WOILLD WIDE TEMPTATION. Ever since apples and grapes and wheat grew the world has been tempted to unhealthful stimulants. But the intoxicants of the olden time were an innocent beverage, a harmless orangeade, a quiet sirup, a peaceful sods water as compared with the liquids of modern inebriation, into which a madness, and a fury, and a gloom, and a fire, and a suicide, and a retribution have mixed Fermentation was always years after Christ that distillation was invented. the bad eminence of whisky and rum and gin. The modern drunk is a hundred for worse than the ancient drunk. Noah in his intoxication became imbecile, but the victims of modern alcoholism have struggle with whole menageries of wild beasts, and jungles of hissing serpents, and perditions of blaspheming demons. An arch fiend arrived in our world, and

Then he gathered for it a distillation from the harvest fields and the orchards of the hemispheres. Then he poured into this caldron capsicum and copperas and logwood and deadly nightshade and assault and battery and vitriol and opium and rum and murder and sulphuric acid and theft and potash and cochineal and red carrots and poverty and death and hops. But it was a dry compound and it must be moistened, and must be liquefied, and so the arch flend uries of orphanage and widowhood, and he poured in the blood of twenty thousand And then the arch flend took a shovel
