Arrested For Abduction.

A despatch from Peterboro says: Monday Arthur M. Brock, of Kingston, was arrested while in town on a charge of abducting the infant child of John Green, barrister, Peterboro. Mr. and Mrs. Green have not lived together for some time, the latter living with her brother, Mr. Brock, in Kingston. It is charged that last August, while Mr. Green was absent from town, Brock abducted the infant child, which was living with the father, and took it to the mother in Kingston. This morning Mr. Brock was arraigned in the police court, and owing to the absence of witnesses the hearing was postponed till Thursday, the accused being released on his own recognizance.

AN ALL NIGHT SERVICE.

KINGSTON BOUND TO KEEP PACE WITH OTHER CITIES.

The City Council did a Wise Act Last Night in Passing the Agreement to Light the City all Night—The Company Will Begin the Service at Once—A Quiet Session, the First in the Year.

A regular meeting of the city council was held last night. Present: Mayor Drennan; Alds. Carson, Cliff, Herald, Muckleston, McIntyre, McLeod, Poison, Ross, Skinner, Swift, Wright, Gaskin, McCammon, Dunlop, Stacey, Martin, Elliott, Hardy, Wilson and Livingston.

Moved by Ald. Swift, seconded by Ald. McIntyre, that request be granted.—Carried.

PRESENTING REPORTS.

Ald. Poison presented the report of the committee on finance and accounts recommending the payment of the following accounts: Thomas Coyle, asphalt walk, $41.93; Chown & Cunningham Co., castings, etc., $56.15; Canadian Granite Co., granolithic walk, $23; Rathbun Co., sundries, $32.53; Anthony Skelton, stone account, $21.20; McMahon Bros., sundries, $46.86; general pay roll ending Oct. 28th, $510.18; John Corbett, sundries, $1.55; cabmen and carters account to Oct. 10th, $2.75; M. E. Clark, services as auditor for 1890, $60; A. McArthur, do, $60.

Ald. Gaskin presented the report of the committee on streets, recommending construction of a drain on Dufferin street.

The mayor, Alds. Gaskin, Elliott, Poison and McLeod spoke in favor of the report.

Moved by Ald. Hardy, seconded by Ald. Elliott, that the streets report be amended by striking out that clause relating to the local improvement drain until the matter was carefully looked into and reported on at next meeting of this council. Lost by a vote of 10 to 5.

Ald. McCammon submitted the report of the committee on fire, water and light, which recommended that the electric lights be kept burning the entire night, this arrangement to come into effect on Jan. 1st.

Ald. Rees thought the new arrangement should be put into effect at once. There was no reason that the city should be kept in darkness until the first of January. The light was needed immediately. He would move that the date be changed to Dec. 1st.

Ald. Poison contended the people were satisfied to have this additional expense come upon the city at the first of January. He thought Mr. Folger was a good-hearted kind of a man and perhaps would furnish extra light during December, gratis to the city.

Mr. Folger, who had been an interested listener, said that if the company could get things in proper shape by December first they would "throw in" the month.

This seemed to tickle the aldermen and not a complaint was heard.

Ald. Poison said the electric lighting at the present was costing a great deal of money. The council could not expect to satisfy every part of the city. They must view the question in a general aspect and decide on matters as a whole. He thought the council in accepting the recommendation of the committee would not be doing its duty and thought instead that expenses would be added.

Ald. Gaskin differed with Ald. Poison. The people pay for these eighty-seven lights and he claimed that all citizens should have a portion of them. He believed the report was drawn up with great care. He thought the city should have an agreement with the company to the effect that if such a thing ever became necessary, the wires could be laid under ground.

Ald. Wilson—"This is only a five year lease."

Ald. Gaskin—"Where will you be five years from now?"

Ald. Wilson—"Right here, sir, but it's hard to tell where you will be."

Ald. McIntyre said he was not altogether in favor of the all night service. He thought the council should lay this matter over for a fortnight for consideration.

Ald. Herald said there was a light on every corner on Clergy street.

Ald. McCammon explained that this was due to the numerous churches in that quarter.

Ald. McIntyre thought the report of the committee should be printed.

The report of the fire, water and light committee was adopted.

At this juncture the members began to leave their places and the mayor was obliged to read the council rules, which laid down that the aldermen were not allowed to leave the chamber until the meeting was dismissed.

It was then moved that Thursday, Nov. 12th, be proclaimed a public holiday, the event being the celebration of Thanksgiving.—Carried.

It was then resolved that the finance committee be requested to report at the next meeting of the council.

The council adjourned at 10:15 o'clock.

CITY AND VICINITY.

Caught at Last.

James Evan and Michael Doherty shot a fox at Tuttle's Hill, near the G.T.R. junction. It had been killing the farmers chickens and was a great pest in the neighborhood.

He is Very Low.

Patrick Lawless, injured a few days ago by a falling stove, is in a very precarious condition. The injury has effected his brain, causing congestion, and his recovery is doubtful.

A Cold Bath.

The mate of the sloop Lia while standing on the dock, this morning, was struck by the boom and knocked overboard. After struggling for some time in the water he gained terra firma in an exhausted condition.

Married in Detroit.

Last Wednesday Miss Mary Westlake, formerly of this city, was married in Detroit to B. H. Morwood, only son of Rev. Mr. Morwood, of Berlin, Ill. The newly married couple left the same evening for their future home in Chicago.

At Hymen's Altar.

A happy event occurred at St. Mary's cathedral, at four o'clock yesterday morning, being the marriage of Miss Minnie Burns, of Barriefield, and D. Millen, of this city. The couple left on their honeymoon to New York per str. Maud shortly after the ceremony.

A Quiet Wedding.

A quiet wedding occurred in St. Mary's cathedral at ten o'clock this morning, being the marriage of Miss Nellie Lawless to Richard F. James, both of Kingston. Miss Kate Lawless assisted the bride, while T. J. James acted as groomsman. The bride was the recipient of numerous presents.

A Runaway Accident.

Wm. Burns, Sooley's Bay, met with a runaway accident on Sunday afternoon. His horse became frightened at an object on the road and threw him out of the rig, and dashed down the road at a break-neck speed, smashing the top of the buggy. The horse was stopped at Folger's farm.

A Perilous Undertaking.

Ald. Turcott and Joseph Doyle are putting a twelve-foot gilded cross on the tower of St. Mary's cathedral. Great difficulty is being experienced, as it is very dangerous work, and the carpenters display unusual skill in the erection. The frame work on the inside of the pinnacles will be covered with green slate.

A Fatal Accident.

Wm. Jarman, Marmora, after leaving Belleville a week ago, was upset from a waggon. Two of the wheels passed over his legs breaking them. Some of the contents of the load fell on him pressing him to the ground. He remained in that position for eight hours. When found he was still alive but died shortly afterwards.

Kingston Post Office.

During the year ending 31st October the registered letters handled in the Kingston post office were: Mailed at Kingston, 18,776; letters passing through, 20,963; letters delivered at Kingston, 30,600. The great benefit of the registration system is exhibited by the fact that not a single registered letter was lost during the year.

Coming With Wigs, Bangs, Etc.

On Thursday, Nov. 12th, Prof. Dorenwend, of Toronto, will be at the British American hotel with samples of his celebrated ladies' and gents' wigs, toupees, switches, bangs and other hair goods. As his goods are the best in America every one in want of new style should call and leave an order early. Remember only one day, Nov. 12th.

Fined at Portsmouth.

Court was held in Mr. Shorts' hotel, by D. J. Walker, J.P., on Nov. 2nd. The government milk inspector prosecuted Messrs. Smith, Devana and Hyland for adulterating milk before sending it to the factory. Devana and Smith pleaded guilty and were fined $40 and cost each. Hyland was fined $50 and costs, the J. P. saying he was sorry he could not fine him $100 and six months in jail.

Horse Races for Next Year.

P. McLaughlin has proposed to local sports the advisability of a big meet in Kingston the 1st week in June next. Mr. McLaughlin suggests that a $3,000 prize list be offered to be divided as follows: $200 purse for two-year-old trotters and pacers; $300 for three-year-old trotters and pacers and $300 for four-year-olds. The balance of the purse ($2,200) to be offered in running races. Only dominion bred horses should be allowed to enter.

Police Court—Tuesday.

Mary McMullen, drunk, said she had been a cook on a vessel and had just received her discharge. She promised to do better and the magistrate reserved sentence.

The case adjourned from Saturday for disturbance on the street was speedily closed. The defendants pleaded guilty and the magistrate inflicted a fine of $20 and costs on each.

A citizen, for infraction of the public health act, was dismissed.

The Cheese Markets.

The market is a waiting one at present, but both buyers and sellers are sanguine of almost immediate resumption of trade. It seems to be narrowing down to a question of which side can hold out the longest. Can the Britons exist longer without Canadian cheese than the merchants can without the ever-welcome British coin? The English markets are slow, but are gradually moving up, and so far are encouraging to holders. At Ogdensburg, N.Y., Oct. 31st, thirty-one hundred boxes cheese were offered; 500 sold at 9½c.

The Hotel Arrivals.

Arrivals at the British American hotel—W. J. Osborne, Rochester, N.Y.; G. M. Cutler, Boston; G. W. Gleason, Woodstock; H. A. Wilson, Hamilton; Alf. Haywood, Glasgow; S. C. Warner, F. D. Village of Portsmouth.

The Portsmouth council held their regular monthly session last evening. All the members present except Mr. Hurst. William McConnell, grocer, put in a claim for damage through a defective boardwalk, causing a bad bruise on one of his legs. The council laid the claim on the table for one month to make enquiries in the meantime. A resolution was carried that the tax collector report monthly the amount of taxes collected and that interest be charged on uncollected taxes from Jan. 1st, 1892. About $100 in small accounts were passed. Tenders were called for three boardwalks to the amount of $150. The council then adjourned until Monday the 9th inst.
