MAIDSTONE MAIDEN

MYSTERIOUSLY DISAPPEARS FROM HER PARENTS' RESIDENCE,

And Although Thut Was On Saturday She Has Not Been Seen Since-The Maggie McVey Mestery Recalled-Her Personal Appearance,

Windson, Sept. 2.—The residents of Maidetone township, in the vicinity of Elmstead station on the C. P. R. are very much excited over the mysterious disappearance of Susan Kerr, daughter of William Kerr, lot 13 on the 8th concession, who retired as usual on Friday night and when Saturday morning came had disappeared as myster-ious and effectually as though swallowed up by the earth.

The young lady occupied a bed with her sister. The two retired together and Susan Searching parties have scoured the woods and the surrounding country for miles without finding any trace or informa-tion of her whereabouts. Her disappearance recalls that of Maggie McVey, who left the house of her father, John Mc-Vey, in Yarmouth, Elgin county, one even-ing in November, 1878, to drive home the cows from a neighboring field, and of whose whereabouts no trace has ever been discovered, although rewards, government, county and private, aggregating \$2500 vere of-fered for her body, dead or alive. Miss Kerr is 23 years of age, has light curly hair, rather short, had on light brown

dress with black trimmings, man's coarse straw hat with red band and wide rim, light red woolen stockings without shoes, is about 5 feet 4 or 5 inches in height, of medium build, weighing about 115 pounds.

Including the first mate and chief engineer, were never seen after the ship capsized, and were either killed in the wreckage or carried down by the suction. Capt. McMarran says the hurricane was of only a few hours' duration, but raged with great fury while it lasted. The Dunmurry great fury while it lasted. The Dunmurry panions then killed Balmaceda's companion, was a new ship on her third voyage. The survivors were semi-naked and penniless. From China to England in 21 Days,

MONTREAL, Sept. 2.—The Canadian Paci-fic Railway's fast mail train which left Vancouver Saturday last at 1 p.m. on the arrival of the Canadian Pacific Railway's steamship Empress of Japan with the China and Japan mails reached Brockville at 9.03 last evening, having made the run in 76 hours, allowing for three hours lost by changes in time. A special left Morristown over the cold be tried to Andes. New York Central at 9.45 p.m., which will probably reach New York at 4.30 Wednesday morning, making the time from Vancouver to New York about 83 hours and from Yoko-hama to New York a trifle less than 13 days. If the mails catch the Inman Liner steamship City of New York, which sails at 5, they should reach London Wednesday, Sept. 9, making the time from Yokohama to London via the C. P. Railway and New York, just 21 days. The special train on the C. P. R. was delayed about three hours by hot boxes, otherwise the connection with the City of New York would have been made with ease; as it is it may be missed by an hour. In that event the mails will go by the Hamburg, American steamship Columbia, sailing at 6 a.m. Thursday.

North Waterloo Election Petition, TORONTO, Sept. 2.—At Osgoode Hall yes-terday, in the matter of the North Waterloo Dominion election Mr. Justice MacMahon delivered judgment on the motion to dis-miss the petition which was argued some-time before vacation. The motion it will be remembered was to set aside the petition on preliminary objections, the principal of which was that the petitioner, Conrad Knell, was an alien and not entitled to vote therebut your pocket-book and go fore not to file a petition. At the same time it was asked that if the petition was found bad, on this ground, that a new petitioner might be substituted. His Lordship holds that the petition, as it now stands, is bad and must be set aside. The order made was that the matter stand for three weeks, and if by that time no new petitioner asks to be substitut-ed in the stead of the present one the petition be dismissed with costs, but if a peti-tioner comes forward and asks to be substituted he may be so substituted.

OTTAWA, Sept. 2.—The Public Accounts committee had large audience again yesterday when it resumed the enquiry into the Printing Bureau scandal. Men from Toron-to were there in force, but the proceedings were comparatively tame. Geo. Blackhall, who has a machine she n Toronto, told the committee how he sold in Toronto, told the committee how he sold \$18,000 worth of machinery to the Government since opening of 1890. Of that amount \$8,291 had been for his machinery, and \$10-000 for the goods of Hickok & Co., Harrisburg, Pa., for whom he was agent. The negotiations were carried on through Senecal, who frequently got money, in all about \$2,000. Senecal suggested that the commission he divided up. The first money he gave Senecal was a \$1,400 cheque on the Standard Bank, Toronto; the last payment was three months ago, \$40. Before dealing he understood that it was necessary to "grease" Mr. Senecal.

A report reached this city to-day from Santiago that Balmaceda, ex-director of Chill, he had also put in another engine for running ing to effect his escape. According to the story Balmaceda left Santiago on Saturday night before the rioting commenced. He took his family with him and a large amount to the works and spoke of the Polson's contract. > A Blackened Waste of 100 Square Miles. Stoux Falls, S. D., Sept. 2.—One thou-sandsquare miles of rich farming land in Faulk county, 200 miles northwest of here, are black with smouldering ashes, and hundreds of thousands of bushels of grain and tons of hay have gone up in smoke. The fire was the worst ever known in Dakota. A spark from a steam threshing machine near Faulk-ton ignited the dry stubble and in a short time the flames had spread over a stretch of 20 miles wide and were rushing over the farm houses standing on the open praire were swept away with their outlying buildings. The burned districts cover an area 20 miles by 50, and in all that territory there is not a tree or a hay stack or a herd of cattle which escaped. So far no loss of life is reported, but at least 1000 persons are homeless and the loss of property is incal-

CHEVENNE, N. Y., Sept. 2.-Melborn's rain-making has been crowned with success. At 2.39 this afternoon a storm suddenly

broke forth contrary to all expectations, and two hours later there was heavy rain in accordance with Melborne's predictions. The rainfall extended over a radius 15 to 20 miles around the city and the official measurement was one-half inch. ENGLAND MUST MOVE.

Russia and the Dardanelles-Germany LONDON, Sept. 2.—The Standard suggests that the Sultan's action in regard to Russia and the Dardanelles may be due to pique and irritation at England's refusal to reopen the Egyptian question. It says:-English ambassador has not been received at the Yildiz kiosk. It is for the powers to consider what course to adopt to enforce the | month observance of existing treaties. Clearly the straits must be either closed to all nations r open to all nations. England cannot alone champion the rights of the powers."

Berlin, Sept. 2. - The National Gazette argues that the initiative in the Dardanelles matter falls upon England and says: It would be exceedingly bitter irony of fate if immediately after the Portsmouth reception England should be compelled by Russia, France's ally, to defend her interests. LONDON, Sept. 2. The Austrian and German newspapers continue their excited discussion of the Dardanelles queston, while they profess not to believe the report that Turkey has yielded to Russia. They declare that if the report is true it might induce the most terrible complications for all

Leo's Birthday. DANTSIC, Sept. 2. - At the conference here vesterday of 800 delegates from various German Catholic societies, it was decided to promote an International Catholic Congress, the object of which would be to discuss the restoration of the Pope's temporal power. It was also decided to take steps to commemorate the Pope's birthday, March 2, by the erection of a monument at Meppen, Hanover, to the memory of the late Dr. Ludwig Windthorst, formerly leader of the Centre party in the Reichstag, and the recognized head of the Roman Catholic party in Ger-

A Mint Engraver Dead. LONDON, Sept. 2. - Mr. Leomard C. Wigan, engraver to the Royal Mint, is dead. He was the most famous engraver in England. He designed the present British bronze coinage, the Australian, New Granadian and Canadian coinage, and also that of Cyprus, the United States of Columbia, the Straits Settlements, Jamaica, Uruguay, Hong Kong, Japan, Peru, New Foundland, and the present coinage of British India, and any number of war and other medala.

NORTH BAY, Sept. 2 -Aman named Thomas Emson, an employe of the C. P. R., was Sturgeon Falls and Coche Bay, about 23 miles west of here. He left Sturgeon Falls on a velocipede about 12.30 p.m. and was run into by No. 4 express coming east shortly afterwards. His head, both feet and one hand were severed from the body.

An Immense Parade. QUEREC, Sept. 2. - Labor day witnessed yesterday the largest public demonstration ever witnessed in Quebec. It is estimated that 15,000 took part in the procession that morning, which assembled in St. Sauveur and marched through the streets of lower town, upper town and the suburbs. It was over an hour passing a given point.

Unsuccessful Diving. BURLINGTON BEACH, Sept. 2 .- The Toron te diver has been at work all day looking having reduced to minimum advantage for the body of fireman Crouch the other victim of Sunday night's awful accident on the Grand Trunk, but so far without suc cess. It is thought now that the body is held down by some of the wreckage. A Burns-Hearted Boy.
