Kingston, Ont., Sept. 5 .- A tew weeks ago the Free Methodists began a series of reival meetings in Sydenman and made many converts. Here they were aduressed by J. F. Frasier, a revivalist, who sallied into the prevailing mode of female dress and said women are born beautiful and die misshapen secause of the wearing of corects. Frasier is an earnest and powerful speaker and his words created great excitement among the women present. "Throw off the accursed invention!" he

This suggestion struck a responsive chord enthusiast piled up material for a bonfire and applied a match. It was a weird scene the dusky evening, the crowd of religious enthusiasts, quivering with excitement, surounding a fire which shot up long tongues

Her example was contagious and in less han half an hour not a woman in the crowd wore a corset, and nothing remained in the claze but a mass of grotesquely twisted corset steels, amid which the flames playfully lickered. The excitement was so great and the nervous strain so tense that several women grew faint, but they had burned their cornets and were happy. The free Methodists consider the revival a great success and talk of carrying the war into the States.
