Have You Played Tiddleywinks?

The game of Tiddleywinks or "Flips" has
just come into popularity more rapidly perhaps
than any other game ever brought out. It has
been known for some time now, and is
now known everywhere throughout Eng-
land, United States and Canada. It is extremely
amusing and interesting, and after being played a short time
comes a really fascinating game of skill. It can
be played in pairs, or in a single player, and makes a splendid progressive game for a large party. The price complete is only 50c.
