spets now largely concealed from the public eye, and which would lose nothing in value the possessers. Let them be seen and let the march of improvements take in all that can add to the city's adornment. We have no right to dictate what should be done with private property, but with government land for the building they occupy. Request the case is different. It can be opened up and beautified, and there should not be any hesitation in trying to meet public opinion. The oustom house and poet office commending the payment of the following occupy, at the corners, a stretch of land which is enclosed by fences which the people M. T. Co., \$7.81; J. W. Peterson & Co., would like to see removed. There is a lot of space between the two institutions which should be charming to look upon, and the attractiveness of which would in no wise be interfered with by the removal of the leace. Granted that at some time, in the near or remote future, an examining warehouse will be erected about the middle of tivation of lawn and shrubbery, a glimpse of which ought to be exhilerating. Away with \$15; Mrs. Leadbeater, \$9; Breck & Booth, \$3; W. Jackson, \$2.50, H. SEEKING A CHARTER. A crisis has been reached apparently in the Eistory of the benevolent societies that demand special favor on the ground that, in the way of endowment insurance, they are promising extraordinary things. A couple | Kingston News, \$45.85; McMahon brothers of these societies obtained incorporation | \$16; pay list, \$335 57.

The reports were adopted. Ald. Polson objected to the purchasing supplies for the city in small lots, and r sended that the chairman of the con that which they have followed. Called to The mayor said the goods were bought

Ald. Hardy said the supplies would hav be purchased at low rates. an expensive undertaking, but one that Ald, Gaskin believed that if they bought seemed to promise them funmunity from large quantities of supplies at the beginning of the year they would be got cheaper than trouble from the provincial authorities. The

they have been got in the past. Ald. Hardy said the printing committee would report accordingly.

The report of the committee on streets and was called upon to answer many questions Ald. Elliott desired to know the cause of the summoned all the force and influence they | months. Ald. Polson referred to she dis-Division street leading to St. Mary's come-

> was that the work was started in the winter time and the clay was consequently hard to

Ald. Rees said a by law should be passed compelling people to place boulevards inside the boardwalks on all streets except business thoroughfares. If people desired to put walks inside the boulevards they should

fill them in. He referred to the extension sion of Sydenham street and said the city solicitor had advised that the council was solicitor had advised that the council was not liable in any way in connection with the street. The alderman said the principle of improving any man's property and making the people pay for it was wrong. It would not be right to extend Sydenham street, at the expense of the people, and not call upon the property owners in the vicinity to pay for the improvements.

Ald, Polson said to believed Sydenham street should be extended in a fair way. The city should hear a small proportion of the cost of opening the street. The property imme-diately improved and the property remotely benefited should also bear some of the expense of the extension. If a basis can be agreed upon he thought the improvement should be made. He asked on what plan South Bartlett street was to be opened.

Ald. Gaskin said South Bartlett street

was made to the anonymous letters which condition, financially, and did not embrace.

Opportunities for what? The language is the writers were cross-eyed and cranks. He said was not true.

tended to water King street opposite the breakwater. The chairman of the streets said no by law had been passed authorizing the watering of the street in question. The report of the streets committee was

serted and discovered, he may find it convenient to drop out of sight and undergo name process of partification. He needs it.

The Regins Leader, Mr. Davin's paper, in discussing his chances of a call to the government and wondering whether he would be The report was carried.

Ald. Dunlop presented the report of the cense committee, which was also adopted. The council adjourned at midnigh Sods water and accessories in town. Why, of course, he has. The finest fountain in

Wade's mandrake liver pills, sure cure for billiousness and coastipation, at Wade's weight over 2,000 pounds. In the upper end "Could you make a water color shetch of suspended by a 2% inch manilia rope. The me I" saked Mr. Soaker. "All but the drill is raised about three feet for a stroke, The hole is 8 inches in diameter at the start

and the drill chops its way down as far as possible sometimes from 100 to 200 feet; gress by caving, it is necessary to case the hole with sections or iron tubing, having an neide diameter of 5% inches, which are screwed together and driven down to the bottom of the hole. Then a smaller drill, fitting the inside of the casing, is again set to work as long as possible. When again obliged to stop, the easing is withdrawn and a "reamer" or widening tool is put down and the lower por-tion of the whole is enlarged to 8 inches. Then the casing is again put down to the bottom. In this way the work progresses un-

til the desired depth is reached The drill is made with horizontal notches throughout the entire length, as it often haphole. In such cases a "grab book" is slipped over the end of the broken piece, and in this

my the "sand pump," which is used to clean, this the sand and pulverised rock from the hole, is simply a tube 30 feet, long, and 5 inches in ball 414 inches in diameter. This tube is let down and when filled is drawn out. The and pump is used about every. five feet, and sample of the rock out is put into bottles, numbered and labled with number of feet and character of rock,-8. A. Felter in Indiana

THOMAS F. BAYARD.

Graceful Tribute Which Makes Mim the Typical American Gentleman. In an informal talk on "Social Life Washington," ex-Postmaster General Dickinson paid a graceful tribute to his former Cabinet associate, Thomas F. Bayard, He

The typical American gentleman, as drawn from life, is a familiar figure at your He may come of a long and distinguished lineage, but he does not vaunt it. He is a democrat in the broad sense; believes in his country and her future; is proud of her progress and feels a responsibility as a unit of the sovereign people, with a public duty to

He is a man of wide learning and information, and his reflective mind makes constant use of its treasures of knowledge; they are not permitted to mold or to rust. A man of the world, and a student of mankind, his charity for the foibles and sine of humanity is broad and his judgments gentle. Never arrogant, censorious or intolerant in

his opinions, while differing from him, and sends him away in a spirit of reflection rather To borrow his own anotherm, he never mistakes rudeness for courage, or violence

discussion, he wins an opponent by respecting

He clothes his ideas in garments of apt expression, felicitious, beautiful, and always Angle-Saxon. There is nothing of the pedant about him. His diction is pure like his heart, and is unmarred by profanity or He is deferential to all women. An unconscious dignity freezes imperti-

sence, and closes the mouth of vulgarity, while his gentle manners and winning conntenance give confidence to the embarrassed and loosen the tongue of the modest or the timid. He cares nothing for mere rank in his intercourse with manly men-with true American manhood-and you feel at once, as he grasps your hand and greets you, that with The rank is but the guinea's stamp. The man's the gold for a' that.

To enter his home, to partake of his hospiality in the place where he lives, is a privilege and delight. At the head of his table his genial grace, "the mind, the music breaking from his face" warm and move the heart seen any gentlemen attending to such things, of every guest, who thus influenced, uncon-This man, by healthful exercise, keeps his

mind. His physique is athletic and vigor-

A scholar, a statesman, an American genleman, this figure is not merely an ideal one, and I personify the type, with which my description must but poorly impress your minds, when I name Thomas F. Bayard. The Usual Way.

The usual way is to Leglect bad blood until colla, blotches and wores make its presence Bitters. Its purifying power is unrivalled

If you wish to obtain quiet, retreshing sleep, free from 'headache relief from pain and anguish to calm and assuage the weary achings of protracted disease in vigorating the nervous media, and regulating the circulating systems of the body, you will provide yourself w. h. that marvellous remedy discovered by Dr. J. Cullis Browns date Army Medical Staff) to which he gave the name of CHLORODYNE, and which is admitted by the profession to be the most wonderful and valuable remedy ever discovered.

CHLORODYNE is the best remedy known for Coughs, Consumption, Bronchitis and Asth

CHLORODYNE is the only palliative in Neuralgia, Rheumatism, Goat, Cancer, Toothacks Meningitis, &c.

From Symmes & Co., Pharmaceutical Chepubia, Medical mall, Simia, Jan. 5, 1899. To J.T. Davenport, Eng., 33 Great Russell Street, Bicomebury, London. Dear Sir.—We embrace this opportunity of congratulating you upon the wide spread reputation this justly estagated aneddine, Dr. J. Coltis Browne's Chlorodyne, has carned for itself, not only in Hindostan, but all over the East. As a remedy of general utility we must question whether a better is imported into the country, and we shall be glad to hear of its finding a place in every Angio Indian home. The other brands, we are happy to say, are now relegated to the native balaars, and Judging from their cale, we fancy that their sojourn there will be but evanoscent. We could multiply instances 'ad infinitum' of the extraordinary efficacy of Dr. Collis Browne's Chlorodyne in Diarrhosa and Dysentery, Spasus, Cramps, Neuralgia, the Vomitting of Fregnancy, and as a general selative, that have occurred under our personal observation during many years. In Cholera, Diarrhosa, and gven in the more terrible form a f. Cholera itself, we have witnessed its surprisingly controlling power. We have never used any other form of this medicine than Collis Browne's, from a firm conviction that it is decidedly the best, and also from a sense of duty weaveto the profession and the public, as we are of the opinion that the substitution of a fany other than Collis Browne's is a DELIBERATE BRACKET WATTON THE CHEMISE, TO PERGERBER AND FATHERY ALEE, We are, Sir, faithfully yours, Symes & Oo. mittee on printing purchase supplies in to be got all at the one time if they were to

THE OTHER BUSINESS. improvements was read and the chairman Ald. Swift wanted some information relative to the extension of Sydenham street. delay in the construction of a drain on this appeal to the commons, and they have Division street. It had been opened nine

means the beginning or end of a species of Aid. McIntyre explained that the cause speculation for which the working classes of the delay in the building of the drain on (those mostly affected) are not prepared and Division street was in consequence of the against the ruinous consequences of which they will not be warned. Supposing the benevolent societies of mushroom growth—

Supposing the part of the contractors being unable to carry on the work expeditiously. They were men without capital and not able to employ large gangs of men. Another cause of the delay

> Ald. Polson asked if the city had to fill in the boulevards or was it the duty of the people to do it.
>
> Ald. Gaskin said the people who placed the boardwalks outside the boalevards must

would be opened up according to the local improvement scheme. The Sydenham street extension will be discussed at a special sosion of the streets committee and a full report will be submitted later. A reference
