for the last session of 1892 on Thursday last. A large amount of business was transacted, the session lasting all day. The gentlemen composing the council will all seek re-election. The following gentlemen were appointed deputy returning officers: Ward No. 1, Hilliard, Mc. Fleming; No. 2, Storms, Conners, Robert Farley; No. 3, Odessa, H. Toomey; No. 4, Switzerville, P. E. R. Miller; No. 5, Wilton, Thomas Clyde.

T. K. Morley, principal of the public school, leaves for his home in Toronto on Friday. Mr. Morley is retiring from the principalship of his own accord. It is too bad that a teacher possessing the requisite qualifications of success cannot be retained, but as long as the salary is kept at the present low standard the school will have to suffer by removals. Mr. Morley is popular with all classes, Misses Doyle and Grant, assistant teachers, are also retiring, making a clean sweep of the school.

The barn and contents of Mrs. W. Addi, of the second concession, was burned to the ground on Tuesday morning. The boy was attending to the horses, and it is supposed that the fire was caused by the lantern igniting some loose hay or straw. It was insured in the London and Addington insurance company. A twelve year old son of Capt. Wright had a narrow escape from drowning Tuesday morning. He was skating across the second dam on his way to school, when the ice gave way at about the deepest place. Arthur Babcock noticing the accident in time ran with a ladder, which he thrust out enabling the lad to catch hold of it and be drawn out of the water. It was a close shave. The consensus of opinion in Ernestown, relative to the question of reconstructing the county council on a basis of fewer members, is favorable to the project. Fewer members, less talk and more work is what the people require.

Sunday next, being Christmas day, the offertory at St. Alban's church will be given for the personal use of the priest in charge of the mission. This is in accordance with a canon of the synod, and is a custom observed in nearly all the dioceses in Canada. Holy communion will be celebrated at 11 a.m. and there will be no evening service.

I use it in my own family and like it well. Can recommend it to all who are troubled with dandruff. Your truly, THOS. STEVENSON.

Phillipsville Paragraph.

PHILLIPSVILLE, Dec. 19.—Rev. G. S. White, Seeley's Bay, delivered one of his telling missionary sermons in the Methodist church on Sunday. The rev. gentleman was a pastor in this circuit a number of years. We understand that Reuben Haskin has bought H. C. Davison's residence, and that H. C. Davison is going to Dakota to live. If Uncle Sam sent an emigration agent to this country there would be no trouble to get emigrants to go and settle there.

Election matters are quiet. The Phillipsville cheese factory is still running and will make cheese until Christmas. H. Gilbert has purchased the Coleman estate and will take possession in March next. Tne merchants are getting ready for the Christmas trade. A wedding in the near future; about sixty guests are invited and great preparations are being made for the coming event. Thomas Kennedy has been confined to the house through illness, but is able to be around again.

Holloway's Pills.

The greatest wonder of modern times. They correct bile, prevent flatulency, cleanse the liver, and purify the system, renovate the debilitated, strengthen the stomach, increase the appetite, invigorate the nerves, promote health and reinstate the weak to an ardour of feeling never before expected. The sale of these pills throughout the globe astonishes everybody, convincing the most sceptical that there is no medicine equal to Holloway's Pills for removing the complaints which are incidental to the human race. They are indeed a blessing to the afflicted, and a boon to those who suffer from disorder, internal or external. Thousands of persons have testified that by their use alone they have been restored to health after other remedies had proved unsuccessful.

Selby Tea-Meeting.

SELBY, Dec. 20.—A most successful tea-meeting and entertainment was held in the town hall, on the 14th inst., in connection with St. John's church. The musical part of the programme was ably rendered by Mesdames A. Pringle and G. Crall, Misses Wagar and Pringle, and G. J. Wagar. W. N. Irish contributed readings to the delight of the audience, and the recitations by Misses Ida Sexsmith, F. Carscallen and E. Edgar were much appreciated. Rev. R. Atkinson, incumbent, presided, and the proceeds amounted to $30. The Rev. R. Atkinson preached and administered the holy communion at Thomasburg and Roslin, on Sunday last, to large congregations. Robert McFarland, a patient in the general hospital, Kingston, has been pronounced incurable.

THE KINGSTON MARKETS.

The Quotations as Gathered About the Square and Elsewhere.

KINGSTON, Dec. 20.—Tuesday's market was not as great a success as the citizens expected, owing to extremely mild weather, which held sufficiently the night previous, farmers who intended coming to the city postponed the visit until more favorable weather. As the weather is mild on Saturday a great market, the greatest of the year, will be held.

Owing to a limited market on Tuesday, as far as exhibitions were concerned, the prices for fowls were very high: Chickens, 60c per pair; ducks, 85c to 90c per pair; turkeys, 65c to $2; geese, 65c to 75c each; wild ducks, 30c to 60c per pair.

Eggs, scarce, 25c to 25c per dozen. Butter, 18c to 20c per lb.; rub, 16c to 17c per lb.

Cabbage, 25c to 50c per dozen; squash, 10c to 20c each; beets, carrots, parsnips, turnips, 40c per bag; potatoes, 90c to $1 per bag; celery, 40c to 50c per dozen; vegetable marrow, 5c to 15c each; red cabbage, 6c to 10c per head.

Canadian grapes, 8c to 10c per lb; winter apples, $2 to $2.50; fall apples, per barrel, $1.50.

Whole pigs, 7c to 7½c per lb; quarters, 7c to 8c per lb; lamb, 6c to 7c per lb by the quarter; in shops, 6c to 10c per lb; beef by carcass, 3c to 4c, and from 5c to 12½c per lb; live lambs, $2.50 to $3 apiece; mutton, 5c per lb.

Wool, 16c to 17c per lb; tallow, 5c per lb; veal, 4c to 6c; lambskins and sheep pelts, 75c to 95c; hides, 3c to 4c and 5c.

Bran advanced $1 per ton during the week and is now quoted at $14 per ton; Bakers' flour, $2 10 to $2 15 per cwt.; family flour, $2 40 to $2 45; cornmeal, $1 50 to $1 80 per cwt; chops, $2 per ton.

Grain dealers had nothing to say of the market to-day. Things were shaky and quotations are: Peas, 54c to 55c; rye, 43c to 45c; 25c to 26c; buckwheat, 92c; wheat, 60c.

The same prices are being paid for hay this week, viz, $3.50 for good mixed timothy and clover in the barn; shipped hay, $7 75 on the cars, pressed.

Quotations for wood are: Long hard wood, $5; cut, $5 50; cut and split, $6; slabs, $3; soft wood, $3 50; coal, $6 per ton.

Markets Elsewhere.

MONTREAL, Dec. 20.—There was a large supply of inferior cattle and trade was not as good as the week previous in consequence, and only a number were left over. The supply of live hogs continues light, prices firm with good demand, closing about 6¼. Ready sales for lambs and calves of good quality. We quote: Cattle, butchers' good, per lb, 3½c to 4c; cattle, butchers' medium, per lb, 2½c to 3½c; cattle, butchers' culls, per lb, 2c; sheep and lambs, 4½; hogs, per lb., 6c; calves, each, $3 to $7.

TORONTO, Dec. 20.—Beans, per bushel, out of store, $1 30 to $1 35. Dressed meats per lb.; beef, fores, 4c to 5c, hinds, 7c to 8½; veal, 6½c to 8c; mutton, 5½c to 6c; lamb, 7c to 8½c. Dried apples, jobbing at 4½, 4½. Eggs, fresh, 18c to 18½; limed, 14½ to 15½. Hay, timothy, on track, new, $9. Straw, $5 50 to $6. Hides, cured, 5½ to 5½c; green, No. 1 cows, 4½c. Skins, sheepskins, 95c, calf, 5c to 7c. Hops, Canadian 1892 crop, 18c to 20c; yearlings, 12c to 15c. Honey, extracted, 8c to 10c; comb, 12c to 13c. Potatoes, per bag, out of store, 75c to 80c; on track, 70c per bag. Poultry, chickens, per pair, 30c to 45c; geese, per lb., 6c to 7½c; ducks, per pair, 50c to 80c; turkeys, 10c to 11c per lb. Butter, good to choice, selected dairy, nos. 16c to 18c; medium do, 13c to 15c; large rolls, good to choice, 16c to 17c; medium do, 13c to 14c; creamery, in tubs and crocks, 24c to 25c. Cheese, choice, colored jobbing at 11c to 11½c.

Words of a Doctor.

"You asked me a few months ago for an opinion regarding Harvard Bronchial Syrup. My reason for not replying sooner is that I wished to thoroughly test the remedy, so as to be in a position to give an opinion that would be of some value to yourselves and the public in general.

"I have had occasion to prescribe it and have carefully observed its effect, and have no hesitation in pronouncing it to be a most excellent preparation—perhaps the best now on the market. I am much pleased with its grateful and soothing qualities, as well as its very prompt action."

This recommendation and approval coming from one of our best Canadian physicians should carry much weight. Scores of doctors are daily prescribing this valuable cough preparation owing to its many good qualities. Harvard Bronchial Syrup cures every time. There are no failures when it is used to banish coughs, colds, hoarseness and throat irritation. Procure one of the large 25c bottles at once if you need an unfailing remedy.

Westport Whispers.

WESTPORT, Dec 20.—Good sleighing; business brisk. The council met on the 15th to finish up the business for this year. Miss Doyle, teacher in the male department of the convent school, has sent in her resignation. Noah Whitmarsh is buying a car load of milch cows for which he is paying good prices. Mrs W. H. Whelan was seriously ill last week but is getting well once more. William Young, ill for some time, is gaining slowly. W. J. Ryan, Kenton, is getting the interior of his brick house here finished; John Cowley is overseeing the work. Ethel Reynolds, of Ottawa college, has arrived home. Turkey fair passed off very pleasantly. About two tons of fowl were bought and shipped to Boston. Prices were from 8c to 9c for turkeys; from 5c to 7c for geese. Peter Rooney sold his black team to Mr. Hughes, Bathurst, for $150. W. McGuire was in Montreal last week on business in connection with the C.P.R.

Six Doctors

Miss C. A. J. Vernon, 8 Homer St., Tuxtoth Park, London, Eng., was treated for more than a year, unsuccessfully, by six doctors, for intense neuralgic pains in the head. She had been given up as a hopeless invalid. In this extremity she was induced to try St. Jacobs Oil. The pain entirely disappeared before she had used the contents of a bottle. Half the contents of a bottle has cured many.

Pine Grove Cheese Factory.

Pine Grove cheese factory has settled its accounts for the season and still retains its reputation as the leading factory in the locality. The sum of $16 30 was the average price per ton realized by its patrons after the manufacturers had been paid for making. It took 10 lbs 6¼ oz. of milk to make a pound of cheese and all the cheese was of first quality and much in demand by buyers. Joseph Helferty made $744 50 from seventeen cows while John McKendry made $334 50 from eight cows, or $41 80 per cow.

Excursions To Coast.

Take the Bay of Quinte and Canadian Pacific Railways new short line to Peterboro, Toronto and all points west. One way excursions to Pacific Coast on Dec. 2nd, 9th, 16th, 23rd and 30th in tourist sleeping cars. R. J. Wilson, ticket agent, C. P. R. Company's Telegraph Office, Clarence-st.

Mr. Robert W. Benoir

An Exempt Fireman of Jackson Engine Co., Long Island City, N. Y., says that at Christmas, 1890, he could only take a small of dinner, as he was in a fearful condition from Dyspepsia. The next summer he went to Europe for his health, but came home unrested. In the fall he decided upon a thorough trial of

Hood's Sarsaparilla

And by Christmas had a hearty appetite, healthy digestion, and was pronounced well. His cure was due wholly to Hood's Sarsaparilla.
