

BABY'S FACE WAS RAW

BABY'S FACE WAS RAW
Caused in One Month by
Cutters Necessity.
When our boy was six weeks old he had a rash
all over his face, and now he has a very bad
one. I do not know what it is, but it is very
bad, and it is getting worse every day. My
wife and I have tried everything we can think
of, but it got no better.

CUTICURA REMEDIES. I used
to try the CUTICURA
REMEDIES. I used
to try them, and now the boy
looks better. In one
month the rash is gone, and now he is three
years old and no longer has any rash. It is
now a good complexion. Every day I pray
that he will be well again. He is a good boy,
and his hands down so
that he could not
have done it himself.

CUTICURA REMEDIES. I would like to thank you for
recommending CUTICURA whenever I
call. I am pleased to see that my boy
is getting well again.
