Bob Sims, their prophet or leader, was

at the beginning only a wild fanatic, but

prosecution has turned him into a despe

rado, and now he is an outlaw and fugi

tive. His proper name is Robert McMil

ian, and he was boro in North Carolina in

1839. He served four years in the Confederate army and was ten months a prisoner at Camp Morton, Indiana. At the close of

the war he located in Choctaw county, Ala.,

developed a rude eloquence and began to

preach a new gospel, gaining in the course of time a hundred or more followers.

At first they were noncombatants, and were only laughed at, for if one was slap-

ped be obediently turned the other cheek.

A little later they got new light and pro-

The Simses refused to pay taxes, and thus

came into conflict with the local authori-

ties. Finally a mob drove them out of the

county, but they soon returned and lived

a few years in comparative peace. Bob then began to manufacture "moonshine

whisky," and the federal marshals got

after him. This culminated in a big fight.

Deputy Marshal W. B. Stribling had ar-rested Bob Sims and destroyed his still

and had him in custody at Bladon Springs.

That night Nell and Jim Sims, brothers of the outlaw, and Balley, his son, with

Bob Sims and destroyed his still.

5

ly wounding his guard, one Dalbrugh, and

killing Dr. A. B. Pugh, who had stopped to chat swhile with Bob. In less time

than it takes to tell it, the citizens were on

hand and with arms, for the rescue took

place early in the evening. Bob Sims got away, but Bailey was killed. A rapid ex-

change of shots resulted in the death of a

negro and the wounding of several citi-

hanged him. A mob had already warned

the Simsites to leave, and the whole sect-

into Mississippi. In a few hours the daugh-

officials to protect the Simsites in return-

circulating counterfeit money, and had

him under the proper tree, with the rope around his neck, but they made the mis-

take of letting him talk first. In ten min-

utes he had the whole crowd awed, if not

frightened. He said he was prepared to

die, but if hanged his spirit would haunt

every one of them, and he portrayed the

horrors of the "baunt" with such moving

followed. A few years ago Bob was a poor

think counterfeit money did it. His fam-

the son who was killed he has four daughters, all smart and two of them very pretty

Killed by Chloroform.

An English paper declares that the pres-

ent year has for some reason been un-

usually prolific in deaths from chloro

alone has been the scene of four or five

similar accidents since the beginning of

the year. Juries at coroners' inquesta

have in all cases returned formal verdicts

of death by misadventure, which under

the circumstances was all they could do.

"Nevertheless," says the paper, "the im-

pression is forced upon laymen who have

read the medical evidence given at these

inquiries that doctors are very much in

the dark respecting the action of chloro

form upon heart and tungs. It does not carry us far to say that death resulted

from syncope, for, in one sense or another, all death is due to syncope. The question to decide is whether chloroform acts first

upon the heart or upon some other organ. The Hyderbad commission, which investi

gated the matter with much labor, came

to the conclusion, if we remember rightly,

with appropriate remedies, to prevent fatal accidents."

John McLean, Sait Springs, Picton county. THE THREE AGES.

C'lldhood Boyhood or Girlhood, and Childhood embraces the first seven year

of life, and is characterized by the rapid growth and development of the organs of the body. At the age of seven a child weighe about six times as much as at its birth and it has attained one-half the stature, and and about one-third or one-fourth of the weight Boyhood or girlhood embraces the time

the elbow; fits the arm quite closely, but | age is characterized by the appearance of not counting the negro—two white men casily; comes down in a point over the killed on each side. Jim, however, might hand, the end of the point being just where growth of the brain, and by the first conhave lived, but the citizens were so enraged the dimples are. Toe age of youth extends from the begin-

ning of paherty to the complete develorwoman's arm, shows that which is usually | ment of sexuality, or from the fourteenth to about the twenty-first year of age. At this time the growth of the body is completed; young men and women become aware of their special duties of life and of the difference in the careers upon which they are respectively During the age of youth, parents should note with great care and attention the health

of their boys and girls. Structures are being completed and furnished for good or evilfor health or disease. While it is the duty of parents to fully develop the moral character of their sons and daughters, it is most essential that their physical condition be closely watched and guarded During the age of youth there is a tenency to overefudy and overwork both body and brain, which is sure to beget nervous sees, sleepleseness and irritability. There is always a growing desire to cram too many arudies and subjects in too short a space of time, causing tired, heavy brain, reetlessness, and feverish auxious thoughts. All these dreaded results bring on dyspepsia, indigestion, kidney and liver troubles.

During the critical period of youth, science has amply provided for such contingencies. trouble that may result from want of care or thought or by indiscretion. This friend of youth is Paine's Celery Compound, a true nerve and brain food; a builder of flesh. hone and muscle; a life-giver and true vitalizer. The most eminent physicians are recommending and prescribing it daily for our young men and women. Parents who fail to use Paine's Celery Compound for their children are unwise, and certainly boodless of their future physical well being.
